Title: Holders or Containers which Enter the United States Duty Free

OMB Number: 1651-0035

Abstract: Item 9803.00.50 under the Harmonized Tariff Schedules of the United States (HTSUS), codified as 19 U.S.C. 1202, provides for the duty-free entry of substantial holders or containers of foreign manufacture if duty had been paid upon a previous importation pursuant to the provisions of 19 CFR 10.41b.

19 CFR 10.41 provides that substantial holders or containers are to have prescribed markings in clear and conspicuous letters of such a size that they will be easily discernable. Section 10.41b of the CBP regulations eliminates the need for an importer to file entry documents by instead requiring the marking of the containers or holders to indicate the HTSUS numbers that provide for duty free treatment of the containers or holders.

In order to comply with 19 CFR 10.41b, the owner of the holder or container is required to place the markings on a metal tag or plate containing the following information: 9801.00.10, HTSUS; the name of the owner; and the serial number assigned by the owner. In the case of serially numbered holders or containers of foreign manufacture for which free clearance under 9803.00.50 HTSUS is claimed, the owner must place markings containing the following information: 9803.00.50 HTSUS; the port code numbers of the port of entry; the entry number; the last two digits of the fiscal year of entry covering the importation of the holders and containers on which duty was paid; the name of the owner; and the serial number assigned by the owner.

Current Action: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to the information collected.

Type of Review: Extension (with no change).

Affected Public: Businesses.

Estimated Number of Respondents: 20.

Estimated Number of Responses per Respondent: 18.

Estimated Number of Total Annual Responses: 360.

Estimated Total Annual Burden Hours: 90.

Dated: December 16, 2015.

Agency Clearance Officer, U.S. Customs and Border Protection.

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY**Notice of Availability for Best Practices for Protecting Privacy, Civil Rights and Civil Liberties in Unmanned Aircraft Systems Programs**

AGENCY: Office for Civil Rights and Civil Liberties, DHS; Privacy Office, DHS; and U.S. Customs and Border Protection, DHS.

ACTION: Notice of availability.

SUMMARY: The Office for Civil Rights and Civil Liberties (CRCL), the Privacy Office (Privacy), and U.S. Customs and Border Protection (CBP) announce the availability of the following document: "Best Practices for Protecting Privacy, Civil Rights & Civil Liberties in Unmanned Aircraft Systems Programs." DHS has made the best practices document available on the Internet at the following locations: <http://www.dhs.gov/security-intelligence-and-information-policy-section> and <http://www.dhs.gov/privacy-foia-reports>.

FOR FURTHER INFORMATION CONTACT: Mark Becker, Senior Policy Advisor, Office for Civil Rights and Civil Liberties, mark.becker@hq.dhs.gov; Scott Mathews, Senior Policy Advisor for Privacy, Privacy Office scott.mathews@hq.dhs.gov; or Stephen Boyer, Director of Marine Operations, Office of Air and Marine, U.S. Customs and Border Protection, stephen.a.boyer@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION: The development of a new technology, significant improvement of a current technology, or the new application of an existing technology often results in concerns about the impact on individual privacy, civil rights, and civil liberties. The integration of government and commercial unmanned aircraft systems into the National Airspace System by 2015, as required by the *Federal Aviation Administration Modernization and Reform Act of 2012*, has prompted questions about how this might impact individual rights. In this regard, CRCL, Privacy, and CBP jointly established the

DHS *Unmanned Aircraft Systems Privacy, Civil Rights and Civil Liberties Working Group* in September 2012 to “provide leadership to the homeland security enterprise by clarifying the privacy, civil rights, and civil liberties legal and policy issues surrounding government use of [Unmanned Aircraft Systems].” The Working Group drafted the best practices.

DHS publishes these best practices to inform DHS and our local, state, and federal government partners and grantees interested in establishing unmanned aircraft programs grounded in policies and procedures that are respectful of privacy, civil rights, and civil liberties. These best practices are not prescriptive, but represent an optimal approach to sustaining privacy, civil rights, and civil liberties throughout the lifecycle of an unmanned aircraft systems program. Although the intended audience is DHS and other government agencies, the private sector may also find these practices instructive in creating or operating unmanned aircraft programs.

The best practices document is consistent with the February 15, 2015 Presidential Memorandum, *Promoting Economic Competitiveness while Safeguarding Privacy, Civil Rights, and Civil Liberties in Domestic Use of Unmanned Aircraft Systems*.

This best practices document was reviewed by the Office of Management and Budget pursuant to Executive Order 12866, *Regulatory Planning and Review*.

Christina E. McDonald,
Associate General Counsel for Regulatory Affairs.
