Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the

agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Survey of Current and Alumni SAMHSA Fellows of the Minority Fellowship Program (MFP) (OMB No. 0930-0304)—REVISION

SAMHSA is requesting approval from the Office of Management and Budget (OMB) to revise the collection of surveys of current and alumni MFP fellows to include current and alumni fellows from the Now Is The Time-MFP-Youth (NITT-MFP-Y) and NITT-MFP-Addiction Counselors (NITT-MFP-AC) grant programs. These surveys would gather information about current and alumni fellows in all three programs that will help SAMHSA meet its responsibilities under the Government Performance and Results Modernization Act for gathering, analyzing, and interpreting information about government-funded programs such as the MFP, the NITT-MFP-Y, and the NITT-MFP-AC.

In 1973, in response to a substantial lack of ethnic and racial minorities in the mental health professions, the Center for Minority Health at the National Institute of Mental Health established the MFP. Since its move to SAMHSA in 1992, the MFP has continued to facilitate the entry of graduate students and psychiatric residents into mental health careers and has increased the number of psychology, psychiatry, nursing, and social work professionals trained to provide mental health and substance abuse services to minority groups. In 2014, funds were appropriated to expand the traditional MFP to include two programs to support the President's NITT initiative: NITT-MFP-Y and NITT-MFP-AC. These programs provide stipends and tuition support to students pursuing master's level training in behavioral health fields like psychology, social work, professional counseling, marriage and family therapy, nursing, and addiction/substance abuse counseling, thus directly supporting the NITT goal of increasing behavioral health services for youth and contributing to making schools safer. The traditional MFP offers sustained grants to six national behavioral health professional
