General information about the SAB as well as any updates concerning the teleconference announced in this notice may be found on the EPA Web site at <http://www.epa.gov/sab>.**SUPPLEMENTARY INFORMATION:** The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDDAA), codified at 42 U.S.C. 4365, to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a federal advisory committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. Pursuant to FACA and EPA policy, notice is hereby given that the chartered SAB will hold a public teleconference to conduct a quality review of the draft SAB report on the IRIS programs Toxicological Assessment for Benzo[a]pyrene. The SAB undertook this review at the request of the EPA's Office of Research and Development (ORD). Quality review is a key function of the chartered SAB. Draft reports prepared by SAB committees, panels, or work groups must be reviewed and approved by the chartered SAB before transmittal to the EPA Administrator. Consistent with FACA, the chartered SAB makes a

determination in a public meeting about each draft report and determines whether the report is ready to be transmitted to the EPA Administrator.

For the EPA's Toxicological Review of Benzo[a]pyrene, External Review Draft (September, 2014), the ORD conducted a qualitative characterization of the hazards for benzo[a]pyrene, including a cancer descriptor of the chemical's human carcinogenic potential, cancer risk estimates for oral, inhalation and dermal exposure, and noncancer toxicity values for chronic oral (reference dose) and inhalation (reference concentration) exposure. Information about this advisory activity can be found on the Web at: <http://yosemite.epa.gov/sab/sabproduct.nsf/02ad90b136fc21ef85256eba00436459/4dcfd0e5f45a8cad85257b65005b17c8!OpenDocument>.**Availability of Meeting Materials:** The agenda and materials in support of this teleconference will be available on the EPA Web site at <http://www.epa.gov/sab> in advance of the teleconference.**Procedures for Providing Public Input:** Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. Input from the public to the SAB will have the most impact if it provides specific scientific or technical information or analysis for SAB panels to consider or if it relates to the clarity or accuracy of the technical information. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a teleconference will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Thomas Carpenter, DFO, in writing (preferably via email) at the contact information noted above, by January 19, 2016 to be placed on the list of public speakers. **Written Statements:** Written statements should be supplied to the DFO, preferably via email, at the contact information noted above one week before the teleconference so that the information may be made available to

the Board members for their consideration. It is the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Mr. Thomas Carpenter at (202) 564-4885 or carpenter.thomas@epa.gov. To request accommodation of a disability, please contact Mr. Carpenter preferably at least ten days prior to the teleconference to give EPA as much time as possible to process your request.

Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("CAA" or the "Act"), notice is hereby given of a proposed consent decree to address a lawsuit filed by Sierra Club and Physicians For Social Responsibility—Los Angeles ("Plaintiffs") in the United States District Court for the Central District of California: *Sierra Club, et al. v. EPA*, No. 2:15-cv-3798-ODW (ASx) (C.D. CA.) (filed May 20, 2015). Plaintiffs filed a lawsuit alleging that Gina McCarthy, in her official capacity as Administrator of the United States Environmental Protection Agency ("EPA") and Jared Blumenfeld, in his official capacity as Regional Administrator of the United States Environmental Protection Agency, Region IX (collectively, "EPA"), failed to perform duties mandated by CAA to take final action to approve or disapprove, in whole or in part, the portions of the South Coast Air Quality Management District's Final 2012 Air Quality Management Plan that address attainment of the 2006 fine particulate matter ("PM_{2.5}") NAAQS, which California submitted to EPA on February 13, 2013. The proposed consent decree would establish deadlines for EPA to take certain specified actions. This is the second notice provided for this proposed consent decree.

DATES: Written comments on the proposed consent decree must be received by *January 20, 2016*.

ADDRESSES: Submit your comments, identified by Docket ID number EPA-HQ-OGC-2015-0677, online at www.regulations.gov (EPA's preferred method); by email to oei.docket@epa.gov; by mail to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

The proposed consent decree would resolve a lawsuit filed by the Plaintiffs seeking to compel EPA to take actions required under CAA section 110(k)(2)-(4). The Plaintiffs' lawsuit alleged that EPA has a mandatory duty to take final action to approve or disapprove, in whole or in part, the portions of the South Coast Air Quality Management District's Final 2012 Air Quality Management Plan that address attainment of the 2006 PM_{2.5} NAAQS. California made this SIP submission on February 13, 2013. The submission was complete by operation of law on August 13, 2013. Section 110(k)(2) requires EPA to take action on a SIP submission within one year of the date it is complete. The Plaintiffs allege that EPA had a mandatory duty to take action on the submission by August 13, 2014. Under the terms of the proposed consent decree, EPA must take final action no later than March 15, 2016, with respect to this claim. See the proposed consent decree for the specific details.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who are not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this proposed consent decree should be withdrawn, the terms of the consent decree will be affirmed. EPA published a prior notice of this proposed consent decree on October 21, 2015. In order to assure that all parties have notice of the proposed consent decree, EPA is providing this additional notice and opportunity to comment upon the proposed consent decree pursuant to section 113(g).

II. Additional Information About Commenting on the Proposed Consent Decree

A. How can I get a copy of the proposed consent decree?

The official public docket for this action (identified by EPA-HQ-OGC-2015-0677) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental
