**SUPPLEMENTARY INFORMATION:**

**(1) PBGC Is Proposing To Revise the Categories of Individuals Covered by the System for PBGC-6**

PBGC is proposing to revise the Categories of Individuals Covered by the System for PBGC-6, Plan Participant and Beneficiary Data—PBGC (last revised at 79 FR 53572 (September 9, 2014)). The section titled Categories of Individuals Covered by the System currently reads, "Participants, alternate payees, and beneficiaries in terminating and terminated pension plans covered ERISA."

Sometimes individuals who believe that they may be owed benefits from PBGC contact PBGC to inquire about these benefits, and sometimes it is determined that such an individual is not owed any benefit (for reasons such as the individual already received a lump-sum payment or was not a participant in any terminated pension plans for which PBGC is the trustee). Because these individuals are not participants, alternate payees, or beneficiaries, they are not covered by PBGC-6 as it is currently written. This limits PBGC's recordkeeping abilities.

As such, PBGC is proposing to add, "and other individuals who contact PBGC regarding benefits they may be owed from PBGC," to the end of the current language in the Categories of Individuals Covered by the System. The amended language clarifies that PBGC may also collect information about individuals who are not participants or beneficiaries in a PBGC-trusted plan for the purpose of determining whether they are owed a benefit from PBGC.

**(2) PBGC Is Proposing To Revise the Categories of Records in the System for PBGC-6.**

PBGC is proposing to revise the Categories of Records in the System for PBGC-6, Plan Participant and Beneficiary Data—PBGC (last revised at 79 FR 53572 (September 9, 2014)).

Categories of Records in the System currently reads, "Names; addresses; telephone numbers; sex; social security numbers and other Social Security Administration information; dates of birth; dates of hire; salary; marital status; domestic relations orders; time of plan participation; eligibility status; pay status; benefit data, including records of benefit payments made to participants, alternate payees, and beneficiaries in terminating and terminated pension plans covered by ERISA; health-related information; powers of attorney; insurance information where plan benefits are provided by private insurers; pension plan names and numbers; initial and final PBGC determinations (see 29 CFR 4003.21 and

4003.59); and other records relating to debts owed to PBGC.”

To clarify and more accurately describe the records in PBGC–6, PBGC is proposing to add the following additional record categories: Email addresses, dates of death, and employment history.

### **(3) PBGC Is Proposing To Revise Routine Use 14 for PBGC–6**

PBGC is proposing to modify Routine Use 14 for PBGC–6, Plan Participant and Beneficiary Data—PBGC (last revised at 79 FR 53572 (September 9, 2014)).

Currently, Routine Use 14 allows PBGC to provide the names and social security numbers of participants and beneficiaries to the Department of the Treasury, the Department of the Treasury’s financial agent, and the Federal Reserve Bank for the purpose of learning which of PBGC’s check payees have established electronic debit card accounts used for the electronic deposit of federal benefit payments. PBGC implemented this routine use for a pilot program which PBGC now intends to implement permanently.

PBGC is proposing that Routine Use 14 be modified to read, “Names and social security numbers of participants and beneficiaries may be provided to the Department of the Treasury, the Department of the Treasury’s financial agent, and the Federal Reserve Bank for the purpose of learning which of PBGC’s check payees have electronic debit card accounts used for the electronic deposit of federal benefit payments, and for establishing electronic debit card accounts for eligible participants and beneficiaries, and for administering payments to participants and beneficiaries who have selected this method of payment.”

The amended routine use will allow PBGC to share information with the Department of the Treasury, its financial agent, and the Federal Reserve Bank, both for the purpose of learning which of PBGC’s check payees have electronic debit card accounts, as well as for the purpose of establishing new electronic debit card accounts for eligible participants and beneficiaries.

### **(4) PBGC Is Proposing To Add Two Routine Uses to PBGC–6**

PBGC is proposing to add two new routine uses to PBGC–6, Plan Participant and Beneficiary Data—PBGC (last revised at 79 FR 53572 (September 9, 2014)).

#### *a. Routine Use 17*

PBGC seeks to establish a pilot program with the Department of Labor, Employee Benefits Security

Administration (EBSA), in which PBGC will share information about missing participants and beneficiaries with EBSA, and EBSA will search for those missing individuals. PBGC is proposing to add a routine use to PBGC–6 to allow PBGC to provide this information to EBSA, and possibly to other private firms and agencies that provide locator services to locate participants and beneficiaries in the future.

PBGC proposes that the new routine use read, “Names, social security numbers, last known addresses, dates of birth and death, amount of benefit, pension plan name, plan EIN/PIN number, name of plan sponsor, and the city and state of the plan sponsor of plan participants and beneficiaries may be disclosed to private firms and agencies that provide locator services (including credit reporting agencies and debt collection firms or agencies), to locate participants and beneficiaries. Such information will be disclosed only if the PBGC has no address for an individual or if mail sent to the individual at the last known address is returned as undeliverable. Disclosure shall be made only under a contract that subjects the firm or agency providing the service and its employees to the criminal penalties of the Privacy Act. The information so disclosed shall be used exclusively pursuant to the terms and conditions of such contract and shall be used solely for the purposes prescribed therein. The contract shall provide that the information so disclosed shall be returned or destroyed at the conclusion of the locating effort.”

The new routine use will allow PBGC to share additional information with EBSA to facilitate its efforts to find missing participants and beneficiaries for PBGC, and will give PBGC flexibility to enter into other similar agreements in the future. Notably, this routine use mirrors existing Routine Use 4 (with proposed revisions incorporated) of PBGC–9. In short, this change enhances PBGC’s ability to locate missing participants and beneficiaries that are owed a benefit from PBGC.

#### *b. Routine Use 18*

On occasion, PBGC may enter into legal settlement agreements with third parties. As a result of these agreements, PBGC may be required, or choose, to share information from PBGC–6 with third parties covered by or created under these agreements.

To facilitate full performance of such agreements, PBGC is proposing to add a new routine use that reads, “Names, social security numbers, last known addresses, dates of birth and death, employment history, and pay status of

individuals covered by legal settlement agreements involving PBGC may be disclosed to entities covered by or created under those agreements.”

The new routine use will allow PBGC to share information with third parties covered by or created under settlement agreements that PBGC has entered into and will enter into in the future.

### **(5) PBGC Is Proposing To Revise the Safeguards for PBGC–6**

PBGC is proposing to revise the Safeguards for PBGC–6, Plan Participant and Beneficiary Data—PBGC (last revised at 79 FR 53572 (September 9, 2014)). The relevant portion of the Safeguards section currently reads, “Paper and electronic records that contain federal tax information are stored separately and are kept in locked file cabinets in areas of restricted access under procedures that meet IRS safeguarding standards.” (The other portions of the Safeguards section are accurate as currently written.)

To clarify and more accurately describe PBGC’s safeguards for federal tax information, PBGC is proposing to revise the current language to read, “Paper and electronic records that contain federal tax information are stored under procedures that meet IRS safeguarding standards.”

### **(6) PBGC Is Proposing To Revise the Record Source Categories for PBGC–6**

PBGC is proposing to revise the Record Source Categories for PBGC–6, Plan Participant and Beneficiary Data—PBGC (last revised at 79 FR 53572 (September 9, 2014)). Record Source Categories currently reads, “Plan Administrators; participants, alternate payees, beneficiaries; agents listed on power of attorneys; field benefit administrator offices; the SSA; the FAA; and the IRS.”

Sometimes individuals who believe that they may be owed benefits from PBGC contact PBGC to inquire about these benefits, and sometimes it is determined that such an individual is not owed any benefit (for reasons such as the individual already received a lump-sum payment or was not a participant in any terminated pension plans for which PBGC is the trustee). Because these individuals are not participants, alternate payees, or beneficiaries, they are not covered by PBGC–6 as it is currently written. This limits PBGC’s recordkeeping abilities.

As such, PBGC is proposing that Record Source Categories be amended to include, “and other individuals who contact PBGC regarding benefits they may be owed from PBGC.” The amended language clarifies that PBGC

may also collect information about individuals who are not participants or beneficiaries in a PBGC-trusted plan for the purpose of determining whether they are owed a benefit from PBGC.

**(7) PBGC Is Proposing To Revise the Categories of Records in the System for PBGC-9**

PBGC is proposing to revise the Categories of Records in the System for PBGC-9, Unclaimed Pensions—PBGC (last revised at 79 FR 53572 (September 9, 2014)).

Categories of Records in the System currently reads, “Names; social security numbers; addresses; email addresses; telephone numbers; pension plans names; and pension plan numbers.”

To clarify and more accurately describe the records in PBGC-9, PBGC is proposing to add the following additional record categories: Dates of birth and death, employment history, and pay status.

**(8) PBGC Is Proposing To Revise Routine Use 4 for PBGC-9**

PBGC is proposing to modify Routine Use 4 for PBGC-9, Unclaimed Pensions—PBGC (last revised at 79 FR 53572 (September 9, 2014)).

Currently, Routine Use 4 allows PBGC to provide names, social security numbers, last known addresses, and dates of birth and death to private firms and agencies that provide locator services, including credit reporting agencies and debt collection firms or agencies, to locate participants and beneficiaries. The routine use allows this information to be disclosed when PBGC has no address for an individual or if mail sent to the individual at the last known address is returned as undeliverable.

As discussed above, PBGC seeks to establish a pilot program with the Department of Labor, Employee Benefits Security Administration (EBSA), in which PBGC will share information about missing participants and beneficiaries with EBSA, and EBSA will search for those missing individuals.

To maximize the effectiveness of the EBSA program, and other similar programs that PBGC may engage in at some later date, PBGC is proposing to modify Routine Use 4 to allow PBGC to provide additional information to private firms and agencies that provide locator services to locate participants and beneficiaries. Specifically, PBGC proposes to add, “amount of benefit, pension plan name, plan EIN/PIN number, name of plan sponsor, and the city and state of the plan sponsor of plan participants and beneficiaries,” to the routine use. The amended routine

use will allow PBGC to share additional information with EBSA in order to facilitate its efforts to find missing participants and beneficiaries, and will give PBGC flexibility to enter into other similar agreements in the future. In short, this change enhances PBGC’s ability to locate missing participants and beneficiaries that are owed a benefit from PBGC.

**(9) PBGC Is Proposing To Add a Routine Use to PBGC-9**

PBGC is proposing to add a routine use to PBGC-9, Unclaimed Pensions—PBGC (last revised at 79 FR 53572 (September 9, 2014)).

On occasion, PBGC may enter into legal settlement agreements with third parties. As a result of these agreements, PBGC may be required, or choose, to share information from PBGC-9 with third parties covered by or created under these agreements.

To facilitate full performance of such agreements, PBGC is proposing to add a new routine use that reads, “Names, social security numbers, last known addresses, dates of birth and death, employment history, and pay status of individuals covered by legal settlement agreements involving PBGC may be disclosed to entities covered by or created under those agreements.”

Like proposed Routine Use 18 for PBGC-6, this new routine use will allow PBGC to share information with third parties covered by or created under settlement agreements that PBGC has entered into and will enter into in the future.

**(10) PBGC Is Proposing To Revise the Safeguards for PBGC-9**

PBGC is proposing to revise the Safeguards for PBGC-9, Unclaimed Pensions—PBGC (last revised at 79 FR 53572 (September 9, 2014)). The relevant portion of the Safeguards section currently reads, “Paper and electronic records that contain federal tax information are stored separately and are kept in locked file cabinets in areas of restricted access under procedures that meet IRS safeguarding standards.” (The other portions of the Safeguards section are accurate as currently written.)

To clarify and more accurately describe PBGC’s safeguards for federal tax information, PBGC is proposing to revise the current language to read, “Paper and electronic records that contain federal tax information are stored under procedures that meet IRS safeguarding standards.”

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written comments on the proposed

updates to PBGC’s systems of records. A report on the proposed systems has been sent to Congress and the Office of Management and Budget for their evaluation.

For the convenience of the public, PBGC-6 and PBGC-9 are published in full below with changes italicized.

**I. Introduction**

On December 29, 2015, the United States Postal Service (Postal Service) filed with the Commission, pursuant to 39 U.S.C. 3652, its Annual Compliance Report (ACR) for fiscal year (FY) 2015.<sup>1</sup> Section 3652 requires submission of data and information on the costs, revenues, rates, and quality of service associated with postal products within 90 days of the closing of each fiscal year. In conformance with other statutory provisions and Commission rules, the ACR includes the Postal Service's FY 2015 Comprehensive Statement, its FY 2015 annual report to the Secretary of the Treasury on the Competitive Products Fund, and certain related Competitive Products Fund material. *See respectively*, 39 U.S.C. 3652(g), 39 U.S.C. 2011(i), and 39 CFR 3060.20-23. In line with past practice, some of the material in the FY 2015 ACR appears in non-public annexes.

The filing begins a review process that results in an Annual Compliance Determination (ACD) issued by the Commission to determine whether Postal Service products offered during FY 2015 were in compliance with applicable title 39 requirements.

**II. Overview of the Postal Service's FY 2015 ACR**

*Contents of the filing.* The Postal Service's FY 2015 ACR consists of a 73-page narrative; extensive additional material appended as separate folders and identified in Attachment One; and an application for non-public treatment of certain materials, along with supporting rationale, filed as Attachment Two. The filing also includes the Comprehensive Statement,<sup>2</sup> Report to the Secretary of the Treasury, and information on the Competitive Products Fund filed in response to Commission rules. <sup>2</sup> In years prior to 2013, the Commission reviewed the Postal Service's reports prepared pursuant to 39 U.S.C. 2803 and 39 U.S.C. 2804 (filed as the Comprehensive Statement by the Postal Service) in its Annual Compliance Determination. However, as it did last year, the Commission intends to issue a separate notice soliciting comments on the comprehensive statement and provide its related analysis in a separate report from the ACD.
