BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Meeting of the United States Manufacturing Council

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of an open meeting.

SUMMARY: The United States Manufacturing Council (Council) will hold an open meeting via teleconference on Wednesday, January 20, 2016. The Council was established in April 2004 to advise the Secretary of Commerce on matters relating to the U.S. manufacturing industry. The purpose of the meeting is for Council members to review and deliberate on a recommendation by the Innovation, Research and Development Subcommittee focused on the National Network for Manufacturing Innovation Institutes for Manufacturing Innovation. The final agenda will be posted on the Department of Commerce Web site for the Council at <http://www.trade.gov/manufacturingcouncil/>, at least one week in advance of the meeting.

DATES: Wednesday, January 20, 2016, 12:00 p.m.–1:00 p.m. The deadline for members of the public to register, including requests to make comments during the meeting and for auxiliary aids, or to submit written comments for dissemination prior to the meeting, is 5 p.m. EST on January 11, 2016.

ADDRESSES: The meeting will be held by conference call. The call-in number and passcode will be provided by email to registrants. Requests to register (including to speak or for auxiliary aids) and any written comments should be submitted to: U.S. Manufacturing Council, U.S. Department of Commerce, Room 4043, 1401 Constitution Avenue NW., Washington, DC 20230; email: archana.sahgal@trade.gov. Members of the public are encouraged to submit registration requests and written comments via email to ensure timely receipt.

FOR FURTHER INFORMATION CONTACT: Archana Sahgal, U.S. Manufacturing Council, Room 4043, 1401 Constitution Avenue NW., Washington, DC 20230, telephone: 202-482-4501, email: archana.sahgal@trade.gov.

SUPPLEMENTARY INFORMATION:

Background: The Council advises the Secretary of Commerce on matters relating to the U.S. manufacturing industry.

Public Participation: The meeting will be open to the public and will be accessible to people with disabilities. All guests are required to register in advance by the deadline identified under the **DATES** caption. Requests for auxiliary aids must be submitted by the registration deadline. Last minute requests will be accepted, but may be impossible to fill. There will be fifteen (15) minutes allotted for oral comments from members of the public joining the call. To accommodate as many speakers as possible, the time for public comments may be limited to three (3) minutes per person. Individuals wishing to reserve speaking time during the meeting must submit a request at the time of registration, as well as the name and address of the proposed speaker. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, the International Trade Administration may conduct a lottery to determine the speakers. Speakers are requested to submit a written copy of their prepared remarks by 5:00 p.m. on January 11, 2016, for inclusion in the meeting records and for circulation to the members of the U.S. Manufacturing Council.

In addition, any member of the public may submit pertinent written comments concerning the Council's affairs at any time before or after the meeting. Comments may be submitted to Archana Sahgal at the contact information indicated above. To be considered during the meeting, comments must be received no later than 5:00 p.m. EST on January 11, 2016, to ensure transmission to the Board prior to the meeting. Comments received after that date and time will be distributed to the members but may not be considered on the call. Copies of Council meeting minutes will be available within 90 days of the meeting.

Dated: December 11, 2015.

Tricia Van Orden,

Office of Advisory Committees and Industry Outreach, International Trade Administration.

Continuation of Antidumping Duty Order on Certain Cut-to-Length Carbon Steel Plate From the People's Republic of China and Continuation of Suspended Antidumping Duty Investigations on Certain Cut-to-Length Carbon Steel Plate From the Russian Federation and Ukraine

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the respective determinations by the Department of Commerce ("the Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty order on certain cut-to-length carbon steel plate ("CTL plate") from the People's Republic of China ("PRC"), and the termination of the suspension agreements and the underlying antidumping duty investigations on CTL plate from the Russian Federation ("Russia") and Ukraine (collectively, "the Agreements"), would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing this notice of continuation of the antidumping duty order on CTL plate from the PRC and continuation of the Agreements on CTL plate from Russia and Ukraine.

DATES: *Effective Date:* December 21, 2015.

FOR FURTHER INFORMATION CONTACT: Howard Smith (PRC), David Cordell (Russia) or Julie Santoboni (Ukraine), Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-5193, (202) 482-0408 or (202) 482-3063, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department initiated, and the ITC instituted, sunset reviews of the antidumping duty order on CTL plate from the PRC and the Agreements on CTL plate from Russia and Ukraine, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-year ("Sunset") Reviews*, 79 FR 59216 (October 1, 2014) and *Cut-To-Length Carbon Steel Plate From China, Russia, and Ukraine: Notice of Commission Determinations to Conduct Full Five-Year Reviews*, 80 FR 2443 (January 16, 2015).

As a result of its reviews, pursuant to sections 751(c) and 752 of the Act, the Department determined that revocation of the antidumping duty order on CTL plate from the PRC and termination of the Agreements on CTL plate from Russia and Ukraine would likely lead to a continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail, should the order and the Agreements be revoked or terminated, respectively. *See Certain Cut-to-Length Carbon Steel Plate From the People's Republic of China: Final Results of the Expedited Third Sunset Review of the Antidumping Duty Order*, 80 FR 6051 (February 4, 2015), *Certain Cut-to-Length Carbon Steel Plate from the Russian Federation and Ukraine: Final Results of the Expedited Third Sunset Reviews of the Suspension Agreements*, 80 FR 6052 (February 4, 2015).

On December 9, 2015, pursuant to section 751(c) of the Act, the ITC determined that revocation of the antidumping duty order on CTL plate from the PRC and termination of the Agreements on CTL plate from Russia and Ukraine would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. *See Cut-to-Length Carbon Steel Plate From China, Russia, and Ukraine*, 80 FR 76575 (December 9, 2015).

Therefore, pursuant to section 351.218(f)(4) of the Department's regulations, the Department is publishing this notice of the continuation of the antidumping duty order on CTL plate from the PRC and continuation of the Agreements on CTL plate from Russia and Ukraine.

Scope

The products covered under the antidumping duty order and the Agreements are hot-rolled iron and non-alloy steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm but not exceeding 1250 mm and of a thickness of not less than 4 mm, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain iron and non-alloy steel flat-rolled products not in coils, of rectangular shape, hot-rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 mm or more in thickness and of a width which exceeds 150 mm and measures at least

twice the thickness. Included as subject merchandise in this order and these Agreements are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling")—for example, products which have been bevelled or rounded at the edges. This merchandise is currently classified in the Harmonized Tariff Schedule of the United States ("HTSUS") under item numbers 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, 7212.50.0000. Excluded from the subject merchandise within the scope of this order and these Agreements is grade X-70 plate. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the order and the Agreements is dispositive.

Continuation

As a result of the respective determinations by the Department and the ITC that revocation of the antidumping duty order on CTL plate from the PRC and termination of the Agreements on CTL plate from Russia and Ukraine would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby gives notice of the continuation of the antidumping duty order on CTL plate from the PRC and the continuation of the Agreements on CTL plate from Russia and Ukraine. The effective dates of continuation will be the date of publication in the **Federal Register** of this Continuation Notice. Pursuant to sections 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year sunset reviews of the antidumping duty order on CTL plate from the PRC and the Agreements on CTL plate from Russia and Ukraine not later than November 2019.

These five-year (sunset) reviews and notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: December 15, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before (Insert date 20 days after publication in the **Federal Register**). Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5:00 p.m. at the U.S. Department of Commerce in Room 3720.

Docket Number: 15-048. Applicant: Battelle/Pacific Northwest National Laboratory, 790 6th Street, Richland, WA 99352. Instrument: Electron Microscope. Manufacturer: FEI, Co., Czech Republic. Intended Use: The instrument will be used to study radioactive ceramic and metallic materials including irradiated fuel-type materials. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: October 30, 2015.

Docket Number: 15-050. Applicant: Rutgers University, 89 French Street, New Brunswick, NJ 08901. Instrument: Junior Micromanipulator unit with remote control system, shifting table and chamber unit parts. Manufacturer: Luigs & Neumann, Germany. Intended Use: The instrument will be used to simultaneously measure the microscopic electric signals generated from neurons, specifically the patch-clamp whole cell recordings from neurons, to identify specific alterations in synaptic transmission that leads to neuropsychiatric or neurological disorders. The instrument is a highly flexible, highly precise system, offering the highest mechanical resolution and smoothest movement because of its patented spindle nut system, which guarantees a unique and extraordinary stability for long term recordings. The step motor is decoupled preventing a thermal bridge from the motor to the machine and also prevents vibration
