II. Background

The NRC is issuing for public comment a draft supplement to Supplement 38 to the GEIS, NUREG-1437 (ADAMS No. ML15351A422), regarding the renewal of operating licenses DPR-26 and DPR-64, held by Entergy for the operation of IP2 and IP3, for an additional 20 years of operation. Units IP2 and IP3 are located in Westchester County in the Village of Buchanan, New York, approximately 24 miles north of New York City. The NRC staff published final plant-specific Supplement 38 to NUREG-1437 (final supplemental environmental impact statement (FSEIS)), Volumes 1-3 (ADAMS No. ML103360205), in December 2010 (75 FR 77920). The FSEIS documented the NRC staff's findings relative to the environmental impacts of the license renewal of IP2 and IP3. In June 2013 (78 FR 39018), the NRC staff published a final supplement to 2010 FSEIS as NUREG-1437, Supplement 38, Volume 4 (ADAMS No. ML13170A028). The June 2013 supplement updated the NRC staff's final analysis to include corrections to impingement and entrainment data presented in the FSEIS; revised conclusions on thermal impacts based

on newly available thermal plume studies; and provided an update of the status of the NRC's consultation, under section 7 of the Endangered Species Act of 1973, as amended, with the National Marine Fisheries Service regarding the shortnose sturgeon and Atlantic sturgeon.

On September 2, 2014 (79 FR 52059), the NRC notified the public of its intent to prepare a second supplement to the FSEIS to evaluate new information identified subsequent to the publication of the June 2013 supplement, including new aquatic impact data, refined cost estimates associated with the licensee's severe accident mitigation alternatives analysis, and other matters. This draft supplement, published as Volume 5 of the FSEIS, documents the NRC staff's evaluation of the new information.

SUPPLEMENTARY INFORMATION: PBGC is requesting that OMB approve modifications to an information collection needed to locate and pay participants and beneficiaries who may be entitled to pension benefits under a defined benefit plan that has terminated. The collection consists of information that participants and beneficiaries are asked to provide when applying for benefits. In addition, in some instances, as part of a search for participants and beneficiaries who may be entitled to benefits, PBGC requests individuals to provide identifying information that the individual would provide as part of an initial contact with PBGC. The information collection also includes My Pension Benefit Account (My PBA), an application on PBGC's Web site, <http://www.pbgc.gov>, through which plan participants and beneficiaries may conduct electronic transactions with PBGC, including applying for pension benefits, designating a beneficiary, changing contact information, and applying for electronic direct deposit. All requested information is needed to enable PBGC to

determine benefit entitlements and to make appropriate payments, or to provide respondents with specific information about their pension plan so they may obtain rough estimates of their benefits.

PBGC will add one new form to the information collection, Form 717, Benefit Inquiry Questionnaire. PBGC will send this form to individuals who contact PBGC to inquire whether PBGC is holding any benefits to which they are entitled. The questionnaire will request information that PBGC needs to determine whether the individual is owed benefits and, if so, the benefit amount.

In addition, PBGC is making clarifying, simplifying, editorial, and other changes to the information collection.

The collection of information has been approved by OMB under control number 1212-0055 (expires December 31, 2015). PBGC is requesting that OMB extend its approval (with modifications) for three years from its approval date. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that the average annual burden associated with this collection of information will be 126,090 hours and \$1,360 for the next three years. The burden estimate includes 124,410 hours and \$1,330 for participants in plans covered by the PBGC insurance program. The remaining burden is attributable to participants expected to be covered by the expanded Missing Participants program under Pension Protection Act of 2006 amendments to ERISA, once that program is in effect.

Issued in Washington, DC, this 23 day of December 2015.

Judith Starr,

General Counsel, Pension Benefit Guaranty Corporation.
