SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Family Member Travel Screening, DD Form X678-1TEST, Medical and Education Information, DD Form X678-2TEST, Dental Health Information, and DD Form X678-3TEST, Patient Care Review, OMB Control Number 0704-XXXX.

Needs and Uses: The DD Forms X678-1 TEST, X678-2 TEST, and X678-3 TEST are to be used during the Family Member Travel Screening (FMTS) process when active duty Service members with Permanent Change of Station (PCS) orders to OCONUS or remote installations request Command sponsorship for accompanied travel. These forms assist in determining the availability of care at a gaining installation by documenting any special medical, dental, and/or educational needs of dependents accompanying the Service member. Throughout the process, form respondents include: (1) Active duty Service members and/or dependents over the age of majority who provide demographic information; (2) medical and dental providers who provide information about dependent medical and dental needs; (3) losing FMTS Office staff who document any special medical, dental, and/or educational needs; and (4) gaining FMTS Office staff who document the availability of special needs support services at a gaining location.

Affected Public: Individuals or households; medical and dental providers.

Annual Burden Hours: 2,899 hours.

Number of Respondents: 9,876 respondents.

Responses per Respondent: 1 per year.

Annual Responses: 9,876 per year.

Average Burden per Response: 18 minutes.

Frequency: As needed.

The following is a breakdown of the public time burden for specific FMTS Pilot forms:

- The DD Form X678-1 TEST Medical and Educational Information informs sponsors and FMTS staff about possible special medical and/or educational needs of each dependent and guides the appropriate record review and the face-to-face interview. This form is completed by Service members and/or family members and internal physicians.
 - Total annual public time burden for the DD Form X678-1 TEST: 1,573 hours.
 - Average time per response for the DD Form X678-1 TEST (in minutes): 20 minutes.
 - Total annual public cost burden for the DD Form X678-1 TEST: \$35,714.
 - The DD Form X678-2 TEST Dental Health Information documents the dental health of dependent(s) in preparation for a move to a location where the patient may have limited access to dental care. This form is completed by Service members and/or family members and internal or civilian dentists.
 - Total annual public time burden for the DD Form X678-2 TEST: 698 hours.
 - Average time per response for the DD Form X678-2 TEST (in minutes): 6 minutes.
 - Total annual public cost burden for the DD Form X678-2 TEST: \$49,218.
 - The DD Form X678-3 TEST Patient Care Review summarizes each dependent's medical care received outside the Military Treatment Facility (MTF) (completed by non-MTF primary care managers). If applicable, this form is completed by Service members and/or family members and civilian physicians.
 - Total annual public time burden for the DD Form X678-3 TEST: 629 hours.
 - Average time per response for the DD Form X678-3 TEST (in minutes): 8 minutes.
 - Total annual public cost burden for the DD Form X678-3 TEST: \$53,081.

The DD TEST Forms will be piloted to test a standardized FMTS process across the military medical departments. The pilot will determine how the TEST forms can integrate into

Service-specific assignment processes. If the forms can successfully integrate into these processes, then these TEST forms will be implemented as DD Forms. For a period of 90 days, the DD TEST Forms will be used in place of existing Service-specific FMTS forms for military families accompanying a Service member from a participating losing installation to a participating gaining installation. These TEST Forms will be monitored until the travel screening processes for all participating families are complete. During the pilot, military medical departments at participating installations will continue to screen non-pilot families using the current military medical department travel screening processes and forms.
