

Louisiana, Hawaii, and Puerto Rico, to obtain information about the just-completed day's fishing activity. Respondents are asked about the time and type of fishing, the angler's avidity and residence location, and details of any catch of finfish. Species identification, number, and size are collected for any available landed catch. Data collected from the APAIS are used to estimate the catch per angler of recreational saltwater fishers. These APAIS estimates are combined with estimates derived from independent but complementary surveys of fishing effort, the Coastal Household Telephone Survey and the For-Hire Survey, to estimate total, state-level fishing catch, by species, and participation. These estimates are used in the development, implementation, and monitoring of fishery management programs by the NMFS, regional fishery management councils, interstate marine fisheries commissions, and state fishery agencies.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: January 12, 2016.

Sarah Brabson,

NOAA PRA Clearance Officer.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XD527

Marine Mammals; File No. 18727

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of permit.

SUMMARY: Notice is hereby given that a permit has been issued to University of Alaska Museum of the North, 907 Yukon Drive, Fairbanks, AK 99775-6960 (Aren Gunderson, Responsible Party), to collect, import and export specimens of marine mammals for scientific research.

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376.

FOR FURTHER INFORMATION CONTACT: Brendan Hurley or Jennifer Skidmore, (301) 427-8401.

SUPPLEMENTARY INFORMATION: On Dec 8, 2014, notice was published in the **Federal Register** (79 FR 72630) that a request for a permit to receive, import, and export specimens of marine mammals for scientific research purposes had been submitted by the above-named applicant. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The permit authorizes the permit holder to (1) import/export marine mammal parts (bones and organ tissue samples) from dead beach-cast carcasses, (2) receive/archive and export samples of marine mammals taken by Alaskan Native subsistence hunters, and (3) receive, import/export specimens from scientists in academic, federal, and state institutions involved in marine mammal research under their own permits. Unlimited samples from up to 2,000 pinnipeds (excluding walrus) and 600 cetaceans would be collected, received, imported, or exported annually. Import/export activities would occur world-wide. No live animals would be harassed or taken, lethally or otherwise, under the requested permit. The permit is valid through December 31, 2020.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

As required by the ESA, issuance of this permit was based on a finding that such permit: (1) Was applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) is consistent with the

purposes and policies set forth in section 2 of the ESA.

Dated: January 13, 2016.

Julia Harrison,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

Proposed Information Collection; Comment Request; State and Local Implementation Grant Program Reporting Requirements

AGENCY: National Telecommunications and Information Administration, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before March 21, 2016.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instruments and instructions should be sent to Michael Dame, Telecommunications Policy Specialist, Office of Public Safety Communications, National Telecommunications and Information Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Room 4078, Washington, DC 20230 (or via email at mdame@ntia.doc.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

The Middle Class Tax Relief and Job Creation Act of 2012 (Act, Pub. L. 112-96, 126 Stat. 156 (2012)) was signed by the President on February 22, 2012. The Act meets a long-standing priority of the Administration, as well as a critical national infrastructure need, to create a single, interoperable, nationwide public safety broadband network (NPSBN) that

will, for the first time, allow police officers, fire fighters, emergency medical service professionals, and other public safety officials to effectively communicate with each other across agencies and jurisdictions. Public safety workers have long been hindered in their ability to respond in a crisis situation because of incompatible communications networks and often outdated communications equipment. The Act establishes the First Responder Network Authority (FirstNet) as an independent authority within NTIA and authorizes it to take all actions necessary to ensure the design, construction, and operation of the NPSBN, based on a single, national network architecture.

FirstNet is responsible for, at a minimum, ensuring nationwide standards for the use of and access to the network; issuing open, transparent, and competitive requests for proposals (RFPs) to build, operate, and maintain the network; encouraging these RFPs to leverage, to the maximum extent economically desirable, existing commercial wireless infrastructure to speed deployment of the network; and overseeing contracts with non-federal entities to build, operate, and maintain the network.

The Act also charges NTIA with establishing a grant program, the State and Local Implementation Grant Program (SLIGP), to assist state, regional, tribal, and local jurisdictions with identifying, planning, and implementing the most efficient and effective means to use and integrate the infrastructure, equipment, and other architecture associated with the NPSBN to satisfy the wireless broadband and data services needs of their jurisdictions. The SLIGP program office awarded \$116.5 million in grant funds to 54 active state and territorial recipients between July 2013 and June 2014.

Moreover, the Act's framework contemplates that FirstNet will coordinate its activities with state, regional, tribal, and local governments and imposes a statutory requirement that FirstNet consult with these entities as it takes all actions necessary to build, deploy, and operate the NPSBN. Specifically, the Act requires FirstNet to consult with state, regional, tribal, and local governments about the distribution and expenditure of any amounts required to carry out its responsibilities, including: (i) The construction of a core network and any radio access network build-out; (ii) placement of towers; (iii) coverage areas of the network; (iv) adequacy of hardware, security, reliability, and resiliency requirements;

(v) assignment of priority to local users and selection of entities seeking network access; and (vi) training needs of local users.

Additionally, the Act specifies that these required consultations are to occur between FirstNet and the single point of contact that the State was required to designate in its application for grant funds under SLIGP or that the governor has since designated. Thus, progress in meeting FirstNet's responsibilities under the Act, including its required consultations, is inextricably linked to SLIGP. FirstNet must rely on NTIA to utilize SLIGP as the principal means to facilitate its required consultations. At the same time, without funding assistance from SLIGP, the states would lack the resources to consult effectively with FirstNet and provide it with information needed for it to proceed with the design and construction of a NPSBN in an effective and timely manner, as required by the Act.

To ensure effective grant oversight and management, SLIGP developed a quarterly performance progress report (PPR) form for recipients to complete as part of post-award monitoring throughout the period of performance. The PPRs are critical to the success of the program and provide key insights into how grant funds are being used. Recipients are asked to report on progress toward program priority areas, which include stakeholders engaged, individuals sent to broadband conferences, staff hired, contracts executed, governance meetings held, and outreach materials distributed, as well as financial expenditures by cost category. The original approval of the performance progress report form was obtained on August 1, 2013, and the current form has an expiration date of August 31, 2016. NTIA seeks to extend the approval of this form, with a minor adjustment to the wording on the form to more clearly indicate to recipients how they are to report each measure. Currently the form includes a line for "Stakeholder Meetings," but this metric is actually intended to capture the number of stakeholders engaged. The SLIGP program office proposes changing the wording to "Stakeholders Engaged." The SLIGP program office also proposes to change the current line for "Education and Outreach Materials" to "Education and Outreach Materials Distributed." The proposed minor revisions will not affect the amount of time needed to complete the form; rather, the proposed minor revisions will provide more clarity to recipients and reduce the time needed for revisions. NTIA will use the collection of information to ensure that SLIGP

grant recipients are effectively monitored and evaluated against the core purposes of the program established by the Act. The publication of this notice allows NTIA to begin the process to extend the approval for the standard three years.

II. Method of Collection

Paper format.

III. Data

OMB Control Number: 0660-0038.

Form Number(s): None.

Type of Review: Regular submission (extension of a currently approved information collection with a minor adjustment to the form. The minor adjustments will not impact the time needed to complete the form).

Affected Public: State, regional, local, and tribal government organizations.

Frequency: Quarterly.

Number of Respondents: 54.

Average Time per Response: 12.5 hours.

Estimated Total Annual Burden Hours: 2,700.

Estimated Total Annual Cost to Public: \$105,246.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they will also become a matter of public record.

Dated: January 12, 2016.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.
