SUPPLEMENTARY INFORMATION:

Title: Requirement to Present Certain Health Information for a Service Dog under 38 CFR 1.218(a)(11)

OMB Control Number: 2900-0831.

Type of Review: Emergency.

Abstract: Pursuant to 38 U.S.C. 901, VA may prescribe rules to provide for the maintenance of law and order and the protection of persons and property on VA property. VA implements this authority in regulations at 38 CFR 1.218 pertaining to security and law enforcement. This final rule will amend § 1.218(a)(11) to require VA facilities to permit service animals on VA property consistent with 40 U.S.C. 3103 (section 3103) and Public Law 112-154, § 109, 126 Stat. 1165 (2012) (section 109). Section 3103(a) provides that guide dogs or other service animals accompanying individuals with disabilities and especially trained for that purpose shall be admitted to any building or other property owned or controlled by the Federal Government on the same terms and conditions, and subject to the same regulations, as generally govern the admission of the public to the property. Section 109 provides that VA specifically may not prohibit the use of a covered service dog in any VA facility, on any VA property, or in any facility or on any property that receives funding from VA, and further defines a covered service dog as a service dog that has been trained by an entity that is accredited by an appropriate accrediting

body that evaluates and accredits organizations which train guide or service dogs. Current 38 CFR 1.218(a)(11), however, reads that dogs and other animals, except seeing-eye dogs, shall not be brought upon property except as authorized by the head of the facility or designee. Our current regulation can be interpreted to allow the head of a VA facility or designee to bar access to all animals other than seeing-eye dogs, which is inconsistent with both section 3103(a) and section 109. We therefore revise our regulation to be consistent with the requirements in section 3103(a) and section 109. The collection associated with this regulation revision only applies to those service dogs that would be staying on VA property with a Veteran for extended periods of time while that Veteran is being treated in a residential treatment setting. This collection is not associated with the basic entry of a service dog generally on VA property. This collection is also associated with the entry of Animal Assisted Therapy and Animal Assisted Activity animals on VA property, and residential animals on VA residential units.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at 80 FR 49157 on August 17, 2015.

Affected Public: Individuals or households.

Estimated Annual Burden: 125 burden hours.

Estimated Average Burden per Respondent: 5 minutes.

Frequency of Response: Annually.

Estimated Number of Respondents: 1,500.

By direction of the Secretary.

Crystal Rennie,

Department Clearance Officer, Department of Veterans Affairs.
