

CROmnibus (Pub. L. 113-235): Sec. 110, the Limited Reevaluation Report (LRR) initiated in FY 2012 for the Mobile Harbor, Alabama navigation project shall include evaluation of the full depth of the project as authorized under section 201 of Public Law 99-662 (110 Stat. 4090) at the same non-Federal share of the cost as in the design agreement executed on August 14, 2012.

2. The evaluation will examine the costs and benefits as well as the environmental impacts of modifying the maintained dimensions of the existing Federal project within its authorized limits. The purpose of the study will be to determine improvements for safety and efficiency of harbor users. Vessels are experiencing delays leaving and arriving at port facilities and inefficiencies have increased as the volume of cargo has grown and larger vessels call on the port to handle the increased cargo. Construction of Mobile Harbor to 45-foot depth was completed in FY 1994. The construction depth was limited to 45 feet because the sponsor did not have the funds to construct to the fully authorized depth. A 1300-foot extension in the river channel was a separable element new start with the Project Partnership Agreement (PPA) signed in FY 98 and construction completed in FY 2000. A 1200-foot and a 2100-foot extension in the river channel were also separable element new starts with the PPA signed in FY 2004 and work completed in FY 2008. The Turning Basin was also a separable element new start with the PPA signed in FY 2009 and construction completed in August 2010. Due to traffic changes, vessel delays began being experienced into and out of the port as traffic was limited to one-way as larger ships transited the channel. The Alabama State Port Authority (ASPA) requested that the Corps consider widening a portion of the authorized channel to allow two-way traffic to reduce delays. Subsequently, the Corps initiated an LRR to consider widening a portion of the upper bay channel. The design agreement for the LRR was executed on August 14, 2012. After initial analysis and coordination with the ASPA and its users, the design agreement for the LRR was amended on April 14, 2014 to account for a change in location for the proposed widening to include an approximate 5-mile section of the lower bay channel up to the authorized width of 550 feet and to widen an approximate 2-mile section of the bar channel to its authorized width of 700 feet (all work within the existing project authorization). On June 12, 2014, the ASPA requested that the Corps

undertake additional studies to determine the feasibility of deepening and widening the channel to its full authorized depths and widths. Per letter dated October 20, 2014, the Assistant Secretary of the Army (ASA) approved the direction of General Investigation funds to complete Preconstruction Engineering and Design for the channel widening for Mobile Harbor to initiate a General Reevaluation Report (GRR) to evaluate deepening and widening of the channel to its full authorized dimensions. This letter also directed the Corps to halt all work on the LRR being prepared for the widening project.

3. Scoping:

a. The Corps invites full public participation to promote open communication on the issues surrounding the proposal. All Federal, State, and local agencies, and other persons or organizations that have an interest are urged to participate in the NEPA scoping process. Public meetings will be held to help identify significant issues and to receive public input and comment.

b. The DSEIS will analyze the potential social, economic, and environmental impacts to the local area resulting from improvements to the Mobile Harbor Navigation Project. Specifically, the following major issues will be analyzed in depth in the DSEIS: Hydrologic and hydraulic regimes, water quality, effects on natural resources, sediment transport, threatened and endangered species, essential fish habitat and other marine habitat, air quality, cultural resources, transportation systems, alternatives, secondary and cumulative impacts, socioeconomic impacts, environmental justice (effect on minorities and low-income groups) (Executive Order 12898), and protection of children (Executive Order 13045).

c. The Corps will serve as the lead Federal agency in the preparation of the DSEIS. It is anticipated that the following agencies will be invited and will accept cooperating agency status for the preparation of the DSEIS: U.S. Environmental Protection Agency, U.S. Fish and Wildlife Service, National Marine Fisheries Service, Department of Interior, U.S. Geological Survey, Federal Emergency Management Agency, U.S. Department of Transportation, Alabama Department of Environmental Management, Alabama Department of Conservation and Natural Resources, Alabama State Port Authority, Alabama Secretary of State, and Alabama State Historic Preservation Office.

4. The scoping meeting will be held on (see **DATES** and **ADDRESSES**). Actual time(s) and place(s) for subsequent

meetings or workshops will be announced by the Corps by issuance of a public notice and/or notices in the local media.

5. It is anticipated that the DSEIS will be made available for public review in July 2018.

BILLING CODE 5001-06-P

DEPARTMENT OF EDUCATION

Submission of Data by State Educational Agencies; Submission Dates for State Revenue and Expenditure Reports for Fiscal Year (FY) 2015, Revisions to Those Reports, and Revisions to Prior Fiscal Year Reports

AGENCY: National Center for Education Statistics, Institute of Education Sciences, Department of Education.

ACTION: Notice.

SUMMARY: The Secretary announces dates for State educational agencies (SEAs) to submit expenditure and revenue data and average daily attendance statistics on ED Form 2447 (the National Public Education Financial Survey (NPEFS)) for fiscal year (FY) 2015, revisions to those reports, and revisions to prior fiscal year reports. The Secretary sets these dates to ensure that data are available to serve as the basis for timely distribution of Federal funds. The U.S. Census Bureau is the data collection agent for this request of the Department of Education's National Center for Education Statistics (NCES). The data will be published by NCES and will be used by the Secretary in the calculation of allocations for FY 2017 appropriated funds.

DATES: SEAs can begin submitting data on Tuesday, February 2, 2016. The deadline for the final submission of all data, including any revisions to previously submitted data for FY 2014 and FY 2015, is Monday, August 15, 2016. Any resubmissions of FY 2014 or FY 2015 data by SEAs in response to requests for clarification or reconciliation or other inquiries by NCES or the Census Bureau must be completed as soon as possible, but no later than Tuesday, September 6, 2016. All outstanding data issues must be reconciled or resolved by the SEAs, NCES, and the Census Bureau as soon as possible, but no later than September 6, 2016.

ADDRESSES: SEAs may mail ED Form 2447 to: U.S. Census Bureau, ATTENTION: Economic Reimbursable Surveys Division, 4600 Silver Hill Road, Suitland, MD 20746.

Submission Information: SEAs may submit data online using the interactive survey form on the NPEFS data collection Web site at: <http://surveys.nces.ed.gov/ccdnpefs>. The NPEFS interactive survey includes a digital confirmation page where a personal identification number (PIN) may be entered. A successful entry of the PIN serves as a signature by the

authorizing official. Alternatively, a certification form also may be printed from the Web site, signed by the authorizing official, and mailed to the Economic Reimbursable Surveys Division of the Census Bureau at the Washington, DC address provided above, within five business days after submission of the NPEFS Web interactive form.

Alternatively, SEAs may hand-deliver submissions by 4:00 p.m. Washington, DC time on August 15, 2016, to: U.S. Census Bureau, Economic Reimbursable Surveys Division, 4600 Silver Hill Road, Suitland, MD 20746.

FOR FURTHER INFORMATION CONTACT: Mr. Stephen Q. Cornman, NPEFS Project Director, National Center for Education Statistics, Institute of Education Sciences, U.S. Department of Education. Telephone: (202) 245-7753 or by email: stephen.cornman@ed.gov. You may also contact an NPEFS team member (Census Bureau). Telephone: 1-800-437-4196 or (301) 763-1571 or by email: erd.npefs.list@census.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service, toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: Under section 153(a)(1)(I) of the Education Sciences Reform Act of 2002, 20 U.S.C. 9543(a)(1)(I), which authorizes NCES to gather data on the financing and management of education, NCES collects data annually from SEAs through ED Form 2447. The report from SEAs includes attendance, revenue, and expenditure data from which NCES determines a State's "average per-pupil expenditure" (SPPE) for elementary and secondary education, as defined in section 9101(2) of the Elementary and Secondary Education Act of 1965, as amended (ESEA) (20 U.S.C. 7801(2)).

In addition to using the SPPE data as general information on the financing of elementary and secondary education, the Secretary uses these data directly in calculating allocations for certain formula grant programs, including, but not limited to, title I, part A of the ESEA, Impact Aid, and Indian Education programs. Other programs, such as the Education for Homeless Children and Youth program under title VII of the McKinney-Vento Homeless Assistance Act and the Teacher Quality State Grants program (title II, part A of the ESEA), make use of SPPE data indirectly because their formulas are based, in whole or in part, on State title I, part A allocations.

In January 2016, the Census Bureau, acting as the data collection agent for NCES, will email ED Form 2447 to
