

competition. The NYSE Arca Order Imbalances product will foster competition by providing an alternative to similar products offered by other exchanges, including order imbalances products offered by the Exchange's affiliates, NYSE and NYSE MKT,¹⁴ and by NASDAQ.¹⁵ This proposed new data feed provides investors with new options for receiving market data, which was a primary goal of the market data amendments adopted by Regulation NMS.¹⁶

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A) of the Act¹⁷ and Rule 19b-4(f)(6) thereunder.¹⁸

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁹ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)²⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange stated that it anticipates migrating symbols to Pillar beginning February 1, 2016, and that waiver of the operative delay would permit market data that would be available in existing products for symbols that have migrated to Pillar to

also be available in a stand-alone product, which would offer an alternative to currently available proprietary data products. The Commission believes the waiver of the operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.²¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2016-10 on the subject line.

Paper Comments

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEArca-2016-10. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend subsection (a)(7) of Rule 7003, Registration and Processing Fees.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to make changes to the continuing education fees section of Rule 7003 to provide that the continuing education session fee will be \$55 if the session is conducted via Web delivery. The continuing education session fee will remain \$100 if the session is conducted at a testing center. The Exchange is also eliminating the \$60 session fee for the S501 continuing education Regulatory Element, which FINRA eliminated as of January 4, 2016.³

On August 8, 2015, the Commission approved SR-FINRA-2015-015 amending FINRA Rule 1250 to provide a Web-based delivery method for completing the Regulatory Element of the continuing education requirements.⁴

³ Currently, Rule 7003(a) provides that certain fees will be collected and retained by FINRA via the Web CRD registration system for the registration of associated persons of Nasdaq members that are not also FINRA members. Under Rule 7003(a)(7), FINRA collects and retains a \$100 session fee for each individual who is required to complete the Regulatory Element of the Continuing Education Requirements pursuant to Nasdaq Rule 1120 (S101 and S201) and a \$60 session fee for each individual who is required to complete the Proprietary Trader Regulatory Element (S501).

⁴ See Securities Exchange Act Release No. 75581 (July 31, 2015), 80 FR 47018 (August 6, 2015) (Order Approving a Proposed Rule Change to Provide a Web-based Delivery Method for

Pursuant to the rule change, effective October 1, 2015, the Regulatory Element of the Continuing Education Programs for the S201 for Registered Principals and Supervisors is now administered through Web-based delivery or such other technological manner and format as specified by FINRA. FINRA launched Web-based delivery of the S101 Regulatory Element program on January 4, 2016.⁵

Pursuant to the approval order for SR-FINRA-2015-015, the fee for test-center delivery of the Regulatory Elements of the S101 and S201 Continuing Education programs will continue to be \$100 per session through no later than six months after January 4, 2016 when the programs will no longer be offered at testing centers. However, under the SR-FINRA-2015-015 approval order the fee for Web-based delivery of the Regulatory Elements of the S101 and the S201 Continuing Education programs is now \$55.

The Exchange currently utilizes FINRA's Continuing Education programs for its own continuing education requirements which include the S101 and S201 programs. Consistent with SR-FINRA-2015-015, the Exchange recently filed a separate proposed rule change relating to continuing education.⁶ In that filing, the Exchange proposed to follow the changes set forth in SR-FINRA-2015-015 with respect to Web-based delivery of the Regulatory Element of the Continuing Education programs for the S101 and the S201. Consistent with SR-FINRA-2015-015 this proposed rule change would amend Rule 7003 to provide that the following fees will be collected and retained by FINRA for the registration of associated persons of Nasdaq members that are not also FINRA members: A \$100 session fee (\$55 if the Continuing Education is Web-based) for each individual who is required to complete the Regulatory Element of the Continuing Education Requirements pursuant to Nasdaq Rule 1120 (S101 and S201). The proposal will eliminate the \$60 session fee for

Completing the Regulatory Element of the Continuing Education Requirements) (SR-FINRA-2015-015).

⁵ The Regulatory Element of the S101 and S201 Continuing Education Programs will continue to be offered at testing centers until no later than six months after January 4, 2016. Test-center delivery of the Regulatory Element will be phased out by no later than six months after January 4, 2016. See Securities Exchange Act Release No. 75581 (July 31, 2015), 80 FR 47018 (August 6, 2015) (Order Approving a Proposed Rule Change To Provide a Web-Based Delivery Method for Completing the Regulatory Element of the Continuing Education) (SR-FINRA-2015-015).

each individual who is required to complete the Proprietary Trader Regulatory Element (S501).⁷

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁸ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

Web-based delivery will remove time parameters that exist with respect to taking continuing education at testing centers. Having additional time to take continuing education may result in better learning outcomes, which should enhance investor protection. In addition, the option to have Web-based delivery of the Regulatory Element of the Continuing Education program at a reduced cost removes impediments to a free and open market and national market system by making it easier and less costly for registrants to participate in the market. Accordingly, the Exchange believes that Web-based delivery of the Regulatory Element of the Continuing Education Program and reducing the costs of continuing education in general are goals that are consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose

⁷ As noted above, the S501 Proprietary Trader Regulatory Element was discontinued by FINRA as of January 4, 2016. The Exchange anticipates filing a subsequent rule change to eliminate the reference to the \$100 session fee when the test center option is eliminated for the S101 and S201 Regulatory Elements.

any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As FINRA has stated, the proposed rule change is specifically intended to reduce the burdens of continuing education on market participants while preserving the integrity of the Continuing Education program.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
