SUPPLEMENTARY INFORMATION: The DON filed an application requesting the Secretary of the Interior withdraw, subject to valid existing rights, the following described land from location and entry under the United States mining laws:

Gila and Salt River Meridian

T. 9 S., R. 23 W.,
Sec. 11, Tract B.

The area described contains approximately 26.794 acres of public lands in Yuma County.

The use of a right-of-way, interagency agreement, or cooperative agreement would not adequately constrain non-discretionary uses and would not provide adequate protection of the structures and facilities on this parcel within MCAS, Yuma.

There are no suitable alternative sites with equal or greater benefit to the government.

No additional water rights will be needed to fulfill the purpose of the requested withdrawal.

Records related to the application may be examined by contacting the individual listed above.

Comments or Requests for Public Meetings: For a period until April 19, 2016, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the BLM Arizona State Office at the address listed above.

Notice is also hereby given that the opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the BLM Arizona

State Office at the address listed above by April 19, 2016.

If the BLM authorized officer determines that the BLM/DON will hold a public meeting, the BLM will publish a notice of the time and place in the **Federal Register** and a local newspaper at least 30 days before the scheduled date of the meeting.

Before including your address, telephone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment including your personal identifying information may be made publicly available at any time. Individuals that submit written comments may request confidentiality by asking us in your comment to withhold your personal identifying information from public review, however, we cannot guarantee that we will be able to do so.

Temporary Segregation: For a period until January 22, 2018 the public land described in this notice will be segregated from location and entry under the United States mining laws, but not from leasing under the mineral or geothermal leasing laws, unless the application is canceled or denied, or the withdrawal is approved prior to that date. The temporary land uses that may be permitted during the temporary segregation period include licenses, permits, rights-of-way, and disposal of vegetative resources other than under the mining laws.

The application will be processed in accordance with the regulations set forth in 43 CFR part 2310.

Ray Suazo,

State Director, Arizona State Office.
