Agency Information Collection Activities: Proposed Collection; Comment Request—Regional Office Administered Program (ROAP) Child Nutrition Payment Center (for the National School Lunch, School Breakfast, and Special Milk Programs)

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this existing information collection. This collection is a renewal of a currently approved collection for reporting annual application and monthly claim data via the Child Nutrition Payment Center for the National School Lunch Program, the School Breakfast Program, and the Special Milk Program for schools and institutions administered by a U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS) Regional Office Administered Program.

DATES: Written comments must be received on or before March 4, 2016.

ADDRESSES: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic,

mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent to Steve Hortin, Branch Chief, Operational Support, Child Nutrition Programs, Food and Nutrition Service, U.S. Department of Agriculture, 3101 Park Center Drive, Room 640, Alexandria, VA 22302-1594. Comments will also be accepted through the Federal eRulemaking Portal. Go to <http://www.regulations.gov> and follow the online instructions for submitting comments electronically.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will be a matter of public record.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of this information collection should be directed to Steve Hortin at the address indicated above or by phone at 703-305-4375.

SUPPLEMENTARY INFORMATION:

Title: 7 CFR part 210 National School Lunch Program, Part 220 School Breakfast Program, and Part 215 Special Milk Program.

Form Number: (formerly FNS-806A and FNS-806B).

OMB Number: 0584-0284.

Expiration Date: 04/30/2016.

Type of Request: Revision of a currently approved collection.

Abstract: The National School Lunch Program (NSLP), School Breakfast Program (SBP), and Special Milk Program (SMP) are administered by State agencies; however, in the States of Virginia and Colorado, there are some schools and institutions where these Programs are instead administered directly by the associated USDA FNS Regional Office (as part of a Regional Office Administered Program, or ROAP). The State of Virginia, however, will no longer be using a FNS ROAP as of July 1, 2016. As part of a ROAP, these SFAs and institutions complete a Federal Claim for Reimbursement to receive reimbursement for meals and milk served to children. The forms previously used were forms FNS-806A and FNS-806B, respectively. These SFAs and institutions also complete a Federal application to participate in these Programs. The forms previously used were forms FNS-66, FNS-66A, FNS-66B and were previously part of

other information collections (OMB control #0584-0006—7 CFR part 210 National School Lunch Program, expiration date February 29, 2016 and OMB control #0584-0005—7 CFR part 210 Special Milk Program for Children, expiration date November 30, 2018). The information previously collected on these five forms is now entered directly into one computerized web application and payment system (submitted electronically via the Internet) referred to as the Child Nutrition Payments Center (currently administered by the FNS Mid-Atlantic Regional Office).

The Child Nutrition (CN) Payment Center is the secure online portal operated by FNS for use by a limited number of institutions and school food authorities (SFAs) within Virginia, Colorado, and U.S. Department of Defense school installations. Through this portal, these SFAs and institutions can submit Program applications and claims for meal reimbursement.

With the renewal of this information collection, the five forms are officially being removed and replaced by the electronic system that currently exists. The reporting and recordkeeping requirements for the application information are being incorporated into this information collection since it is part of the same ROAP system. This system fulfills the requirements set forth in NSLP, SBP and SMP regulations issued by the Secretary of Agriculture (7 CFR 210.8 and 220.11; and 215.10) to collect the meal and milk data for the schools and institutions that are directly administered by the ROAP. This information collection is required to administer and operate these programs in accordance with the NSLA. All of the reporting and recordkeeping requirements are currently approved by the Office of Management and Budget and are in force. This is a revision of the currently approved information collection.

Affected Public: SFAs and institutions participating in the NSLP, SBP, and SMP administered by a FNS ROAP (as of July 1, 2016 when Virginia will no longer be using a FNS ROAP).

Estimated Number of Respondents: 60.

Estimated Number of Responses per Respondent: 11.

Estimated Total Annual Responses: 660.

Reporting Time per Response: 0.5 hours.

Estimated Annual Reporting Burden: 330 hours

Refer to the table below for estimated total annual burden for each type of respondent.

Affected public	Number of respondents	Number responses per respondent	Total annual responses	Estimated average hours per response	Estimated total burden (hours)
ROAP School Food Authorities & Institutions	60	11	660	0.5	330
Total Annual Burden	60	11	660	0.5	330

Dated: December 17, 2015.

Forest Service

Klamath National Forest, California; Craggy Vegetation Management Project

AGENCY: Forest Service, USDA.
ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The Klamath National Forest is preparing an environmental impact statement (EIS) to improve fire resiliency on National Forest System lands by reducing fuels and stand density. The project area includes about 6,270 acres of private land and 29,500 acres of National Forest System lands. Project treatments will be limited to National Forest System lands. The project is about 10 miles north of Fort Jones and one mile west of Yreka, in Siskiyou County, California.
DATES: Comments concerning the scope of the analysis must be received by February 3, 2016. The draft environmental impact statement is expected to be completed by April 2016, and the final environmental impact statement is expected to be completed by July 2016.

ADDRESSES: You may submit comments by any of the following methods:

- *Agency Web site:* <http://www.fs.usda.gov/project/?project=31770>. Select the "Comment on Project" link in the "Get Connected" group at the right hand side of the project Web page. Attachments may be in the following formats: Plain text (.txt), rich text format (.rtf), Word (.doc, .docx), or portable document format (.pdf).

SUPPLEMENTARY INFORMATION:

Purpose and Need for Action

- The purpose of the project is to:
1. Reduce the threat of wildfire to communities in the wildland urban interface while moving toward a diverse fire-resilient ecosystem.
 2. Reduce overstocked, drought-stressed and dying trees to promote forest health.
 3. Enhance early seral foraging and winter range habitat for deer and wild turkeys; and improve long-term habitat for northern spotted owl.
 4. Maintain or improve habitat for *Calochortus persistens*, a Forest Service sensitive plant.
 5. Limit the discharge of sediment to streams from sediment legacy sites to improve water quality.

Proposed Action

The proposed action was designed to meet the purpose and need for the project. A total of 10,700 acres is being proposed for treatment within the 29,500-acre project area. Strategic actions within project boundary will treat about 250 acres of the 1,190-acre defense zone and 3,870 acres within the 12,350-acre threat zone around the community of Yreka, California. Proposed treatments also include about 1,450 acres of fuel breaks along strategic road systems and ridges; 4,160 acres of prescribed burning; 860 acres of mastication to enhance wildlife habitat while reducing hazardous fuels; 1,350

acres of thinning (without the removal of Forest products); and 2,880 acres of thinning (with removal of Forest products).

Responsible Official

Forest Supervisor, Klamath National Forest, 1711 South Main Street, Yreka, CA 96097.

Nature of Decision To Be Made

The responsible official will decide whether to adopt and implement the proposed action, an alternative to the proposed action, or take no action.

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. During the comment period, an open house will be held in conjunction with the Yreka Area Fire Safe Council at the Forest Headquarters, 1711 South Main Street in Yreka on Wednesday, January 13, 2016, from 5 to 7 p.m. This is an opportunity to share location-specific information about the project with the public.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. We are particularly interested in hearing about any potential issues, which are defined as points of discussion, dispute, or debate about the effects of the proposed action. Your participation will help the interdisciplinary team develop effective, issue-driven alternatives and mitigations to the proposed action as needed.

This project is subject to comment pursuant to 36 CFR 218, subpart B. Only those who submit timely project-specific written comments during a public comment period are eligible to file an objection. Individuals or representatives of an entity submitting comments must sign the comments or verify identity upon request. Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection (40 CFR 1501.7
