Form Numbers: None.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on November 10, 2015 (80 FR 69772). The "Damage Tolerance and Fatigue Evaluation of Composite Rotorcraft Structures" final rule (76 FR 74655) revised parts 27 and 29 of Title 14 of the Code of Federal Regulations to add new certification standards for normal and transport category rotorcraft to address advances in structural damage tolerance and fatigue substantiation technology for composite rotorcraft structures. To obtain type certification of a rotorcraft, an applicant must show that the rotorcraft complies with specific certification requirements. To show compliance, the applicant must submit substantiating data. SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the OMB for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include Agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the collection of information set forth in this document.

The OCC is proposing to extend OMB approval of the following information collection:

Title: Leasing.

OMB Number: 1557-0206.

Description: This submission covers an existing regulation and involves no change to the regulation or to the information collection requirements. The OCC requests only that OMB approve its burden estimates and extend the expiration date.

Under 12 CFR 23.4(c), national banks must liquidate or release property that is no longer subject to lease (off-lease property) within five years from the date of the lease expiration. If a national bank wishes to extend the five-year holding period for up to an additional five years, it must obtain OCC approval. Permitting a national bank to extend the holding period may result in cost savings. It also may provide flexibility for a national bank that experiences unusual or unforeseen conditions that would make it imprudent to dispose of the off-lease property prior to the expiration of the five-year holding
