National Institute of Food and Agriculture

Title: Children, Youth, and Families at Risk (CYFAR) Year End Report.

OMB Control Number: 0524-0043.

Summary of Collection: Funding for the Children, Youth, and Families at Risk (CYFAR) is authorized under section 3(d) of the Smith-Lever Act (7 U.S.C. 341 *et seq.*), as amended and other relevant authorizing legislation, which provides jurisdictional basis for the establishment and operation of extension educational work for the benefit of youth and families in communities. The CYFAR funding program supports community-based programs serving children, youth, and families in at risk environments. CYFAR funds are intended to support the development of high quality, effective programs based on research and to document the impact of these programs on intended audiences which are children, youth, and families in at-risk environments.

Need and Use of the Information: The purpose of the CYFAR Year End Report is to collect the demographic and impact data from each community site in order to evaluate the impact of the programs on intended audiences. Data from the CYFAR annual reports is used to refine and improve program focus and effectiveness. The CYFAR data is also used to respond to requests for impact information from Congress, the White House, and other Federal agencies. Without the information NIFA would not be able to verify if CYFAR programs are reaching at risk, low-income audiences.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 51.

Frequency of Responses: Reporting: Annually.

National Institute of Food and Agriculture

Title: Expanded Food and Nutrition Education Program (EFNEP).

OMB Control Number: 0524-0044.

Summary of Collection: The Department of Agriculture's National

Institute of Food and Agriculture (NIFA), Expanded Food and Nutrition Education Program (EFNEP) is a unique program that began in 1969 and is designed to reach limited resource audiences, especially youth and families with young children. EFNEP operates in all 50 states, the District of Columbia and in American Samoa, Guam, Micronesia, Northern Marianas, Puerto Rico, and the Virgin Islands. Extension professionals train and supervise paraprofessionals and volunteers who teach food and nutrition information and skills to limited resources families and youth.

Need and Use of the Information: NIFA will collect information using Web-Based Nutrition Education Evaluation and Reporting System (WebNEERS), which is an integrated database system that stores information on: (1) Adult program participants, their family structure and dietary practices; (2) youth group participants; and (3) staff. NEERS consists of separate software sub-systems for the County and the State levels (State also refers to U.S. Territories). Without the information it would be extremely difficult for the national office to compare, assess, and analyze the effectiveness and the impact of EFNEP without the annual collection of data.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 75.

Frequency of Responses: Recordkeeping; Reporting: Annually.

Total Burden Hours: 86,826.

Sunshine Act Meeting

TIME AND DATE: January 28, 2016, 6:00 p.m. CST

PLACE: Hilton Waco—113 S. University Parks Dr., Waco, TX 76701

STATUS: Open to the public.

MATTERS TO BE CONSIDERED: Pursuant to the Government in the Sunshine Act, 5 U.S.C. 552b, the Chemical Safety and Hazard Investigation Board (CSB) will convene a public meeting on January 28, 2016, starting at 6:00 p.m. CST at the Hilton Waco, 113 S. University Parks Dr., Waco, TX 76701. The Board will discuss the investigation into the April 17, 2013, ammonium nitrate explosion at the West Fertilizer facility that

claimed the lives of twelve volunteer firefighters and at least two members of the public. CSB staff will present the final investigation report and proposed recommendations for the Board's review and approval. The Board will hear public comments on the investigation. CSB staff will also present to the Board details of a proposed study on land use planning.

Additional Information

The meeting is free and open to the public. If you require a translator or interpreter, please notify the individual listed below as the "Contact Person for Further Information," at least three business days prior to the meeting.

This meeting will be webcast for those who cannot attend in person. Please visit www.csb.gov for access to the live webcast.

The CSB is an independent federal agency charged with investigating accidents and hazards that result, or may result, in the catastrophic release of extremely hazardous substances. The agency's Board Members are appointed by the President and confirmed by the Senate. CSB investigations look into all aspects of chemical accidents and hazards, including physical causes such as equipment failure as well as inadequacies in regulations, industry standards, and safety management systems.

Public Comment

The time provided for public statements will depend upon the number of people who wish to speak. Speakers should assume that their presentations will be limited to three minutes or less, but commenters may submit written statements for the record.
