Special Local Regulations; Marine Events in the Seventh Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to update the final regulation that governs recurring special local regulations in the Seventh Coast Guard District. These regulations will apply to all recurring events held on navigable waters of the Seventh District, such as regattas, parades, and fireworks displays. This update is being proposed to ensure that all known recurring marine events are included in the final regulation and to allow respective Captains of the Port greater ease in enacting or modifying those portions of the regulation which apply to their respective areas.

DATES: Comments and related material must be received by the Coast Guard on or before February 22, 2016.

ADDRESSES: You may submit comments identified by docket number USCG-2013-0272 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Eugene Stratton, Coast Guard District Seven Waterways Management, (305) 415-6750, email Eugene.Stratton@uscg.mil or Lieutenant Brendan Sullivan, Coast

Guard District Seven Legal, U.S. Coast Guard; telephone (305) 415-6957, email Brendan.Sullivan@uscg.mil.

II. Background, Purpose, and Legal Basis

On January 25, 2008, 33 CFR 100.701 was published in the **Federal Register** (73 FR 4461) to provide permanent notice of recurring marine events in the Seventh Coast Guard District. Since that time, it was amended, (March 14, 2012 (77 FR 14962)) to remove several lines in Table 100.701 with incorrect information and to add lines regarding marine event dates, geographic locations, and corresponding regulated areas. The Coast Guard is now proposing a comprehensive revision of the table of events contained within this regulation to ensure that it accurately captures all recurring marine events in the Seventh Coast Guard District and to allow respective Captains of the Port greater ease in managing events occurring in their zones.

33 U.S.C. 1233 provides the legal basis for the Coast Guard's authority to establish special local regulations. The purpose of the rule is to provide for the safety of life on the navigable waters of the Seventh Coast Guard District during recurring marine events.

III. Discussion of Proposed Rule

The Coast Guard proposes to revise the list of permanent special regulations contained in 33 CFR 100.701 for recurring marine events within the geographic boundary of the Seventh Coast Guard District. In general, the Seventh Coast Guard District is comprised of the land areas and U.S. navigable waters adjacent to South Carolina, Georgia, Florida, and Puerto Rico. For a detailed description of the geographical area of the District and each Coast Guard Sector, please refer to 33 CFR 3.35.

At present, there are a great number of annually recurring marine events within the Seventh Coast Guard District. These events are currently listed in a single table, with no demarcation by which to easily identify specific events. This proposed change to the regulation includes breaking the table into seven distinct sections, one for each Captain of

the Port (COTP) zone. Each event within each COTP section will be assigned a line number, which will result in each event being easily identifiable based on its location within a table and line and will make future editing or enforcement of any event a more streamlined process.

Additionally, the Coast Guard seeks to update the regulation to ensure that it accurately reflects all recurring events within the Seventh District, to include marine events which started on a recurring basis since the last revision of this regulation and any marine events which may have been left off of the last revision.

The proposed changes to this rule will reduce the administrative burden on the Coast Guard by ensuring all recurring events are represented in the table and by minimizing the need to duplicate the rulemaking process for repeat events. Additionally, when notices of enforcement are published for recurring events, these amendments will clarify the regulation and implications referenced. Generally, the public will be advised of these events and specific information, including exact dates, specific areas, and description of the regulated area, through Local Notice to Mariners and Broadcast Notice to Mariners. The notices will contain the following information:

- (i) Name and sponsoring organization of event;
- (ii) Expected number of participants;
- (iii) Course of event;
- (iv) Regulated area;
- (v) Spectator Area, if applicable; and
- (vi) Dates and times of event and enforcement of regulations.

The Coast Guard realizes that some large scale events, such as those with many participants or spectators, or those that could severely restrict navigation or pose a significant hazard, may still require separate special local regulations or safety zones that address the specific peculiarities of the event. In those situations, the Coast Guard will create special local regulations or safety zones specifically for the event, and those regulations will supersede the proposed regulations in this rulemaking. However, the Coast Guard believes that a majority of the events held on the waters of the Seventh Coast Guard District may be adequately regulated by the requirements of this proposed rule.

Due to the activities involved, the large number of participants and spectators present, and event locations, the Coast Guard has determined that the events listed in this rule could pose a risk to participants or waterway users if normal vessel traffic were to interfere with the event. Possible hazards include

risks of participant injury or death resulting from near or actual contact with non-participant vessels transiting through the regulated areas. In order to protect the safety of all waterway users including event participants and spectators, this proposed rule would establish special local regulations for the time and location of each marine event.

This proposed rule will prevent vessels from entering, transiting, mooring or anchoring within areas specifically designated as regulated areas during the periods of enforcement unless authorized by the Captain of the Port, or designated Coast Guard Patrol Commander. A designated "Patrol Commander" includes Coast Guard commissioned, warrant, or petty officers who have been designated by the Captain of the Port to act on their behalf. Patrol Commanders may be augmented by local, State, or Federal officials authorized to act in support of the Coast Guard.

Only event sponsors, designated participants, and official patrol vessels will be allowed to enter regulated areas unless otherwise given permission by the Patrol Commander or the Captain of the Port. Spectators may be confined to a designated spectator area to view events. Spectators may contact the Coast Guard Patrol Commander to request permission to pass through the regulated area. If permission is granted, spectators must pass directly through the regulated area at safe speed and without loitering.

The Coast Guard proposes to revise 33 CFR 100.701 by adding 18 new recurring marine events as special local regulations listed in this section. Furthermore, the Coast Guard proposes to modify 14 existing regulated areas and remove 111 regulated areas that are no longer active.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders (E.O.s) related to rulemaking. Below we summarize our analyses based on a number of these statutes and E.O.s, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

E.O.s 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This NPRM has not been

designated a “significant regulatory action,” under E.O. 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the following factors: (1) The regulations will be enforced for short, predefined periods of time; (2) persons and vessels may enter, transit through, anchor in or otherwise access the restricted areas with authorization from the respective Captains of the Port; (3) the Coast guard will provide advance notification of the regulations to the local community by issuing Notice of Enforcements, Broadcast Notice to Mariners, and Patrol Commanders. Moreover, in the majority of cases, vessels will be able to safely transit around restricted areas.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under E.O. 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in E.O. 13132.

Also, this proposed rule does not have tribal implications under E.O. 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves amending and republication of

a table of recurring marine events for special regulations issued in conjunction with a regatta or marine parade. The events themselves are permitted by the Coast Guard before this regulation would be utilized and the permitting process involves a thorough environmental review. Normally such actions are categorically excluded from further review under paragraph 34(h) of Figure 2–1 of Commandant Instruction M16475.ID. A preliminary environmental analysis checklist and Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, you may review a Privacy Act notice regarding the Federal Docket Management System in the March 24, 2005, issue of the **Federal Register** (70 FR 15086).

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online

docket at <http://www.regulations.gov> and can be viewed by following that Web site's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

Endangered and Threatened Wildlife and Plants; Proposed Removal of the Scarlet-Chested Parakeet and Turquoise Parakeet From the List of Endangered and Threatened Wildlife

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening of comment period.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the reopening of the public comment period on our September 2, 2003, proposed rule to remove the scarlet-chested parakeet (*Neophema splendida*) and the turquoise parakeet (*Neophema pulchella*) from the List (List) of Endangered and Threatened Wildlife under the Endangered Species Act of 1973, as amended. We are taking this action to determine whether removing these species from the List is still warranted, and to ensure we get the best scientific and commercial information available.

DATES: We will consider comments received or postmarked on or before February 22, 2016. Comments submitted

electronically using the Federal eRulemaking Portal (see **ADDRESSES** section, below) must be received by 11:59 p.m. Eastern Time on the closing date.

ADDRESSES: You may submit comments by one of the following methods:

(1) *Electronically:* Go to the Federal eRulemaking Portal: <http://www.regulations.gov>. In the Search field, enter FWS-HQ-ES-2015-0176, which is the docket number for this rulemaking. Then, click the Search button. You may submit a comment by clicking on "Comment Now!"

SUPPLEMENTARY INFORMATION:

Background

In our September 2, 2003 proposed rule (68 FR 52169), we proposed to remove the scarlet-chested parakeet (*Neophema splendida*) and the turquoise parakeet (*Neophema*

pulchella) from the List of Endangered and Threatened Wildlife under the Act, because the endangered designation no longer correctly reflected the current conservation status of these birds. Our review of the status of the species at the time showed that the wild populations of these species were stable and increasing, with more than 20,000 breeding-age turquoise parakeets and 10,000 breeding-age scarlet-chested parakeets found throughout their range. Furthermore, trade in wild caught specimens was strictly limited, and the species' were protected through domestic regulation within the range country (Australia), as well as through additional national and international treaties and laws. Currently, the Act prohibits the import, export and interstate and foreign commerce of these species, unless the individual can prove that the otherwise prohibited act enhances the propagation or survival of the species, or it is for scientific research. Removal of these species from the List means that the protections of the Act will no longer apply. However, protections under the Convention on International Trade of Endangered Fauna and Flora the Lacey Act and the Wild Bird Conservation Act (for wild-caught specimens only) would remain unchanged.

For more information on previous Federal actions concerning the scarlet-chested and turquoise parakeet, or information regarding the species' biology, status, distribution, and habitat, refer to the proposed rule published in the **Federal Register** on September 2, 2003 (68 FR 52169), which is available online at <http://www.gpo.gov/fdsys/granule/FR-2003-09-02/03-22225>, or by mail from the U.S. Fish and Wildlife Service in Falls Church, VA (see **FOR FURTHER INFORMATION CONTACT**).
