385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is February 2, 2016.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at *http://www.ferc.gov*. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email *FERCOnlineSupport@ferc.gov.* or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Dated: January 13, 2016.

**[Docket Nos. EL16–6–001, ER16–121–000]**

## PJM Interconnection, L.L.C.; Notice of Technical Conference

By order dated December 28, 2015,[1] the Commission directed its staff to convene a technical conference in this proceeding, based on its finding that the issues raised by PJM Interconnection, L.L.C. (PJM) in its filing, regarding the allocation of Auction Revenue Rights (ARR) and Financial Transmission Rights (FTR), required the development of a more complete record. As directed by the December 28 Order, the technical conference will focus on whether PJM's existing ARR/FTR tariff provisions are unjust and unreasonable and whether PJM's proposed revisions to its tariff addressing these matters are just and reasonable. As further specified by the Commission, issues to be addressed at the technical conference will include, but are not limited to: (i) PJM's ARR modeling and allocation processes; (ii) treatment of portfolio positions in allocating underfunding or surplus among FTR holders and the potential for market manipulation; and (iii) balancing congestion in ARR/FTR product design.

Take notice that the technical conference will be held on February 4, 2016, in the Commission Meeting Room, at 888 First Street NE., Washington, DC 20426, between 9:30 a.m. and 5:00 p.m. (Eastern Standard Time).[2] The Chairman and Commissioners may attend and participate in the technical conference.

The technical conference will be led by Commission staff. All interested participants are invited to attend, and participants who wish to contribute are invited to nominate themselves to speak at the conference by contacting a member of the staff listed below and

[1] *PJM Interconnection, L.L.C.,* 153 FERC ¶ 61,344 (2015) (December 28 Order).

[2] If the technical conference cannot be held on February 4, 2016 due to unavoidable circumstances, including inclement weather, February 9, 2016 is reserved as the back-up date.
