AGENCY: Institute of Museum and Library Services, National Foundation for the Arts and the Humanities.

ACTION: Notice, request for comments, collection of information.

SUMMARY: The Institute of Museum and Library Service ("IMLS") as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This pre-clearance consultation program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The purpose of this Notice is to solicit comments concerning the guidelines for the agency's Grants to States program's five-year evaluations.

A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section below on or before March 15, 2016.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and

SUPPLEMENTARY INFORMATION:

I. Background

The Institute of Museum and Library Services (IMLS) is an independent Federal grant-making agency and is the primary source of federal support for the Nation's 123,000 libraries and 17,500 museums. IMLS provides a variety of grant programs to assist the Nation's museums and libraries in improving their operations and enhancing their services to the public. The IMLS Grants to States program is the largest source of federal funding support for library services in the United States. Using a population-based formula, more than \$150 million is distributed among the State Library Administrative Agencies.

II. Current Actions

The Library Services and Technology Act requires each State Library Administrative Agency to submit a plan that details library services goals for a five-year period. Pursuant to 20 U.S.C. 9134, each State Library Administrative Agency that receives an IMLS grant under the Grants to States Program is required to evaluate and report to the agency, prior to the end of their five-year plan, regarding the activities assisted under the LSTA. These five-year plans and evaluations are the foundation for improving practice and informing policy. The purpose of the proposed information collection is to promulgate guidelines to establish a consistent framework for the

evaluations required under 20 U.S.C. 9134, so as to ensure that each State Library Administrative Agency develops and submits to IMLS an effective evaluation of their five-year plan.
