I. Introduction

This rulemaking is initiated by the Postal Regulatory Commission (Commission) to fulfill its responsibilities under the Postal Accountability and Enhancement Act (PAEA), Public Law 109–435, 120 Stat. 3218 (2006). The proposed rules amend existing Commission rules concerning ex parte communications¹ and obsolete rules no longer applicable under the PAEA are removed. Existing rules are brought up to date to be consistent with the recommended approach to agency treatment of ex parte communications² and are further reorganized for clarity.

The ex parte communications rules currently appear in three areas of the Commission's applicable Code of

¹ Rules concerning ex parte communications control all interactions, oral or in writing (including electronic), between Commission decision-making personnel, and the United States Postal Service (Postal Service) or public stakeholders in matters before the Commission.

² See Esa L. Sferra-Bonistalli, *Ex Parte Communications in Informal Rulemaking*, May 1, 2014, (prepared for consideration of the Administrative Conference of the United States) (Sferra-Bonistalli Report); Administrative Conference of the United States, *Administrative Conference Recommendation 2014–4*, June 6, 2014, (Recommendation 2014–4).

Federal Regulations (CFR). This rulemaking proposes to replace, in their entirety, the rules currently appearing at 39 CFR, part 3000, subpart B. This rulemaking also proposes to reorganize the rules currently appearing at § 3001.7, including a definition appearing at § 3001.5(o), and moves this material to a new 39 CFR part 3008.

II. Background

Applying ex parte communications principles promotes transparency and openness in government concerning its interactions with public stakeholders. See Recommendation 2014–4 at 2. These principles help prevent the perception that an entity may gain an unfair advantage over another by communicating inappropriately with the Commission on an ex parte basis. *Id.* at 3. These principles also reduce the risk that Commission decisions will be challenged in court based on alleged reliance on information obtained through inappropriate ex parte communications. Sferra-Bonistalli Report at 77–78.

By statute, the Commission is only required to place restrictions on ex parte communications where the Commission must provide an opportunity for hearing on the record pursuant to 5 U.S.C. 556–557. Under the PAEA, this is limited to nature of postal service cases pursuant to 39 U.S.C. 3661.

Historically, the Commission's regulations also extended restrictions on ex parte communications to post office appeal cases pursuant 39 U.S.C. 404(d)(5,6) and complaint cases pursuant to 39 U.S.C. 3662. The Commission views this as appropriate because of the potential impact on participants and their associated rights that may result under these types of proceedings. The proposed rules continue to impose restrictions on ex parte communications for the same statutorily required and historical proceedings described above. See proposed 39 CFR part 3008.

Many other types of proceedings come before the Commission other than nature of service, post office closing, and complaint proceedings that are mentioned above.³ But there is no statutory requirement to impose ex parte communications restrictions in these other proceeding types. However, the Commission believes that the aforementioned ex parte principles suggest that all proceedings before the

³ For example, the Commission administers the Annual Compliance Report (ACR), Competitive Product (CP), Mail Classification (MC), Market Test (MT), Public Inquiry (PI), Rate/Request (R), Rulemaking (RM), and Annual Tax Computation (T) proceedings.

Commission should be treated the same. A consistent policy applicable to all docket types is the simplest to understand and the most efficient to administer. Therefore, concomitant with the publishing of the final rules on ex parte communications concerning nature of service, post office closing, and complaint proceedings, the Commission will implement an internal policy requiring all docket types to adhere to nearly identical ex parte communications restrictions. The internal policy will be referenced in proposed 39 CFR part 3000, subpart B.

The proposed rules and the internal policy will be identical as far as prohibiting ex parte communications for matters before the Commission. They also will be identical in requiring a remedy of disclosure when an ex parte communication occurs. Because of the statutory requirements, there are differences in the types of sanctions, as will be explained below, that may be imposed when an ex parte communication occurs in a nature of service, post office closing, or complaint proceeding versus other types of proceedings. The Commission files the internal policy as Library Reference PRC-LR-RM2016-4/1 for comparison purposes.

III. Section-by-Section Analysis of Proposed Rule Changes

The rules in 39 CFR part 3000 are applicable only to Commission personnel.

Section 3000.735-501 Ex parte communications prohibited. Existing rule 735-501 prohibits ex parte communications by Commission decision-making personnel in certain contested matters before the Commission. The instant rulemaking attempts to address several issues with the existing rule. First, there is significant redundancy between this requirement and the requirements of existing § 3001.7. Second, it is difficult to identify who qualifies as Commission decision-making personnel without referring to other unrelated sections of the CFR. Third, the rule currently refers to rate and classification cases under 39 U.S.C. 3624, which were eliminated under the PAEA. Fourth, no guidance is offered to Commission personnel on how to treat ex parte communications outside the scope of the specific docket types mentioned under the existing rule.

The proposed rule addresses these concerns by restructuring § 3000.735-501. First, the substance of existing § 3000.735-501 is moved to proposed part 3008 and consolidated with

material from existing § 3001.7.⁴ Existing § 3000.735-501 is revised to inform Commission personnel of the Commission's general policy concerning ex parte communications. See proposed § 3000.735-501(a). This policy requires uniform treatment for ex parte communications in all proceeding types before the Commission. There is a general prohibition on ex parte communications on matters before the Commission with disclosure as the primary remedy for inadvertent ex parte communications. The proposed rule also provides notice that the internal Commission policy is available on the Commission's public Web site. The intent of making the policy public is to make external stakeholders aware of how Commission personnel will treat ex parte communications for all proceeding types.

Finally, Commission personnel are directed to proposed part 3008. See proposed § 3000.735-501(b). This part provides the specific requirements concerning nature of service proceedings, post office closing, and complaint proceedings. Except for the differences in potential sanctions for violation of the rule, the internal policy (applicable to all case types) and the requirement of part 3008 (applicable to a subset of case types) are intended to be consistent.

Section 3000.735-502 Public record of ex parte communications. The existing rule requires Commission personnel to disclose all ex parte communication in certain matters before the Commission. This rulemaking proposes to move the substance of the disclosure requirement to proposed rule 3008.6 and reserves § 3000.735-502 for future use.

Section 3001.5(o) Definitions. Ex parte communication. The existing rule provides the current definition of ex parte communications. This rulemaking proposes to move the definition to § 3008.2. The definition will be updated consistent with the recommended agency treatment of ex parte communications. The updated definition adds that electronic communications qualify as ex parte communications. The definition also provides a detailed list of exceptions to the otherwise broad scope of covered communications. Existing § 3001.5(o) is reserved for future use.

Section 3001.7 Ex parte communications. The Commission's ex parte communications rules (applicable to the pre-PAEA subset of case types)

are currently located in § 3001.7. The Commission proposes to move the substance of these rules to new part 3008. The amended rules will address the requirements for nature of service proceedings, post office closing, and complaint proceedings that come before the Commission. The rules will be applicable to Commission personnel, the Postal Service, and all outside entities that interact with the Commission.

Section 3008.1 Applicability. Proposed § 3008.1 specifies that the rules provided within part 3008 are applicable to nature of service, post office closing, and complaint proceedings. It also provides the Commission with discretion to impose ex parte communication restrictions concerning other matters that come before the Commission, where appropriate.

Section 3008.2 Definition of ex parte communications. Proposed § 3008.2 begins with a broad definition of ex parte communications and then limits the scope of the definition through a series of exceptions. The broad definition includes all communications, oral or written (including electronic), between Commission decision-making personnel, and the Postal Service or public stakeholders regarding matters before the Commission. The exceptions limit the scope of the definition to exclude: (1) Documents filed using the Commission's docketing system; (2) communications during widely publicized Commission meetings, hearings, or other publicly noticed events for which a summary of the meeting, hearing or event is provided for the record; (3) communications during off-the-record technical conferences or publicly noticed pre-filing conferences for nature of service cases; (4) questions and replies concerning Commission procedures and uncontested status inquiries; and (5) communications not material to the matter before the Commission. The approach to this rule is intended to be consistent with the Sferra-Bonistalli Report and the Administrative Conference's Recommendation 2014-4 with tailoring to the Commission's operations.

Section 3008.3 Definition of a matter before the Commission. Proposed § 3008.3 defines when a matter is or is not "before the Commission" for purposes of determining when the ex parte communication rules apply. The proposed rule provides the Commission with discretion to apply ex parte communications restrictions at any time, but no later than when a request to initiate a proceeding is received or

⁴ Proposed part 3008 in part identifies the applicable decision-making personnel and removes references to previous rate and classification cases.

when the Commission notices a proceeding. It also imposes ex parte communication restrictions when there is an affirmative action announcing, or active preparation of, an actual request with intent to file in a reasonable period of time. The effect of this rule is to limit the application of the ex parte communications rules to exclude most, if not all, communications until a matter has actually been initiated by an outside entity or noticed by the Commission (or either of these actions is imminent).

Section 3008.4 Definitions of persons subject to ex parte communications rules. Proposed § 3008.4 defines “Commission decision-making personnel,” the “Postal Service,” “public stakeholders,” and “Commission non-decision-making personnel,” for the purposes of the ex parte communications rules. The proposed rule incorporates the definitions of “Commission decision-making personnel,” and “Commission non-decision-making personnel,” from existing § 3001.7(a), and broadens the definition to include contractors, consultants, and others hired to assist with analysis and decisions. The proposed rule, for the first time, includes definitions for Postal Service personnel and other public stakeholders.

Section 3008.5 Prohibitions. Proposed § 3008.5(a) imposes a general prohibition of ex parte communications between Commission decision-making personnel and the Postal Service or other public stakeholders. The proposed rule adds that Commission decision-making personnel are prohibited from relying upon any information obtained through ex parte communications. See proposed § 3008(b). Finally, proposed § 3008(c) clarifies that proposed § 3008(a) does not constitute authority to withhold information from Congress.

Section 3008.6 Required action upon ex parte communications. Proposed § 3008.6 mirrors existing § 3001.7(b)(3) through (5) setting forth the actions required when ex parte communications occur. Three steps are outlined. Commission decision-making personnel are first required to decline to listen to ex parte communications. If ex parte communications occur regardless of efforts to prevent such communications, the communications must be disclosed. Finally, under certain circumstances, there may be an opportunity for others to rebut the contents of the ex parte communications.

Section 3008.7 Penalty for violation of ex parte communication rules. Proposed § 3008.7 mirrors existing § 3001.7(d)(1) and (2), outlining the

penalties for violations of the ex parte communications rules. This includes providing possible violators of the rules with an opportunity to show cause why their claim should not be dismissed, denied, disregarded, or otherwise adversely affect the outcome of the proceeding.

IV. Internal Policy and Library Reference

Library Reference PRC–LR–RM2016–4/1 is a copy of the Commission’s written employee policy regarding ex parte communications. The Commission intends to adopt this policy to further its goal of transparency and openness in all dockets. Though ex parte restrictions are only statutorily required by regulation for nature of service, post office appeals, and complaint matters, the Commission seeks to alleviate any real or perceived unfairness in its communications with stakeholders in all cases and thus creates this new ex parte policy.

The policy will be posted to the Commission Web site at www.prc.gov if and when the Commission adopts final rules pursuant to this proceeding. Although the attached employee policy will not be binding on persons outside of the Commission, public disclosure of the document will better inform outside entities concerning the Commission’s treatment of ex parte communications in all proceeding types that may come before the Commission. The Commission welcomes public comment on the policy to identify problems and to ensure consistency with the proposed rules discussed herein and with the Commission’s regulatory scheme as a whole.

V. Public Representative

Pursuant to 39 U.S.C. 505, Patricia A. Gallagher is appointed the officer of the Commission (Public Representative) to represent the interests of the general public in the captioned docket.

(c) Requests for an opportunity to rebut, on the record, any facts or contentions contained in an ex parte communication which have been placed on the public record of the proceeding pursuant to paragraph (b) of this section may be filed in writing with the Commission. The Commission will grant such requests only where it determines that the dictates of fairness so require. In lieu of actually receiving rebuttal material, the Commission may in its discretion direct that the alleged

factual assertion and the proposed rebuttal be disregarded in arriving at a decision.

§ 3008.7 Penalty for violation of ex parte communication rules.

(a) Upon notice of a communication knowingly made or knowingly caused to be made by a participant in violation of § 3008.5(a), the Commission or presiding officer may, to the extent consistent with the interests of justice and the policy of the underlying statutes, require the participant to show cause why his/her claim or interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected on account of such violation.

(b) The Commission may, to the extent consistent with the interests of justice and the policy of the underlying statutes administered by the Commission, consider a violation of § 3008.5(a) sufficient grounds for a decision adverse to a party who has knowingly committed such violation or knowingly caused such violation to occur.
