BILLING CODE 6717–01–P

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OPP–2015–0741; FRL–9937–07]

Notice of Receipt of Requests To Voluntarily Cancel Pesticide Registrations and Amend Registrations To Terminate Certain Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is issuing a notice of receipt of requests by the registrants to voluntarily cancel their registrations of certain products

containing the pesticides alachlor, atrazine, fludioxonil, glyphosate, POE isooctadecanol, pyriproxyfen, quinalofop-p-ethyl, thiamethoxam, and thiophanate methyl, and to amend three dodine product registrations to terminate use on strawberries. The requests would not terminate the last atrazine, fludioxonil, glyphosate, POE isooctadecanol, pyriproxyfen, quinalofop-p-ethyl, thiamethoxam, and thiophanate methyl products registered for use in the United States. One request, if granted, would terminate the last alachlor products registered for use in the United States. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments within the comment period that would merit its further review of the requests, or unless the registrants withdraw their requests. If these requests are granted, any sale, distribution, or use of products listed in this notice will be permitted after the registrations have been cancelled and uses terminated only if such sale, distribution, or use is consistent with the terms as described in the final order.

DATES: Comments must be received on or before February 4, 2016.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA–HQ–OPP–2015–0741, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

II. Background on the Receipt of Requests To Cancel and/or Amend Registrations To Delete Uses

This notice announces receipt by EPA of requests from ADAMA Agricultural Solutions, Gowan Company, Syngenta Crop Protection, BASF Corporation, and Monsanto Company to cancel certain product registrations and from Agrifar S.A. to amend certain registrations to terminate uses on strawberry.

Alachlor is an herbicide registered for on beans, corn, peanuts, sorghum, and soybeans. There are no non-agricultural use sites. Atrazine is an herbicide registered for use on corn, sorghum, and sugarcane. In a letter dated October 13, 2015, Monsanto requested that EPA cancel all alachlor product registrations identified in Table 1 of Unit III. Several of these alachlor products also contain atrazine. Such action would terminate the last alachlor pesticide products registered in the United States, but would not terminate the last atrazine
