Notice of Availability of the Record of Decision for the Prehistoric Trackways National Monument Resource Management Plan

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for the Approved Resource Management Plan (RMP) for the Prehistoric Trackways National Monument (Monument) located in southern New Mexico. The New Mexico Acting State Director signed the ROD on November 5, 2015, which constitutes the final decision of the BLM and makes the Approved RMP effective immediately.

ADDRESSES: Copies of the ROD/Approved RMP are available upon request from the District Manager, Las Cruces District Office, Bureau of Land Management, 1800 Marquess Street, Las Cruces, NM 88005 or via <http://www.blm.gov/nm/trackwaysrmp>. Copies of the ROD/Approved RMP are available for public inspection at the Las Cruces District Office.

FOR FURTHER INFORMATION CONTACT: Jennifer Montoya, Planning and Environmental Specialist, telephone 575–525–4316; address 1800 Marquess Street, Las Cruces, NM 88005; email jamontoy@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information

Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Approved RMP provides a comprehensive management plan for the long-term protection and management of the Monument, totaling 5,255 acres of surface estate in southern New Mexico. The RMP prescribes appropriate uses and management of the Monument, consistent with the provisions of its designating legislation (Omnibus Public Land Management Act of 2009), and replaces the 1993 Mimbres RMP within the Monument boundaries. Major issues associated with the Monument include Paleontological Research and Protection, Interpretation and Education, Trails and Travel Management, Recreation and Visitor Services, Wildlife, Livestock, Vegetation, wilderness characteristics, recreational target shooting closures, Visual Resources, and Socioeconomics.

The Approved RMP is very similar to the one set forth in the Preferred Alternative for the Prehistoric Trackways National Monument Proposed RMP/Final Environmental (EIS) published in December 2014. Modifications to the proposed plan corrected errors that were noted during review of the Proposed RMP/Final EIS and provide further clarification for decisions in travel management planning and visitor services.

The RMP process began with a Notice of Intent (NOI) published in the **Federal Register** on January 5, 2010. This announced a 30-day public comment period. During that time, a public meeting was held in Las Cruces in order to introduce the planning process to the public and solicit comments. On September 22, 2010, a public workshop was held to re-engage the public for the RMP and to verify that the BLM had a sufficient range of alternatives. Availability of the Draft RMP/EIS was published July 20, 2012, in the **Federal Register** (77 FR 42758) to announce a 90-day public review and comment period of the draft document. During this period, the BLM held one public open-house meeting in Las Cruces for the purpose of assisting the public in their review and to solicit their comments. The Draft RMP/EIS was sent to multiple Federal, tribal, State, and local government agencies and interested parties and was made available for viewing at the Las Cruces District Office, the New Mexico State

Office, and on the internet. During the comment period, the Las Cruces District Office received about 45 comment letters, emails, or comment forms. Each submission was carefully reviewed to identify substantive comments in accordance with regulations on the implementation of National Environmental Policy Act (40 CFR 1503.4). Comments on the Draft RMP/EIS received from the public and internal BLM reviews were considered and incorporated as appropriate into the Proposed RMP/Final EIS. Public comments resulted in the addition of data and clarifying text, however, they did not significantly change the proposed land use plan decisions. Availability of the Proposed RMP/Final EIS was published on December 24, 2014, in the **Federal Register** (79 FR 78104), initiating a protest period and Governor's Consistency Review Period. Five protests were received during the protest period, and all protests have been resolved. Minor editorial modifications were made to the RMP based on questions raised during the protest period. No inconsistencies with State and local plans, policies, or programs were identified during the Governor's Consistency Review process.

Certain decisions in the Approved RMP are implementation decisions and are appealable to the Interior Board of Land Appeals. These implementation level decisions include the approval of the Comprehensive Trails and Travel Management Plan. The decisions are included within Chapter 2 of the Approved RMP and Appendix C of the Proposed RMP/Final EIS, and implementation decisions are denoted with asterisks where appropriate. Any party adversely affected by the proposed route designations may appeal within 30 days of publication of this Notice of Availability pursuant to 43 CFR, part 4, subpart E. The appeal should state the specific route(s), as identified in Appendix C of the Proposed RMP/Final EIS, on which the decision is being appealed. The appeal must be filed with the Las Cruces District Manager at the above listed address. Please consult the appropriate regulations (43 CFR, part 4, subpart E) for further appeal requirements.

Authority: 40 CFR 1506.6

Amy Lueders,
State Director.

Notice of Intent to Change Fees in Campgrounds on Public Land in the Bishop Field Office, Inyo and Mono Counties, California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: Pursuant to applicable provisions of the Federal Recreation Enhancement Act (REA), the Bureau of Land Management (BLM) Bishop Field Office proposes to change the fee structure at all five of its developed campgrounds in Inyo and Mono counties, California, and by this notice is announcing the opening of the comment period. The fee proposal results from analysis and planning direction provided by the Bishop Campground Business Plan, which outlines operational goals of the area and the purpose of the fee program.

DATES: To ensure that comments will be considered, the BLM must receive written comments on its proposal to change the fee structure at campgrounds in the Bishop Field Office by January 20, 2016. Effective 4 months after publication of this notice, the BLM Bishop Field Office would initiate changes in fee collection at its five developed campgrounds unless the BLM publishes a **Federal Register** notice to the contrary.

ADDRESSES: You may submit comments on this fee collection proposal by any of the following methods:

- Email: blm_ca_bishop_public_comment@blm.gov Please include "Fee Proposal" in the subject line of your email.

Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1 (800) 877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Lands and Recreation Enhancement Act (REA) (16 U.S.C. 6801 *et seq.*), the Secretary may establish, modify, charge, and collect recreation fees on Federal recreation lands and waters. The Bishop Field Office currently manages five developed campgrounds: Tuttle Creek, Goodale Creek, Horton Creek, Pleasant Valley Pit, and Crowley Lake campgrounds. Together these campgrounds hold approximately 300 tent and recreational vehicle sites, all located in world-class settings along the Highway 395 corridor in close proximity to recreation destinations. The campgrounds are a good alternative to dispersed camping, which has been known to occur in environmentally sensitive areas.

Fees for the campgrounds were established in 2005 and have not changed since then. Long-term camping permits are currently available for four of the five campgrounds for either 30 days or the entire summer season (approximately 8 months). Tuttle Creek, Goodale Creek, Horton Creek, and Crowley Lake campgrounds underwent significant upgrades from 2010 to 2012, including installation of new toilets, fire rings, picnic tables, information boards, and other amenities. In addition, potable water was installed at three campgrounds and a horse corral and group campsite at one campground. The total cost of upgrades was \$3.6 million.

The current and proposed fee schedule for the BLM Bishop Field Office campgrounds is:

CURRENT AND PROPOSED DAILY CAMPGROUND AND SPECIAL AMENITY FEES

| Campground | Current | Proposed fee beginning in 2016 | Proposed future fee |
|---------------------------|---------------|-----------------------------------|---------------------|
