**SUPPLEMENTARY INFORMATION:**

**I. Background**

FDA is announcing the availability of a draft document entitled “Deviation Reporting for Human Cells, Tissues, and Cellular and Tissue Based Products Regulated Solely Under Section 361 of the Public Health Service Act and 21 CFR part 1271; Draft Guidance for Industry.” The document provides certain establishments that manufacture HCT/Ps, regulated solely under section 361 of the PHS Act and the regulations under 21 CFR part 1271, with recommendations and relevant

examples for complying with the requirements under 21 CFR 1271.350(b) to report HCT/P deviations. The examples provided in the draft guidance are intended to illustrate those HCT/P deviations that have been most frequently reported to FDA, CBER.

The draft guidance does not apply to reproductive HCT/Ps or to HCT/Ps regulated under 21 CFR part 1270 and recovered before May 25, 2005. The draft guidance does not apply to health professionals who implant, transplant, infuse, or transfer HCT/Ps into recipients. The draft guidance also does not apply to HCT/Ps that are regulated as drugs, devices, and/or biological products under section 351 of the PHS Act and/or the Federal Food, Drug, and Cosmetic Act, nor does it apply to investigational HCT/Ps subject to an investigational new drug application or an investigational device exemption.

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on Deviation Reporting for Human Cells, Tissues, and Cellular and Tissue Based Products Regulated Solely Under section 361 of the Public Health Service Act and 21 CFR part 1271. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

**II. Paperwork Reduction Act of 1995**

This draft guidance refers to previously approved collections of information found in FDA regulations. These collections of information are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). The collections of information in 21 CFR part 1271 have been approved under OMB control number 0910-0543.

**III. Other Issues for Consideration**

The draft guidance is being distributed for comment purposes only and is not intended for implementation at this time.

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Health Resources and Services Administration**

**Health Center Program**

**AGENCY:** Health Resources and Services Administration, HHS.

**ACTION:** Notice of Class Deviation from Competition Requirements for the Health Center Program; Notice of Class Deviations from the Requirements for Extensions, Administrative Supplements, and for Announcing these Deviations in the **Federal Register** for the Health Center Program.

**SUMMARY:** In accordance with the Awarding Agency Grants Administration Manual (AAGAM) Chapter 1.03.103, the Bureau of Primary Health Care (BPHC) has been granted class deviations from the requirements for extensions contained in the AAGAM Chapter 2.04.104B-4A.I.a(5)(b) and the requirements for administrative supplements contained in AAGAM Chapter 2.04.104B-4A.4.b to provide additional grant funds during extended budget periods in excess of the allowed maximum. The deviations prevent interruptions in the provision of critical health care services for a funded service area until a new award can be made to an eligible Service Area Competition (SAC) applicant and to conduct an orderly phase-out of Health Center Program activities by the current award recipient. BPHC has also been granted a deviation that allows it to annually announce via the **Federal Register** the Health Center Program award recipients that received a low cost extension and/or administrative supplement under the above described deviations.

**SUPPLEMENTARY INFORMATION:** Intended Recipient of the Award: Health Center Program award recipients for service areas that are threatened with a lapse in services due to transitioning award recipients.

Amount of Non-Competitive Awards: Varies annually.

Period of Supplemental Funding: Awards made beginning in fiscal year 2016 and ongoing.

CFDA Number: 93.224
