BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235-0585, SEC File No. 270-523]

Proposed Collection; Comment Request

Upon Written Request, Copies Available

From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

Extension: Rule 206(4)-7.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

The title for the collection of information is "Investment Advisers Act rule 206(4)-7 (17 CFR 275.206(4)-7), Compliance procedures and practices." Rule 206(4)-7 requires each investment adviser registered with the Commission to (i) adopt and implement internal compliance policies and procedures, (ii) review those policies and procedures annually, (iii) designate a chief compliance officer, and (iv) maintain certain compliance records. The rule is designed to protect investors by fostering better compliance with the securities laws. The collection of information under rule 206(4)-7 is necessary to assure that investment advisers maintain comprehensive internal programs that promote the advisers' compliance with the Investment Advisers Act of 1940. The information collected under this rule

may also assist Commission staff in assessing investment advisers' compliance programs.

This collection of information is mandatory. The information collected pursuant to the rule 206(4)-7 is reviewed by the Commission's examination staff; it will be accorded the same level of confidentiality accorded to other responses provided to the Commission in the context of its examination and oversight program.

The respondents to this information collection are investment advisers registered with the Commission. Our latest data indicate that there were 12,026 advisers registered with the Commission as of November 1, 2015. The Commission has estimated that compliance with rule 206(4)-7 imposes an annual burden of approximately 87 hours per respondent. Based on this figure, the Commission estimates a total annual burden of 1,046,262 hours for this collection of information.

Written comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication. An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

Please direct your written comments to Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, C/O Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549; or send an email to: *PRA_Mailbox@sec.gov*.

Dated: December 30, 2015.

Jill M. Peterson,

Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76801; File No. SR-Phlx-2015-99]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Regarding Order Exposure

December 30, 2015.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 15, 2015, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Phlx Rule 1080, entitled "Phlx XL and Phlx XL II," to account for potential internal conflicts with other Exchange Rules, which are exceptions to the order exposure rule regarding principle orders the Order Entry Firm represents as agent from being exposed.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Phlx Rule 1080(c)(ii)(C) to provide that other Exchange Rules are exceptions to rules requiring Order Entry Firms to expose orders and to name those rules. Today, Phlx Rule 1080(c)(ii)(C)(1) provides that,

Principal Transactions: Order Entry Firms may not execute as principal against orders on the limit order book they represent as agent unless: (a) Agency orders are first exposed on the limit order book for at least one (1) second, (b) the Order Entry Firm has been bidding or offering on the Exchange for at least one (1) second prior to receiving an agency order that is executable against such order, or (c) the Order Entry Firm proceeds in accordance with the crossing rules contained in Rule 1064.

Further, Phlx Rule 1080(c)(ii)(C)(2) and (3) provide,

Solicitation Orders. Order Entry Firms must expose orders they represent as agent for at least one (1) second before such orders may be automatically executed, in whole or in part, against orders solicited from members and non-member broker-dealers to transact with such orders.

It shall be a violation of Rule 1080(c)(ii)(C) for any Exchange member or member organization to be a party to any arrangement designed to circumvent Rule 1080(c)(ii)(C) by providing an opportunity for a customer, member, member organization, or non-member broker-dealer to execute immediately against agency orders delivered to the Exchange, whether such orders are delivered via AUTOM or represented in the trading crowd by a member or a member organization.

The Exchange notes that there are other exceptions to the general rule regarding the exposure of principal orders represented as agent by the Order Entry Firm. Also, other options exchanges have similar order exposure exceptions.³

The first proposed additional exception to the order exposure rule is Price Improvement XL or "PIXL."⁴ PIXL is a component of the Exchange's fully automated options trading system, PHLX XL that allows a member or member organization to electronically submit for execution an order it represents as agent on behalf of a public customer, broker-dealer, or any other entity ("PIXL Order") against principal interest or against any other order it

represents as agent (an "Initiating Order") provided it submits the PIXL Order for electronic execution into the PIXL Auction ("Auction"). This mechanism is an exception to the general rule in [sic], which requires Phlx members and member organizations to expose principal orders they represent as agent for at least one (1) second prior to receiving an agency order that is executable against such bid or offer. With PIXL, paired orders are submitted simultaneously and would not violate Phlx Rule 1080(c)(ii)(C).

The second proposed additional exception to the order exposure rule is the Complex Order Live Auction or "COLA."⁵ COLA is the automated Complex Order Live Auction process. A COLA may take place upon identification of the existence of a COLA-eligible order either: (1) Following a COOP, or (2) during normal trading if the Phlx XL system receives a Complex Order that improves the cPBBO. Phlx XL participants may bid and/or offer on either or both side(s) of the market during the COLA Timer by submitting one or more bids or offers that improve the cPBBO, known as a "COLA Sweep."⁶ COLA does not abide by the one second order exposure requirement.

The third proposed additional exception to the order exposure rule is the Qualified Contingent Cross or "QCC" mechanism.⁷ A QCC Order is comprised of an originating order to buy or sell at least 1,000 contracts, or 10,000 contracts in the case of Mini Options, which is identified as being part of a qualified contingent trade that is coupled with a contra-side order or orders totaling an equal number of contracts.⁸ With QCC, coupled orders are submitted simultaneously and would not violate Phlx Rule

⁵ See Phlx Rule 1080, Commentary .02(c)(ii)(e) [sic].

⁶ A single Phlx XL participant may submit multiple COLA Sweeps at different prices (but not multiple COLA Sweeps at the same price, except as provided in sub-paragraph (B) below) in increments of \$0.01 in response to a COLA broadcast, regardless of the minimum trading increment applicable to the specific series. Phlx XL participants may change the size of a previously submitted COLA Sweep at the previously submitted COLA price during the COLA Timer. The system will use the Phlx XL participant's most recently submitted COLA Sweep at each price level as that participant's response at that price level, unless the COLA Sweep has a size of zero. A COLA Sweep with a size of zero will remove a Phlx XL participant's COLA Sweep from the COLA at that price level. COLA Sweeps will not be visible to any participant and will not be disseminated by the Exchange. See Phlx Rule 1080, Commentary .02(c)(ii)(e)(iv)(A)-(C) [sic].

⁷ See Phlx Rules 1080(o).

⁸ See Phlx Rule 1080(o).

1080(c)(ii)(C).⁹ A QCC transaction consists of two or more component orders, executed as agent or principal, where: (a) At least one component is an NMS Stock, as defined in Rule 600 of Regulation NMS under the Exchange Act; (b) all components are effected with a product or price contingency that either has been agreed to by all the respective counterparties or arranged for by a broker-dealer as principal or agent; (c) the execution of one component is contingent upon the execution of all other components at or near the same time; (d) the specific relationship between the component orders (e.g., the spread between the prices of the component orders) is determined by the time the contingent order is placed; (e) the component orders bear a derivative relationship to one another, represent different classes of shares of the same issuer, or involve the securities of participants in mergers or with intentions to merge that have been announced or cancelled; and (f) the transaction is fully hedged (without regard to any prior existing position) as a result of other components of the contingent trade.¹⁰

The Exchange believes that amending Phlx Rule 1080(c)(ii)(C) to add rule text to include these additional exceptions to this general rule regarding order exposure will conform the rule text.

2. Statutory Basis

The Exchange believes that its proposal is consistent with section 6(b) of the Act¹¹ in general, and furthers the objectives of section 6(b)(5) of the Act¹² in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by explicitly delineating all exceptions to the general rule regarding the requirements to expose certain principal orders which the Order Entry firm represents as agent. Specifically, the Exchange's proposal amends the order exposure rule to list PIXL, COLA and QCC as exceptions to the wait time to expose such principal orders the Order Entry Firm represents as agent for at least one (1) second prior to receiving an agency order that is executable against such bid or offer.

The Exchange's proposal will make clear that PIXL is an exception to the

⁹ Complex Orders may also be placed into PIXL. See Phlx Rule 1080(n).

¹⁰ See Phlx Rule 1080(o)(3).

¹¹ 15 U.S.C. 78f(b).

¹² 15 U.S.C. 78f(b)(5).

³ See International Securities Exchange LLC ("ISE") Rule 717(d) and BOX Options Exchange LLC ("BOX") Rule 7140.

⁴ See Phlx Rule 1080(n). Complex Orders may also be placed into PIXL.

general rule, which requires Phlx members and member organizations to expose principal orders they represent as agent for at least one (1) second prior to receiving an agency order that is executable against such bid or offer. PIXL permits Participants to enter paired orders without first exposing those orders for one second. The Exchange believes that providing an exception to the order exposure rule for orders entered into PIXL is consistent with the Act, because while PIXL's auction will last for one second, the orders may be entered as paired orders.¹³ A Phlx member or member organization, known as the Initiating Participant, must enter an order into the PIXL Mechanism as specified by Phlx Rule 1080(n).¹⁴ Complex Orders may also be entered into PIXL and such prices must be at the cPBBO or better.¹⁵ Initiating Participants entering orders into PIXL are required to guarantee an

¹³ See Phlx Rule 1080(o).

¹⁴ To initiate the Auction (except if it is a Complex Order), the Initiating Member must mark the PIXL Order for Auction processing, and specify either: (a) A single price at which it seeks to execute the PIXL Order (a "stop price"); (b) that it is willing to automatically match as principal or as agent on behalf of an Initiating Order the price and size of all PAN responses, and trading interest ("auto-match") in which case the PIXL Order will be stopped at the NBBO on the Initiating Order side; or (c) that it is willing to either: (i) Stop the entire order at a single stop price and auto-match PAN responses and trading interest at a price or prices that improve the stop price to a specified price (a "Not Worse Than" or "NWT" price); (ii) stop the entire order at a single stop price and auto-match all PAN responses and trading interest at or better than the stop price; or (iii) stop the entire order at the NBBO on the Initiating Order side, and auto-match PAN responses and trading interest at a price or prices that improve the stop price up to the NWT price. In all cases, if the PBBO on the same side of the market as the PIXL Order represents a limit order on the book, the stop price must be at least one minimum price improvement increment better than the booked limit order's limit price. Once the Initiating Member has submitted a PIXL Order for processing pursuant to this subparagraph, such PIXL Order may not be modified or cancelled. The stop price or NWT price may be improved to the benefit of the PIXL Order during the Auction, but may not be cancelled. See Phlx Rule 1080(n)(ii)(A)(1).

¹⁵ To initiate the PIXL Complex Order Auction, the Initiating Member must mark the PIXL Order for Auction processing, and specify either: (a) A single price at which it seeks to execute the PIXL Order (a "stop price"); or (b) that it is willing to either: (i) Stop the entire order at a single stop price and auto-match PAN responses and trading interest at a price or prices that improve the stop price to a specified price (a "Not Worse Than" or "NWT" price); or (ii) stop the entire order at a single stop price and auto-match all PAN responses and trading interest at or better than the stop price. Once the Initiating Member has submitted a PIXL Complex Order for processing pursuant to this subparagraph, such PIXL Order may not be modified or cancelled. Under any of the circumstances described in subparagraphs (a)–(b) in note 14, the stop price or NWT price may be improved to the benefit of the PIXL Order during the Auction, but may not be cancelled. See Phlx Rule 1080(n)(ii)(A)(2).

execution at the NBBO (cPBBO for Complex Orders) or at a better price, and are subject to market risk while their PIXL Order is exposed to other market participants in this competitive auction.

The Exchange's proposal will make clear that COLA is an exception to the general order exposure rule. A "COLA-eligible order" means a Complex Order (a) identified by way of a COOP, or (b) that, upon receipt, improves the cPBBO respecting the specific Complex Order Strategy that is the subject of the Complex Order and is not for a market maker, as specified in Phlx Rule 1080.07 (b)(ii).¹⁶ COLA-eligible orders are executed without consideration of any prices that might be available on other exchanges trading the same options contracts. The COLA will begin with a timing mechanism (a "COLA Timer"), which is a counting period not to exceed five (5) seconds during which Phlx XL participants may submit bids or offers that improve the cPBBO. Phlx XL participants may bid and/or offer on either or both side(s) of the market during the COLA Timer by submitting one or more bids or offers that improve the cPBBO, known as a "COLA Sweep." COLA Sweeps will not be visible to any participant and will not be disseminated by the Exchange. Upon the expiration of the COLA Timer, COLA Sweeps and/or any Complex Orders received during the COLA Timer that improve the cPBBO may be executed against the COLA-eligible order.¹⁷ The Exchange believes that providing an exception to the order exposure rule for orders entered into COLA is consistent with the Act, because while COLA auction may exceed one second, the COLA-eligible order will receive the best price or prices available for the Complex Order Strategy represented by the COLA-eligible order, and are subject to market risk while their Complex Order is exposed to other market participants in this competitive auction.

The Exchange's proposal will make clear that QCC is an exception to the general order exposure rule. QCC Orders are immediately executed upon entry into the System by an Order Entry Firm provided that (i) no Customer Orders are at the same price on the Exchange's limit order book and (ii) the price is at or between the NBBO. The Exchange

¹⁶ If the Phlx XL system identifies the existence of a COLA-eligible order following a COOP or by way of receipt during normal trading of a Complex Order that improves the cPBBO, such COLA-eligible order will initiate a COLA, during which Phlx XL participants may bid and offer against the COLA-eligible order pursuant to this rule.

¹⁷ See Phlx Rule 1080, Commentary .02(c)(ii)(e) [sic].

believes that providing an exception to the order exposure rule for orders entered into QCC is consistent with the Act, because when entered into the System QCC Orders are coupled with a contra-side order or orders totaling an equal number of contracts. These orders must be executed at a price that is at or between the NBBO, and are subject to market risk while the QCC Order is exposed to other market participants in this competitive auction.

The proposed amendments provide additional exceptions to the current order exposure rule and will serve to protect investors and the public interest by providing additional information in the Rules concerning exceptions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes do not impose any burden on competition, rather, the amendment provides an exception to the order exposure rule for orders entered into PIXL, COLA and QCC for all Phlx members and member organizations. The Exchange believes that this exception will further inform Phlx members and member organizations of their obligations with respect to order exposure. Phlx members and member organizations entering orders into PIXL [sic], COLA or QCC are subject to market risk while their order is exposed to other market participants and member organizations in these competitive auctions.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A)(iii) of the Act¹⁸ and

¹⁸ 15 U.S.C. 78s(b)(3)(a)(iii).

subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-Phlx-2015-99 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-Phlx-2015-99. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements

with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-Phlx-2015-99 and should be submitted on or before January 27, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

Jill M. Peterson,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76797; File No. SR-NASDAQ-2015-158]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify the Fees for Managed Data Solutions

December 30, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

(“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 18, 2015, The NASDAQ Stock Market LLC (“NASDAQ”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by NASDAQ. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

NASDAQ proposes to modify the charges to be paid for Managed Data Solutions (“MDS”). While the changes proposed herein are effective upon filing, the Exchange has designated that the amendments be operative on January 1, 2016.

The text of the proposed rule change is below. Proposed new language is italicized; proposed deletions are bracketed.

NASDAQ Stock Market Rules

Equity Rules
