Comments Due: 5 p.m. ET 1/11/16.

Take notice that the Commission received the following electric reliability filings:
Docket Numbers: RR15–12–001.
Description: Compliance Filing of North American Electric Reliability Corporation in Accordance with the Commission’s November 2, 2015 Order.
Filed Date: 12/18/15.
Accession Number: 20151218–5315.
Comments Due: 5 p.m. ET 1/8/16.

The filings are accessible in the Commission’s eLibrary system by clicking on the links or by querying the docket number.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission’s Regulations (18 CFR 385.211 and § 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying filings can be found at: http://www.ferc.gov/docs-filing/e filing/filing-req.pdf. For other information, call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Dated: December 22, 2015.
Nathaniel J. Davis, Sr.,
Deputy Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY
Western Area Power Administration
Central Arizona Project—Rate Order No. WAPA–172

AGENCY: Western Area Power Administration, DOE.

ACTION: Notice of final transmission service formula rates.

SUMMARY: The Deputy Secretary of Energy confirmed and approved Rate Order No. WAPA–172 and Rate Schedules CAP–FT3, CAP–NFT3, and CAP–NITS3, placing transmission service formula rates for the Central Arizona Project (CAP) of the Western Area Power Administration (Western) into effect on an interim basis. The provisional rates will provide sufficient revenue to pay all annual costs, including interest expense, and repay required investment within the allowable periods.

DATES: Rate Schedules CAP–FT3, CAP–NFT3, and CAP–NITS3 are being superseded by Rate Schedules CAP–FT2, CAP–NFT2, and CAP–NITS2 for Rate Order No. WAPA–124 

Previous Rate Schedules CAP–FT2, CAP–NFT2, and CAP–NITS2 for Rate Order No. WAPA–124 were approved by FERC for a 5-year period through December 31, 2010. These Rate Schedules were extended through December 31, 2012, under Rate Order No. WAPA–153, and extended again through December 31, 2015, under Rate Order No. WAPA–158. Rate Schedules CAP–FT2, CAP–NFT2, and CAP–NITS2 are being superseded by Rate Schedules CAP–FT3, CAP–NFT3, and CAP–NITS3. Under Rate Schedule CAP–FT2, the rate for firm point-to-point transmission service is $13.56 per kilowatt year (kW-year). The provisional rate for non-firm point-to-point transmission service under Rate Schedule CAP–FT3 is $14.88/kW-year, which represents an increase of 10 percent when compared with the existing rate. Under Rate Schedule CAP–NFT2, the rate for non-firm point-to-point transmission service is 1.55 mills per kilowatt hour (mills/kWh). The provisional rate for non-firm point-to-point transmission service under Rate Schedule CAP–NFT3 is 1.70 mills/kWh, which represents an increase of 10 percent when compared with the existing rate. There will be no changes to the rate formula under CAP–NITS3.

By Delegation Order No. 00–037.00A, effective October 25, 2013, the Secretary of Energy delegated: (1) The authority to develop power and transmission rates to Western’s Administrator; (2) the authority to confirm, approve, and place such rates into effect on an interim basis to the Deputy Secretary of Energy, and
(3) the authority to confirm, approve, and place into effect on a final basis, to
remand, or to disapprove such rates to FERC. Existing Department of Energy
procedures for public participation in power rate adjustments (10 CFR part 903) were published on September 18, 1985.

Under Delegation Order Nos. 00–037.00A and 00–001.00F, and in
compliance with 10 CFR part 903 and 18 CFR part 300, I hereby confirm,
approve, and place provisional rates for transmission service under Rate Order
No. WAPA–172 into effect on an interim basis. New Rate Schedules CAP–FT3,
CAP–NFT3, and CAP–NITS3 will be submitted promptly to FERC for
confirmation and approval on a final basis.

Dated: December 21, 2015.
Elizabeth Sherwood-Randall,
Deputy Secretary of Energy.

DEPARTMENT OF ENERGY
DEPUTY SECRETARY

In the matter of: Western Area Power Administration Rate Adjustment for the
Central Arizona Project
Rate Order No. WAPA–172
ORDER CONFIRMING, APPROVING,
AND PLACING THE CENTRAL
ARIZONA PROJECT TRANSMISSION
SERVICE FORMULA RATES INTO
EFFECT ON AN INTERIM BASIS

These rates were established in accordance with section 302 of the
Department of Energy (DOE) Organization Act (42 U.S.C. 7152). This Act transferred to and vested in the
Secretary of Energy the power marketing functions of the Secretary of the
Department of the Interior and the Bureau of Reclamation under the
Reclamation Act of 1902 (ch. 1093, 32 Stat. 388), as amended and
supplemented by subsequent laws, particularly section 9(c) of the
Reclamation Project Act of 1939 (43 U.S.C. 485h(c)), and other Acts that
specifically apply to the project involved.

By Delegation Order No. 00–037.00A, effective October 25, 2013, the Secretary of Energy delegated: (1) The authority to
develop power and transmission rates to Western Area Power Administration’s
(Western) Administrator, (2) the
authority to confirm, approve, and place such rates into effect on an interim basis
to the Deputy Secretary of Energy, and
(3) the authority to confirm, approve, and place into effect on a final basis, to
remand, or to disapprove such rates to the
Federal Energy Regulatory Commission. Existing DOE procedures
for public participation in power rate
adjustments (10 CFR part 903) were published on September 18, 1985.

Acronyms and Definitions
As used in this Rate Order, the following acronyms and definitions apply:
Administrator: Administrator for the
Western Area Power Administration.
Capacity: The electric capability of a
transformer, transmission circuit, or
other equipment, expressed in kilowatts
(kW).
CAP: Central Arizona Project, one of
three related water development
projects that make up the Colorado
River Basin Project.
Customer: An entity with a contract or
service agreement that receives service
from Western’s Desert Southwest
Region.
DOE: United States Department of
Energy.
DOE Order RA 6120.2: A DOE order
outlining power marketing
administration financial reporting and
ratemaking procedures.

Desert Southwest Region: The Desert
Southwest Customer Service Region of
Western.
FERC: Federal Energy Regulatory
Commission.
Firm: A type of product and/or service
that is available at the time requested by
the customer.

Formula Rates: A rate which is based
upon a formula calculated yearly.

FRN: Federal Register
notice.
Kilovolt (kV): Electrical unit of
measure of potential difference that
equals 1,000 volts.

Kilowatt (kW): Electrical unit of
capacity that equals 1,000 watts.
Kilowatt hour (kWh): Electrical unit of
energy that equals 1,000 watts in 1 hour.
Kilowatt month (kW-month):
Electrical unit of the monthly amount of
capacity.

Kilowatt year (kW-year): Electrical
unit of the yearly amount of capacity.

Mill: A monetary denomination of the
United States that equals one tenth of a
dollar.

Mills per kilowatt hour (mills/kWh): A
unit of charge.
Non-firm: A type of product and/or
service not always available at the time
requested by the customer.

O&M: Operation and Maintenance.
Proposed Rate: A rate that has been
recommended by Western to the Deputy
Secretary of Energy for approval.

Provisional Rate: A rate that has been
confirmed, approved, and placed into
effect on an interim basis by the Deputy
Secretary of Energy.
Reclamation: United States
Department of Interior, Bureau of
Reclamation.

Western: Western Area Power
Administration.

Effective Date
The new provisional rates will take
effect on the first day of the first full
billing period beginning on or after
January 1, 2016, and will remain in
effect until FERC confirms, approves,
and places the rate schedules in effect
on a final basis through December 31,
2020, or until the rate schedules are
superseded.

Public Notice and Comment
Western followed the Procedures for
Public Participation in Power and
Transmission Rate Adjustments and
Extensions, 10 CFR part 903, in
developing these rates. The steps
Western took to involve interested
parties in the rate process were:
1. An FRN was published on July 24,
2015 (80 FR 44100) announcing the
proposed rates for transmission service,
initiating a public consultation and
comment period, and setting forth the
dates and locations of public
information and public comment
forums.
2. On July 29, 2015, Western notified
all CAP customers and interested parties
of the rate adjustment and provided a
copy of the published FRN.
3. On August 27, 2015, Western held
a public information forum in Phoenix,
Arizona. Western explained the
proposed rates and potential changes to
the proposed rates, answered questions,
and provided handouts.
6. On September 12, 2015, Western
held a public comment forum in
Phoenix, Arizona, to give the public an
opportunity to comment for the record.
There were no comments received at
this forum.

5. Western created a CAP rate
adjustment Web site to provide
interested parties with information
about this rate adjustment process. The
Web site is located at
https://
www.wapa.gov/regions/DSW/Rates/
Pages/central-arizona-rates.aspx
6. On October 6, 2015, Western provided answers to a list of questions
concerning the proposed rates and
posted the answers on the CAP rate
adjustment Web site.

Project Description
The CAP is one of three related water
development projects that make up the
Colorado River Basin Project. The others
are the Dixie and the Upper Basin
projects. The CAP was developed for
Arizona and western New Mexico; the
Dixie Project for southeastern Utah; and
the Upper Basin Project for Colorado
and New Mexico.
Congress authorized the Colorado River Basin Project in 1968 to improve water resources in the Colorado River Basin. Segments of the 1968 authorization allowed Federal participation in the Navajo Generating Station (Navajo), which has three coal-fired steam electric generating units with a combined capacity of 2,250 MW. Construction of the plant, located near Lake Powell at Page, Arizona, began in 1970 and generation began in 1976. The 24.3 percent Federal Share of Navajo, or 546,750 kW, is to power the pumps that move Colorado River water through CAP canals. Surplus generation is currently marketed under the Navajo Power Marketing Plan adopted on Dec. 1, 1987. Surplus Navajo short-term firm and non-firm transmission service will be marketed at the CAP 115/230-kV transmission rate during the term of the rate schedules.

**Existing and Provisional Rates**

The existing rates for point-to-point transmission service consist of a firm rate and a non-firm rate. The existing rate for firm point-to-point transmission service under Rate Schedule CAP–FT2 is $13.56/kW-year. The existing rate for non-firm point-to-point transmission service under Rate Schedule CAP–NFT2 is 1.55 mills/kWh. The existing rates under Rate Schedules CAP–FT2, CAP–NFT2, and CAP–NITS2 expire December 31, 2015.

The provisional rates will supersede the existing rates and become effective on an interim basis on the first day of the first full billing period beginning on or after January 1, 2016. The provisional rate for firm point-to-point transmission service under Rate Schedule CAP–FT3 is $14.88/kW-year. The provisional rate for non-firm point-to-point transmission service under Rate Schedule CAP–NFT3 is 1.70 mills/kWh. The provisional rates will result in a rate increase of 10 percent when compared to the existing rates. A comparison of the existing and provisional rates for transmission service follows:

<table>
<thead>
<tr>
<th>Transmission service</th>
<th>Existing rates</th>
<th>Provisional rates (effective 1/1/16)</th>
<th>Change</th>
</tr>
</thead>
<tbody>
<tr>
<td>Firm Point-to-Point</td>
<td>$13.56/kW-year</td>
<td>$14.88/kW-year</td>
<td>10%</td>
</tr>
<tr>
<td>Non-firm Point-to-Point</td>
<td>1.55 mills/kWh</td>
<td>1.70 mills/kWh</td>
<td>10%</td>
</tr>
</tbody>
</table>

**Certification of Rates**

Western’s Administrator certified that the provisional rates for CAP transmission service under Rate Schedules CAP–FT3, CAP–NFT3, and CAP–NITS3 are the lowest possible rates consistent with sound business principles. The provisional rates were developed following administrative policies and applicable laws.

**Transmission Rate Discussion**

According to Reclamation law, Western must establish rates which provide sufficient revenue to recover annual O&M, purchase power, transmission service and other costs, interest expense, and repay investments. Western calculates the rates each year to determine if the existing rates will provide adequate revenue to repay all power system costs within the required time. Repayment criteria are based on existing law and applicable policies, including DOE Order RA 6120.2. To meet the cost recovery criteria outlined in DOE Order RA 6120.2, a rate calculation was completed to demonstrate that sufficient revenues will be collected under the provisional rates to meet future obligations.

The existing rates are insufficient and do not provide adequate revenue to cover costs due primarily to the replacement of the aging ED2-Saguaro line. Construction of this line started in 2015, and the costs will be spread over a 5-year period.

A secondary factor for the rate increase is a decrease in projected sales of long-term firm point-to-point transmission service. The provisional rates include the reduction in the sales forecast for 115/230-kV transmission service over the 5-year cost evaluation period.

**Availability of Information**

All brochures, studies, comments, letters, memorandums, and other documents that Western used to develop the provisional rates are available for inspection and copying at the Desert Southwest Customer Service Regional Office, Western Area Power Administration, 615 South 43rd Avenue, Phoenix, AZ 85009-5313. Many of these documents and supporting information are available on Western’s Web site at https://www.wapa.gov/regions/DSW/Rates/Pages/central-arizona-rates.aspx.

**Ratemaking Procedure Requirements**

**Environmental Compliance**

In compliance with the National Environmental Policy Act (NEPA) of 1969, (42 U.S.C. 4321, et seq.), Council on Environmental Quality Regulations (40 CFR parts 1500–1508), and DOE NEPA Regulations (10 CFR part 1021), Western has determined that this action is categorically excluded from the preparation of an environmental assessment or an environmental impact statement.

**Determination Under Executive Order 12866**

Western has an exemption from centralized regulatory review under Executive Order 12866; accordingly, no clearance of this notice by the Office of Management and Budget is required.

**Submission to the Federal Energy Regulatory Commission**

The interim rates confirmed, approved, and placed into effect herein, together with supporting documents, will be submitted to FERC for confirmation and final approval.

**ORDER**

In view of the foregoing and under the authority delegated to me, I confirm and approve on an interim basis Rate Schedules CAP–FT3, CAP–NFT3, and CAP–NITS3 to become effective on the first day of the first full-billing period beginning on or after January 1, 2016, and to remain in effect until FERC confirms, approves, and places the rate schedules in effect on a final basis through December 31, 2020, or until the rate schedules are superseded.

Dated: December 21, 2015
Elizabeth Sherwood-Randall,
Deputy Secretary of Energy
Rate Schedule CAP–FT3
SCHEDULE 7 to Tariff
(Supersedes Schedule CAP–FT2)
Firm Point-To-Point Transmission Rate = 

A recalculated rate will go into effect every January 1 based on the above formula and updated financial and operational data. Western will notify the transmission customer annually of the recalculated rate on or before December 1. Discounts may be offered from time-to-time in accordance with Western’s Open Access Transmission Tariff.

**Character and Conditions of Service:**

Alternating current at 60 Hertz, three-phase, delivered and metered at the voltages and points of delivery established by contract or service agreement over the CAP 115/230-kV transmission system.

**Adjustment for Reactive Power:**

There shall be no entitlement to transfer of reactive kilovolt amperes at delivery points, except when such transfers may be mutually agreed upon by the parties and contracting officer or their authorized representatives.

**Billing:**

Billing determinants for the formula rate above will be as specified in the contract or service agreement. Billing will occur monthly under the formula rate.

**Adjustment for Losses:**

Losses incurred for service under this rate schedule will be accounted for as agreed to by the parties in accordance with the contract or service agreement. If losses are not fully provided by a Transmission Customer, charges for financial compensation may apply.

**Unreserved Use:**

Western will assess a charge for any unreserved use of the transmission system. Unreserved use occurs when a customer uses transmission service that it has not reserved or uses transmission service in excess of its reserved capacity. Unreserved use may also include a customer’s failure to curtail transmission when requested.

The charge assessed for unreserved use is two times the maximum allowable rate for the service at issue as follows: The penalty for a single hour of unreserved use is based on the daily short-term rate. The penalty for more than one assessment of unreserved use for any given duration (e.g., daily) increases to next longest duration (e.g., weekly). The penalty for multiple instances of unreserved use (e.g., more than one hour) within a day is based on the daily short-term rate. The penalty for multiple instances of unreserved use isolated to one calendar week is based on the weekly short-term rate. The penalty for multiple instances of unreserved use during more than one week in a calendar month is based on the monthly short-term rate.

A customer that exceeds its reserved capacity at any point of receipt or point of delivery, or a customer that uses transmission service at a point of receipt or point of delivery that it has not reserved, is required to pay for all ancillary services provided by the Western Area Lower Colorado (WALC) Balancing Authority and associated with the unreserved use. The customer will pay for ancillary services based on the amount of transmission service used and not reserved.

Rate Schedule CAP–NFT3

(Supersedes Schedule CAP–NFT2)
Adjustment for Reactive Power:

There shall be no entitlement to transfer of reactive kilovolt amperes at delivery points, except when such transfers may be mutually agreed upon by the parties and contracting officer or their authorized representatives.

Billing:

Billing determinants for the formula rate above will be as specified in the service agreement. Billing will occur monthly under the formula rate.

Adjustment for Losses:

Losses incurred for service under this rate schedule will be accounted for as agreed to by the parties in accordance with the contract or service agreement. If losses are not fully provided by a transmission customer, charges for financial compensation may apply.

A recalculated Annual Transmission Revenue Requirement for Network Integration Transmission Service will go into effect every January 1 based on the above formula and updated financial and load data. Western will notify the transmission customer annually of the recalculated annual revenue requirement on or before December 1.

Billing:

Billing determinants for the formula rate above will be as specified in the service agreement. Billing will occur monthly under the formula rate.

Adjustment for Losses:

Losses incurred for service under this rate schedule will be accounted for as agreed to by the parties in accordance with the contract or service agreement. If losses are not fully provided by a transmission customer, charges for financial compensation may apply.

ENVIRONMENTAL PROTECTION AGENCY

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Hydrochloric Acid Production (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), “NESHAP for Hydrochloric Acid Production (40 CFR part 63, subpart NNNNN) (Renewal)” (EPA ICR No. 2032.08, OMB Control No. 2060–0529) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 et seq.). This is a proposed extension of the ICR, which is currently approved through December 31, 2015. Public comments were previously requested via the Federal Register (80 FR 32116) on June 5, 2015 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before January 28, 2016.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA–HQ–OECA–2011–0275, to (1) EPA online using www.regulations.gov (our preferred method), by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA’s policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202)
