SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the Federal Motor Carrier Safety Regulations 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The statute also allows the Agency to renew exemptions at the end of the 2-year period. The 107 individuals listed in this notice have recently become eligible for a renewed exemption from the diabetes prohibition in 49 CFR 391.41(b)(3), which applies to drivers of CMVs in interstate commerce. The drivers remain in good standing with the Agency, have maintained their required medical monitoring and have not exhibited any medical issues that would compromise their ability to safely operate a CMV during the previous 2-year exemption period.

Exemption Decision

This notice addresses 107 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. These 107 drivers remain in good standing with the Agency, have maintained their required medical monitoring and have not exhibited any medical issues that would compromise their ability to safely operate a CMV during the previous 2-year exemption period. Therefore, FMCSA has decided to extend each exemption for a renewable two-year period. Each individual is identified according to the renewal date.

The exemptions are renewed subject to the following conditions: (1) That each individual submit a quarterly monitoring checklist completed by the treating endocrinologist as well as an annual checklist with a comprehensive medical evaluation; (2) that each individual reports within 2 business days of occurrence, all episodes of severe hypoglycemia, significant complications, or inability to manage diabetes; also, any involvement in an accident or any other adverse event in a CMV or personal vehicle, whether or not it is related to an episode of hypoglycemia; (3) that each individual submit an annual ophthalmologist's or optometrist's report; and (4) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file, or keep a copy in his/her driver's qualification file if he/she is self-employed. The driver must also have a copy of the certification when driving, for presentation to a duly authorized

Federal, State, or local enforcement official.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. The following groups of drivers received renewed exemptions in the month of January and are discussed below.

As of January 5, 2016, and in accordance with 49 U.S.C. 31136(e) and 31315, the following 20 individuals have satisfied the renewal conditions for obtaining an exemption from the rule prohibiting drivers with ITDM from driving CMVs in interstate commerce. (76 FR 71112; 77 FR 532):

 Ronnie C. Webb (MT)

The drivers were included in Docket No. FMCSA–2013–0191. Their exemptions are effective as of January 29, 2016 and will expire on January 29, 2018.

Each of the 107 drivers in the aforementioned groups qualifies for a renewal of the exemption. They have maintained their required medical monitoring and have not exhibited any medical issues that would compromise their ability to safely operate a CMV during the previous 2-year exemption period.

These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each of the 107 drivers for a period of two years is likely to achieve a level of safety equal to that existing without the exemption. The drivers were included in docket numbers FMCSA–2009–0289; FMCSA–2009–0290; FMCSA–2011–0300; FMCSA–2013–0190; FMCSA–2013–0191.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by January 29, 2016.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 107 individuals from rule prohibiting persons with ITDM from operating CMVs in interstate commerce in 49 CFR 391.41(b)(3). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the medical condition of each applicant for an exemption from rule prohibiting persons with ITDM from operating CMVs in interstate commerce. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA 2015–0461]

Agency Information Collection Activities; Emergency Revision of a Currently-Approved Information Collection: Licensing Applications for Motor Carrier Operating Authority

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the Information Collection Request (ICR)

described below to the Office of Management and Budget (OMB) for its review and approval. The FMCSA seeks emergency approval to revise an ICR titled, “Licensing Applications for Motor Carrier Operating Authority,” that is used by for-hire motor carriers of regulated commodities, motor passenger carriers, freight forwarders, property brokers, and certain Mexico-domiciled motor carriers to register their operations with the FMCSA.

DATES: Please send your comments to this notice by January 29, 2016. OMB must receive your comments by this date to act quickly on the ICR.

ADDRESSES: All comments should reference Federal Docket Management System (FDMS) Docket Number FMCSA–2015–0461. Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/Federal Motor Carrier Safety Administration, and sent via electronic mail to oira_submission@omb.eop.gov, faxed to (202) 395–6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Mr. Jeff Secrist, Office of Registration and Safety Information, Department of Transportation, Federal Motor Carrier Safety Administration, West Building, 6th Floor, 1200 New Jersey Avenue SE., Washington, DC 20590–0001. Telephone: 202–385–2367; email jeff.secrist@dot.gov. Office hours are from 9:00 a.m. to 5:00 p.m., Monday through Friday, except Federal Holidays.

SUPPLEMENTARY INFORMATION:

Title: Licensing Applications for Motor Carrier Operating Authority.

OMB Control Number: 2126–0016.

Type of Request: Revision of a currently-approved information collection.

Respondents: Motor carriers, motor passenger carriers, freight forwarders, brokers, and certain Mexico-domiciled motor carriers.

Estimated Number of Respondents: 12,413.

Estimated Time per Response: 4 hours to complete Form OP–1 (MX); and 2 hours to complete Forms OP–1, OP–1(FF), OP–1(P) and OP–1(NNA).

Expiration Date: October 31, 2018.

Frequency of Response: Other (as needed).

Estimated Total Annual Burden: 24,853 hours [74,464 hours for Year 1 + 48 hours for Year 2 + 48 hours for Year 3 = 74,560 hours/3 year approval for ICR = 24,853 estimated average number of annual burden hours].

Background: The FMCSA is authorized to register certain for-hire Mexico-domiciled long-haul motor carriers of regulated commodities under the provisions of 49 U.S.C. 13902 and the North American Free Trade Agreement (NAFTA) motor carrier access provision. The Form OP–1(MX) is used by FMCSA to register those Mexico-domiciled motor carriers. It requests information on the applicant’s identity, location, familiarity with safety requirements, and type of proposed operations.

FMCSA published a Final Rule titled, “Unified Registration System,” (78 FR 52608), dated August 23, 2013, that would incorporate all registration form requirements included in this ICR, except the Form OP–1(MX), into the Form MCSA–1 in the OMB Control Number 2126–0051, “FMCSA Registration/Updates,” ICR effective October 23, 2015. The Form OP–1(MX) was excluded from the Form MCSA–1 because its information collection requirements are beyond the scope of the Unified Registration System Final Rule. On October 5, 2015, FMCSA obtained OMB approval to eliminate all of the registration forms except the Form OP–1(MX) from this ICR.

This emergency ICR revision request is due to a Final Rule titled “Unified Registration System,” (80 FR 63695) dated October 21, 2015, which changed the effective and compliance dates of the 2013 Final Rule from October 23, 2015, to September 30, 2016. This change in the effective and compliance dates from the 2013 Final Rule is required to allow FMCSA additional time to complete the information technology (IT) systems work required to fully implement that rule. As a result, FMCSA seeks emergency approval to continue using the Licensing Applications for Motor Carrier Operating Authority Forms (OP–1(NNA), OP–1(FF), OP–1, and OP–1(P)) through September 30, 2016, as these forms will be needed to support registration requirements.

Public Comments Invited: FMCSA requests that you comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for FMCSA to perform its functions, (2) the accuracy of the estimated burden, (3) ways for the FMCSA to enhance the quality, usefulness, and clarity of the collected information, and (4) ways that the
