#### Executive Summary

10 U.S.C. 2495b prohibits the sale or rental of sexually explicit material on property under DoD jurisdiction. The section also requires DoD to establish the Resale Activities Review Board (the Board) to review material offered for sale or rental on property under DoD jurisdiction and to make recommendations to the Secretary of Defense, in accordance with section 2495b. Any material that is determined to be sexually explicit, as defined by section 2495b, is not offered and if materials are already on store shelves, they are removed.

This proposed rule will cost the DoD approximately \$5,500 annually for the life of the rule to manage the Board. It is anticipated that the costs will recur for the life of the proposed rule varying for inflation. 10 U.S.C. 2495b authorizes Board members travel expenses while away from their homes or regular places of business in the performance of services for the Board. DoD implemented section 2495b by issuing DoD Instruction (DoDI) 4105.70, “Prohibition of the Sale or Rental of Sexually Explicit Material on DoD Property” (the Instruction). This instruction is available on the Internet from the DoD Issuances Web site at <http://www.dtic.mil/whs/directives>. The Instruction established DoD policy that prohibits the sale or rental of sexually explicit material on property under DoD jurisdiction, and no Service member or DoD civilian employee, acting in his or her official capacity, will provide for sale, remuneration, or rental any sexually explicit material to another person. This proposed rule facilitates DoD’s compliance with the requirements of 10 U.S.C. 2495b and fulfills the requisite public notification of the DoD process to implement this statutory requirement.

#### Regulatory Procedures

*Executive Order 12866, “Regulatory Planning and Review” and Executive Order 13563, “Improving Regulation and Regulatory Review”*

Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic,

environmental, public health and safety effects, distribute impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This proposed rule has been designated a “significant regulatory action,” although not economically significant, under section 3(f) of Executive Order 12866. Accordingly, this proposed rule has been reviewed by the Office of Management and Budget.

*Sec. 202, Public Law 104-4, “Unfunded Mandates Reform Act”*

Section 202 of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104-4) requires agencies assess anticipated costs and benefits before issuing any rule whose mandates require spending in any 1 year of \$100 million in 1995 dollars, updated annually for inflation. In 2014, that threshold is approximately \$141 million. This proposed rule will not mandate any requirements for State, local, or tribal governments, nor will it affect private sector costs.

*Public Law 96-354, “Regulatory Flexibility Act” (5 U.S.C. 601)*

The Department of Defense certifies that this proposed rule is not subject to the Regulatory Flexibility Act (5 U.S.C. 601) because it would not, if promulgated, have a significant economic impact on a substantial number of small entities. Therefore, the Regulatory Flexibility Act, as amended, does not require us to prepare a regulatory flexibility analysis.

*Public Law 96-511, “Paperwork Reduction Act” (44 U.S.C. Chapter 35)*

It has been certified that 32 CFR part 235 does not impose reporting or recordkeeping requirements under the Paperwork Reduction Act of 1995.

*Executive Order 13132, “Federalism”*

Executive Order 13132 establishes certain requirements that an agency must meet when it promulgates a proposed rule (and subsequent final rule) that imposes substantial direct requirement costs on State and local governments, preempts State law, or otherwise has Federalism implications. This proposed rule will not have a substantial effect on State and local governments.

#### **SUPPLEMENTARY INFORMATION:**

*Background:* On December 10, 2015, the President signed into law the "Every Student Succeeds Act" (ESSA), amending the Elementary and Secondary Education Act of 1965 (ESEA). The ESSA reauthorizes the ESEA and advances the ESEA's legacy of equity and opportunity by, among other things, requiring States to hold all students to high academic standards that prepare them for success in college and careers. The ESSA also requires that, if students fall behind in meeting these standards, States and local educational agencies (LEAs) implement evidence-based interventions to help them and their schools improve, with a particular focus on the lowest-performing schools, high schools with low graduation rates, and schools in which subgroups of students are underperforming.

The programs included in title I are designed to help disadvantaged children meet high academic standards. These programs include: Improving Basic Programs Operated by State and Local Educational Agencies (part A); State Assessment Grants (part B); Education of Migrant Children (part C); Prevention and Intervention Programs for Children and Youth who are Neglected, Delinquent, or At-Risk (part D); and Flexibility for Equitable Per-Pupil Funding (part E).

The ESSA maintained a number of requirements for, and made a number of significant changes to, the title I programs, including the following:
