

practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by March 29, 2016. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. Parties with objections to this direct final rule are encouraged to file a comment in response to the parallel notice of proposed rulemaking for this action published in the proposed rules section of today’s **Federal Register**, rather than file an immediate petition for judicial review of this direct final rule, so that EPA can withdraw this direct final rule and address the comment in the proposed rulemaking. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

(81) On February 25, 2013, August 5, 2013, and March 5, 2014, the Governor submitted revisions to the Utah State Implementation Plan (SIP) rules. The February 25, 2013 submittal renumbers Interstate Transport to R307-110-37. The August 5, 2013 SIP revisions give the Director of the Division of Air Quality the authority to make regulatory decisions that were previously made by either the Air Quality Board or the Executive Secretary of the Air Quality Board. The March 5, 2014 submittal establishes a 30-day public comment period for the public notice and comment period for all actions for new or modified sources. EPA is approving these revisions.

Arkansas: Final Authorization of State-Initiated Changes and Incorporation by Reference of Approved State Hazardous Waste Management Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: During a review of Arkansas’ regulations, the Environmental Protection Agency (EPA) identified two State-initiated changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). We have determined that these changes are minor and satisfy all requirements needed to qualify for Final authorization and are authorizing the State-initiated changes through this direct Final action.

The Solid Waste Disposal Act, as amended, commonly referred to as the Resource Conservation and Recovery Act (RCRA), allows the Environmental Protection Agency (EPA) to authorize States to operate their hazardous waste management programs in lieu of the Federal program. The EPA uses the regulations entitled “Approved State Hazardous Waste Management

Programs” to provide notice of the authorization status of State programs and to incorporate by reference those provisions of the State statutes and regulations that will be subject to the EPA’s inspection and enforcement. The rule codifies in the regulations the prior approval of Arkansas’ hazardous waste management program and incorporates by reference authorized provisions of the State’s statutes and regulations.

DATES: This regulation is effective March 29, 2016, unless the EPA receives adverse written comment on this regulation by the close of business February 29, 2016. If the EPA receives such comments, it will publish a timely withdrawal of this direct final rule in the **Federal Register** informing the public that this rule will not take effect. The Director of the Federal Register approves this incorporation by reference as of March 29, 2016 in accordance with 5 U.S.C. 552(a) and 1 CFR part 51.

4. *Hand Delivery or Courier:* Deliver your comments to Alima Patterson, Region 6, Regional Authorization Coordinator, or Julia Banks, Codification Coordinator, State/Tribal Oversight Section (6PD-O), Multimedia Planning and Permitting Division, EPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202–2733.

Instructions: Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov>, or email. The Federal <http://www.regulations.gov> Web site is an “anonymous access” system, which means the EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to the EPA without going through <http://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, the EPA recommends that you include your name and other contact information in

the body of your comment and with any disk or CD-ROM you submit. If the EPA cannot read your comment due to technical difficulties, and cannot contact you for clarification, the EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. SUPPLEMENTARY INFORMATION:

I. Authorization of State-Initiated Changes

A. Why are revisions to State programs necessary?

States which have received Final authorization from the EPA under RCRA section 3006(b), 42 U.S.C. 6926(b), must maintain a hazardous waste program that is equivalent to, consistent with, and no less stringent than the Federal hazardous waste program. As the Federal program changes, the States must change their programs and ask the EPA to authorize the changes. Changes to State hazardous waste programs may be necessary when Federal or State statutory or regulatory authority is modified or when certain other changes occur. Most commonly, States must change their programs because of changes to the EPA’s regulations in 40 Code of Federal Regulations (CFR) parts 124, 260 through 268, 270, 273 and 279. States can also initiate their own changes to their hazardous waste program and these changes must then be authorized.

B. What decisions have we made in this rule?

We conclude that Arkansas’ revisions to its authorized program meet all of the statutory and regulatory requirements established by RCRA. We found that the State-initiated changes make Arkansas’ rules more clear or conform more closely to the Federal equivalents and are so minor in nature that a formal application is unnecessary. Therefore, we grant Arkansas final authorization to operate its hazardous waste program with the changes described in the table at Section G below. Arkansas has responsibility for permitting Treatment, Storage, and Disposal Facilities (TSDFs) within its borders (except in Indian Country) and for carrying out all authorized aspects of the RCRA program, subject to the limitations of the Hazardous and Solid Waste Amendments of 1984 (HSWA). New Federal requirements and prohibitions imposed by Federal regulations that EPA promulgates under the authority of HSWA take effect in authorized States before they are authorized for the requirements. Thus, the EPA will implement those requirements and prohibitions in Arkansas, including issuing permits, until the State is granted authorization to do so.

C. What is the effect of this authorization decision?

The effect of this decision is that a facility in Arkansas subject to RCRA will now have to comply with the authorized State requirements instead of the equivalent Federal requirements in order to comply with RCRA. Arkansas has enforcement responsibilities under its State hazardous waste program for violations of such program, but the EPA retains its authority under RCRA sections 3007, 3008, 3013, and 7003, which include, among others, authority to:

- Do inspections, and require monitoring, tests, analyses, or reports;
- Enforce RCRA requirements and suspend or revoke permits; and
- Take enforcement actions regardless of whether the State has taken its own actions.

This action does not impose additional requirements on the regulated community because the statutes and regulations for which Arkansas is being authorized by this direct final action are already effective and are not changed by this action.

D. Why wasn’t there a proposed rule before this rule?

The EPA did not publish a proposal before this rule because we view this as

a routine program change and do not expect comments that oppose this approval. We are providing an opportunity for public comment now. In addition to this rule, in the Proposed Rules section of this **Federal Register** we are publishing a separate document that proposes to authorize the State program changes.

E. What happens if EPA receives comments that oppose this action?

If the EPA receives comments that oppose the authorization of the State-initiated changes in this codification document, we will withdraw this rule by publishing a timely document in the **Federal Register** before the rule becomes effective. The EPA will base any further decision on the authorization of the State program changes on the proposal mentioned in the previous paragraph. We will then address all public comments in a later final rule. If you want to comment on this authorization, you must do so at this time. If we receive comments that oppose only the authorization of a particular change to the State hazardous waste program we may withdraw only that part of this rule, but the authorization of the program changes that the comments do not oppose will become effective on the date specified above. The **Federal Register** withdrawal document will specify which part of the authorization of the State program will become effective and which part is being withdrawn.

In addition to the authorizing of the rules described above in this document. The purpose of this **Federal Register** document is to codify Arkansas' base hazardous waste management program and its revisions to that program. The EPA has already provided notices and opportunity for comments on the Agency's decisions to authorize the Arkansas program, and the EPA is not now reopening the decisions, nor requesting comments, on the Arkansas authorizations as published in the **Federal Register** documents specified in Section I.F of this document.

F. For what has Arkansas previously been authorized?

Arkansas initially received final authorization on January 25, 1985 (50 FR 1513), to implement its Base Hazardous Waste Management program. Arkansas received authorization for revisions to its program on January 11, 1985 (50 FR 1513), effective January 25, 1985; March 27, 1990 (55 FR 11192), effective May 29, 1990; September 18, 1991 (56 FR 47153), effective November 18, 1991; October 5, 1992 (57 FR 45721), effective December 4, 1992; October 7,

1994 (59 FR 51115), effective December 21, 1994, April 24, 2002 (67 FR 20038), effective June 24, 2002, as amended June 28, 2010 (75 FR 36538); August 15, 2007 (72 FR 45663), effective October 15, 2007, as amended June 28, 2010 (75 FR 36538); June 28, 2010 (75 FR 36538), effective August 27, 2010; August 10, 2012 (77 FR 47779), effective October 9, 2012; October 2, 2014 (79 FR 59438), effective December 1, 2014; and October 31, 2014, 79 FR 64678, effective December 30, 2014.

G. What changes are we authorizing with this action?

The State has made amendments to Arkansas Regulation No. 23 Sections 264.1030(c) and 265.142(a) introductory paragraph, analogous to 40 CFR 264.1030(c) and 265.142(a) introductory paragraph, respectively. These amendments clarify the State's regulations and make the State's regulations more internally consistent. The State's laws and regulations, as amended by these provisions, provide authority which remains equivalent to and no less stringent than the Federal laws and regulations. These State-initiated changes satisfy the requirements of 40 CFR 271.21(a). We are granting Arkansas final authorization to carry out the following provisions of the State's program in lieu of the Federal program. These provisions are analogous to the indicated RCRA regulations found at 40 CFR as of July 1, 2011. The Arkansas provisions are from the Arkansas Pollution Control and Ecology Commission Regulation No. 23, Hazardous Waste Management, adopted on June 22, 2012, effective August 12, 2012.

H. Who handles permits after the authorization takes effect?

This authorization does not affect the status of State permits and those permits issued by the EPA because no new substantive requirements are a part of these revisions.

I. How does this action affect Indian Country (18 U.S.C. 1151) in Arkansas?

Arkansas is not authorized to carry out its Hazardous Waste Program in Indian Country within the State. This authority remains with EPA. Therefore, this action has no effect in Indian Country.

II. Incorporation-by-Reference

A. What is codification?

Codification is the process of placing a State's statutes and regulations that comprise the State's authorized hazardous waste management program

into the Code of Federal Regulations (CFR). Section 3006(b) of RCRA, as amended, allows the Environmental Protection Agency (EPA) to authorize State hazardous waste management programs to operate in lieu of the Federal hazardous waste management regulatory program. The EPA codifies its authorization of State programs in 40 CFR part 272 and incorporates by reference State statutes and regulations that the EPA will enforce under sections 3007 and 3008 of RCRA and any other applicable statutory provisions.

The incorporation by reference of State authorized programs in the CFR should substantially enhance the public's ability to discern the current status of the authorized State program and State requirements that can be Federally enforced. This effort provides clear notice to the public of the scope of the authorized program in each State.

B. What is the history of codification of Arkansas' hazardous waste management program?

The EPA incorporated by reference Arkansas' then authorized hazardous waste program effective December 13, 1993 (58 FR 52674), August 21, 1995 (60 FR 32112), August 27, 2010 (75 FR 36538) and December 1, 2014 (79 FR 59438). Note: At 79 FR 59443, the State agency acronym should be referenced as "(ADEQ)" with regard to the State's Memorandum of Agreement with the EPA.

In this document, the EPA is revising subpart E of 40 CFR part 272 to include the authorization revision action effective December 30, 2014 (79 FR 64678).

C. What codification decisions have we made in this rule?

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the Arkansas rules described in the amendments to 40 CFR part 272 set forth below. The EPA has made, and will continue to make, these documents available electronically through www.regulations.gov and in hard copy at the appropriate EPA office (see the **ADDRESSES** section of this preamble for more information).

The purpose of this **Federal Register** document is to codify Arkansas' base hazardous waste management program and its revisions to that program. The document incorporates by reference Arkansas' hazardous waste statutes and regulations and clarifies which of these provisions are included in the

authorized and Federally enforceable program. By codifying Arkansas' authorized program and by amending the Code of Federal Regulations, the public will be more easily able to discern the status of Federally approved requirements of the Arkansas hazardous waste management program.

The EPA is incorporating by reference the Arkansas authorized hazardous waste management program in subpart E of 40 CFR part 272. Section 272.201 incorporates by reference Arkansas' authorized hazardous waste statutes and regulations. Section 272.201 also references the statutory provisions (including procedural and enforcement provisions) which provide the legal basis for the State's implementation of the hazardous waste management program, the Memorandum of Agreement, the Attorney General's Statements and the Program Description, which are approved as part of the hazardous waste management program under Subtitle C of RCRA.

D. What is the effect of Arkansas' codification on enforcement?

The EPA retains its authority under statutory provisions, including but not limited to, RCRA sections 3007, 3008, 3013 and 7003, and other applicable statutory and regulatory provisions to undertake inspections and enforcement actions and to issue orders in authorized States. With respect to these actions, the EPA will rely on Federal sanctions, Federal inspection authorities, and Federal procedures rather than any authorized State analogues to these provisions. Therefore, the EPA is not incorporating by reference such particular, approved Arkansas procedural and enforcement authorities. Section 272.201(c)(2) of 40 CFR lists the statutory provisions which provide the legal basis for the State's implementation of the hazardous waste management program, as well as those procedural and enforcement authorities that are part of the State's approved program, but these are not incorporated by reference.

E. What state provisions are not part of the codification?

The public needs to be aware that some provisions of Arkansas' hazardous waste management program are not part of the Federally authorized State program. These non-authorized provisions include:

(1) provisions that are not part of the RCRA subtitle C program because they are "broader in scope" than RCRA subtitle C (see 40 CFR 271.1(i));

(2) Federal rules adopted by Arkansas but for which the State is not authorized;

(3) Unauthorized amendments to authorized State provisions;

(4) New unauthorized State requirements;

(5) A Federal program which has since been withdrawn by the U.S. EPA; and

(6) Federal rules for which Arkansas is authorized but which were vacated by the U.S. Court of Appeals for the District of Columbia Circuit (D.C. Cir. No. 98–1379 and 08–1144, June 27, 2014).

State provisions that are "broader in scope" than the Federal program are not part of the RCRA authorized program and the EPA will not enforce them. Therefore, they are not incorporated by reference in 40 CFR part 272. For reference and clarity, 40 CFR 272.201(c)(3) lists the Arkansas regulatory provisions which are "broader in scope" than the Federal program and which are not part of the authorized program being incorporated by reference. "Broader in scope" provisions cannot be enforced by the EPA; the State, however, may enforce such provisions under State law.

Additionally, Arkansas' hazardous waste regulations include amendments which have not been authorized by the EPA. Since the EPA cannot enforce a State's requirements which have not been reviewed and authorized in accordance with RCRA section 3006 and 40 CFR part 271, it is important to be precise in delineating the scope of a State's authorized hazardous waste program. Regulatory provisions that have not been authorized by the EPA include amendments to previously authorized State regulations as well as certain Federal rules and new State requirements.

Arkansas has adopted but is not authorized for the following Federal rules published in the **Federal Register** on July 15, 1985 (50 FR 28702; amendments to 40 CFR 260.22 only); April 12, 1996 (61 FR 16290); October 4, 2005 (70 FR 57769); April 4, 2006 (71 FR 16862); July 14, 2006 (71 FR 40254); and January 8, 2010 (75 FR 1236). Therefore, these Federal amendments included in Arkansas' regulations, are not part of the State's authorized program and are not part of the incorporation by reference addressed by this **Federal Register** document.

Arkansas adopted and was authorized for the following Federal Performance Track program, which has since been terminated by the U.S. EPA: published in the **Federal Register** on April 22, 2004 (69 FR 21737), as amended October 25, 2004 (69 FR 62217).

Arkansas has also adopted but is not authorized for the April 4, 2006 (71 FR 16862) Burden Reduction Initiative amendments to the following provisions regarding Performance Track: 40 CFR 260.10, 265.15, 265.174, 265.195, 265.201, 265.1101, 270.42(l) and Item O.1 of appendix I to § 270.42.

Arkansas has adopted and was authorized for the following Federal rules which have since been vacated by the U.S. Court of Appeals for the District of Columbia Circuit (D.C. Cir. No. 98–1379 and 08–1144, respectively; June 27, 2014): (1) The Comparable Fuels Exclusion at 40 CFR 261.4(a)(16) and 261.38 published in the **Federal Register** on June 19, 1998 (63 FR 33782), as amended on June 15, 2010 (75 FR 33712); and (2) the Gasification Exclusion Rule published on January 2, 2008 (73 FR 57).

State regulations that are not incorporated by reference in this rule at 40 CFR 272.201(c)(1), or that are not listed in 40 CFR 272.201(c)(2) ("legal basis for the State's implementation of the hazardous waste management program"), 40 CFR 272.201(c)(3) ("broader in scope") or 40 CFR 272.201(c)(4) ("unauthorized state amendments"), are considered new unauthorized State requirements. These requirements are not Federally enforceable.

With respect to any requirement pursuant to the Hazardous and Solid Waste Amendments of 1984 (HSWA) for which the State has not yet been authorized, the EPA will continue to enforce the Federal HSWA standards until the State is authorized for these provisions.

F. What will be the effect of federal HSWA requirements on the codification?

The EPA is not amending 40 CFR part 272 to include HSWA requirements and prohibitions that are implemented by the EPA. Section 3006(g) of RCRA provides that any HSWA requirement or prohibition (including implementing regulations) takes effect in authorized and not authorized States at the same time. A HSWA requirement or prohibition supersedes any less stringent or inconsistent State provision which may have been previously authorized by the EPA (50 FR 28702, July 15, 1985). The EPA has the authority to implement HSWA requirements in all States, including authorized States, until the States become authorized for such requirement or prohibition. Authorized States are required to revise their programs to adopt the HSWA requirements and prohibitions, and then to seek

authorization for those revisions pursuant to 40 CFR part 271.

Instead of amending 40 CFR part 272 every time a new HSWA provision takes effect under the authority of RCRA section 3006(g), the EPA will wait until the State receives authorization for its analog to the new HSWA provision before amending the State's 40 CFR part 272 incorporation by reference. Until then, persons wanting to know whether a HSWA requirement or prohibition is in effect should refer to 40 CFR 271.1(j), as amended, which lists each such provision.

Some existing State requirements may be similar to the HSWA requirement implemented by the EPA. However, until the EPA authorizes those State requirements, the EPA can only enforce the HSWA requirements and not the State analogs. The EPA will not codify those State requirements until the State receives authorization for those requirements.

Statutory and Executive Order Reviews

The Office of Management and Budget (OMB) has exempted this action from the requirements of Executive Order 12866 (58 FR 51735, October 4, 1993), and therefore this action is not subject to review by OMB. This rule incorporates by reference Arkansas' authorized hazardous waste management regulations and imposes no additional requirements beyond those imposed by State law. Accordingly, I certify that this action will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule merely incorporates by reference certain existing State hazardous waste management program requirements which the EPA already approved under 40 CFR part 271, and with which regulated entities must already comply, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4).

This action will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999), because it merely incorporates by reference existing authorized State hazardous waste management program requirements without altering the relationship or the distribution of power and responsibilities established by RCRA.

This action also does not have Tribal implications within the meaning of Executive Order 13175 (65 FR 67249, November 6, 2000).

This action also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant and it does not make decisions based on environmental health or safety risks. This rule is not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001), because it is not a significant regulatory action under Executive Order 12866.

The requirements being codified are the result of Arkansas' voluntary participation in the EPA's State program authorization process under RCRA Subtitle C. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. As required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996), in issuing this rule, the EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct. The EPA has complied with Executive Order 12630 (53 FR 8859, March 15, 1988) by examining the takings implications of the rule in accordance with the "Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings" issued under the executive order. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this document and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Authority: This rule is issued under the authority of Sections 2002(a), 3006 and 7004(b) of the Solid Waste Disposal Act as amended, 42 U.S.C. 6912(a), 6926, 6974(b).

Dated: November 16, 2015.

Ron Curry,

Regional Administrator, Region 6.

For the reasons set forth in the preamble, under the authority at 42 U.S.C. 6912(a), 6926, and 6974(b), EPA is granting final authorization under part 271 to the State of Arkansas for revisions to its hazardous waste program under the Resource Conservation and Recovery Act and is amending 40 CFR part 272 as follows.

PART 272—APPROVED STATE HAZARDOUS WASTE MANAGEMENT PROGRAMS

■ 1. The authority citation for part 272 continues to read as follows:

Authority: Sections 2002(a), 3006, and 7004(b) of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, as amended, 42 U.S.C. 6912(a), 6926, and 6974(b).

■ 2. Revise § 272.201 to read as follows:

§ 272.201 Arkansas State-administered program: Final authorization.

(a) Pursuant to section 3006(b) of RCRA, 42 U.S.C. 6926(b), the EPA granted Arkansas final authorization for the following elements as submitted to EPA in Arkansas' base program application for final authorization which was approved by EPA effective on January 25, 1985. Subsequent program revision applications were approved effective on May 29, 1990; November 18, 1991; December 4, 1992; December 21, 1994; June 24, 2002; October 15, 2007; August 27, 2010; October 9, 2012; December 1, 2014; December 30, 2014 and March 29, 2016.

(b) The State of Arkansas has primary responsibility for enforcing its hazardous waste management program. However, EPA retains the authority to

exercise its inspection and enforcement authorities in accordance with sections 3007, 3008, 3013, 7003 of RCRA, 42 U.S.C. 6927, 6928, 6934, 6973, and any other applicable statutory and regulatory provisions, regardless of whether the State has taken its own actions, as well as in accordance with other statutory and regulatory provisions.

(c) *State statutes and regulations.* (1) The Arkansas statutes and regulations cited in paragraph (c)(1)(i) of this section are incorporated by reference as part of the hazardous waste management program under subtitle C of RCRA, 42 U.S.C. 6921 *et seq.* The Director of the Federal Register approves this incorporation by reference in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. You may obtain copies of the Arkansas statutes that are incorporated by reference from Michie Publishing, 1275 Broadway, Albany, New York 12204, Phone: (800) 223-1940. Copies of the Arkansas regulations that are incorporated by reference are available from the Arkansas Department of Environmental Quality Web site at <http://www.adeq.state.ar.us/regs/default.htm> or the Public Outreach Office, ADEQ, 5301 Northshore Drive, North Little Rock, Arkansas 72118-5317, Phone: (501) 682-0923. You may inspect a copy at EPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202 (Phone number (214) 665-8533), or at the National Archives and Records Administration (NARA). (ii) [Reserved]

(2) The following provisions provide the legal basis for the State’s implementation of the hazardous waste management program, but they are not being incorporated by reference and do not replace Federal authorities:

(i) Arkansas Code of 1987 Annotated (A.C.A.), 2011 Replacement, Title 4, Business and Commercial Law, Chapter 75: Section 4-75-601(4) “Trade Secret”.

(ii) Arkansas Code of 1987 Annotated (A.C.A.), 2011 Replacement, Title 8, Environmental Law, Chapter 1: Section 8-1-107.

(iii) Arkansas Hazardous Waste Management Act of 1979, as amended, Arkansas Code of 1987 Annotated (A.C.A.), 2011 Replacement, Title 8, Environmental Law, Chapter 7, Subchapter 2: Sections 8-7-204 (except 8-7-204(e)(3)(B)), 8-7-205 through 8-7-214, 8-7-217, 8-7-218, 8-7-220, 8-7-222, 8-7-224, 8-7-225(b) through 8-7-225(d), and 8-7-227.

(iv) Arkansas Resource Reclamation Act of 1979, as amended, Arkansas Code of 1987 Annotated (A.C.A.), 2011 Replacement, Title 8, Environmental Law, Chapter 7, Subchapter 3: Sections 8-7-302(3), 8-7-303 and 8-7-308.

(v) Remedial Action Trust Fund Act of 1985, as amended, Arkansas Code of 1987 Annotated (A.C.A.), 2011 Replacement, Title 8, Environmental Law, Chapter 7, Subchapter 5: Sections 8-7-503(6) and (7), 8-7-505(3), 8-7-507, 8-7-508, 8-7-511 and 8-7-512.

(vi) Arkansas Freedom of Information Act (FOIA) of 1967, as amended, Arkansas Code of 1987 Annotated (A.C.A.), 2011 Replacement, Title 25, State Government, Chapter 19: Sections 25-19-103(1), 25-19-105, 25-19-107.

(vii) Arkansas Pollution Control and Ecology (APC&E) Commission Regulation No. 23, Hazardous Waste Management, as amended June 22, 2012, effective August 12, 2012, Chapter One; Chapter Two, Sections 1, 2, 3(a), 3(b)(3), 4, 260.2, 260.20(c) through (f), 261

Appendix IX, 270.7(h) and (j), 270.10(e)(8), 270.34, Chapter Three, Sections 19, 21 and 22; Chapter Five, Section 28.

(viii) Arkansas Pollution Control and Ecology (APC&E) Commission, Regulation No. 7, Civil Penalties, July 24, 1992.

(ix) Arkansas Pollution Control and Ecology (APC&E) Commission, Regulation No. 8, Administrative Procedures, February 12, 2009.

(3) The following statutory and regulatory provisions are broader in scope than the Federal program, are not part of the authorized program, and are not incorporated by reference:

(i) Arkansas Hazardous Waste Management Act, as amended, Arkansas Code of 1987 Annotated (A.C.A.), 2011 Replacement, Title 8, Environmental Law, Chapter 7, Subchapter 2: Section 8-7-226.

(ii) Arkansas Pollution Control and Ecology (APC&E) Commission Regulation No. 23, Hazardous Waste Management, as amended June 22, 2012, effective August 12, 2012, Chapter Two, Sections 6, 262.13(c), 262.24(d), 263.10(e), 263.13, 264.71(e), and 265.71(e).

(4) *Unauthorized State amendments and provisions.* (i) Arkansas has partially or fully adopted, but is not authorized to implement, the Federal rules that are listed in the table in this paragraph (c)(4)(i). The EPA will continue to implement the Federal HSWA requirements for which Arkansas is not authorized until the State receives specific authorization for those requirements. The EPA will not enforce the non-HSWA Federal rules although they may be enforceable under State law. For those Federal rules that contain both HSWA and non-HSWA requirements, the EPA will enforce only the HSWA portions of the rules.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 15, 27, 73, and 74

[GN Docket No. 12–268, FCC 15–140]

Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (“Commission” or “FCC”) defines when and in what areas 600 MHz Band wireless licensees will be deemed to “commence operations” for the purpose of establishing when secondary and unlicensed users must cease operations and vacate the 600 MHz Band.

DATES: The rules will become effective February 29, 2016, except for §§ 15.713(b)(2)(iv), 15.713(j)(10) introductory text, 15.715(n), and 73.3700(g)(4)(i), (g)(4)(ii)(B), (g)(4)(iii), and (g)(4)(v), which contain new or modified information collection requirements that require approval by the Office of Management and Budget under the Paperwork Reduction Act. The Commission will publish a document in the **Federal Register** announcing the effective date for those rules.

FOR FURTHER INFORMATION CONTACT: Paul Malmud of the Wireless Telecommunications Bureau, Broadband Division, at 202–418–0006 or paul.malmud@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of *Expanding the Economic*

and Innovation Opportunities of Spectrum Through Incentive Auctions, GN Docket No. 12–268, FCC 15–140, adopted October 21, 2015 (“*Commencing Operations R&O*”). §§ 15.713(b)(2)(iv), 15.713(j)(10) introductory text, 15.715(n), and 73.3700(g)(4)(i), (g)(4)(ii)(B), (g)(4)(iii), and (g)(4)(v) of the rules contain previously adopted new or modified information collection requirements that the Commission previously stated would require approval by the Office of Management and Budget under the Paperwork Reduction Act. 79 FR 48539 (Aug. 15, 2014); and 80 FR 73070 (Nov. 23, 2015). The Commission will publish a notice in the **Federal Register** announcing the effective date for these rules, which will be different than the notice for the other adopted rules. The complete text of this document is available for public inspection and copying from 8:00 a.m. to 4:30 p.m. Eastern Time (ET) Monday through Thursday or from 8:00 a.m. to 11:30 a.m. ET on Fridays in the FCC Reference Information Center, 445 12th Street SW., Room CY–A257, Washington, DC 20054. It is also available on the Commission’s Web site at <http://wireless.fcc.gov>, or by using the search function on the ECFS Web page at <http://www.fcc.gov/cgb/ecfs/>. Supplemental Final Regulatory Flexibility Analysis

As required by the Regulatory Flexibility Act of 1980, as amended (“RFA”), an Initial Regulatory Flexibility Analysis (“IRFA”) was incorporated in the *Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions* 77 FR 69934, Nov. 21, 2012 (“*Incentive Auction NPRM*”). The Commission sought written public comment on the proposals in the *Incentive Auction NPRM*, including comment on the IRFA. The Commission subsequently incorporated a Final Regulatory Flexibility Analysis (“FRFA”) in *Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions* 79 FR 48442, (Aug. 15, 2014) (“*Incentive Auction R&O*”). This Supplemental FRFA conforms to the RFA and incorporates by reference the FRFA in the *Incentive Auction R&O*. It reflects changes to the Commission’s rules arising from defining “commence

operations” in this *Commencing Operations R&O*.

Report to Small Business Administration

The Commission will send a copy of this *Commencing Operations R&O*, including this Supplemental FRFA, to the Chief Counsel for Advocacy of the Small Business Administration.

Paperwork Reduction Act

This document does not contain new or modified information collection requirements subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104–13.

Congressional Review Act

The Commission will send a copy of the *Commencing Operations R&O*, including this Supplemental FRFA, in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act. A copy of the *Commencing Operations R&O* and Supplemental FRFA (or summaries thereof) will also be published in the **Federal Register**.

I. Introduction

1. In the *Incentive Auction R&O*, the Commission adopted transition rules that permit low power television and TV translator (“LPTV”) stations, fixed broadcast auxiliary service operations (“BAS”), and unlicensed white space devices (hereinafter, collectively, “secondary and unlicensed users”) to continue operating in the 600 MHz Band, under specified conditions, after the spectrum has been licensed to new 600 MHz Band wireless licensees. The secondary and unlicensed users must vacate the band once the wireless licensee “commences operations” in its licensed 600 MHz spectrum, or on a date certain.¹ In this *Commencing Operations R&O*, the Commission defines when and in what areas 600 MHz Band wireless licensees will be deemed to “commence operations” for the purpose of establishing when the secondary and unlicensed users must cease operations and vacate the 600 MHz Band in those areas. Specifically,

¹ See *Incentive Auction R&O*. This *Commencing Operations R&O* only addresses the requirements relating to secondary and unlicensed users vacating the 600 MHz Band where 600 MHz Band wireless licensees commence operations. Secondary and unlicensed users also may be required to vacate portions of the 600 MHz Band to the extent the auction system assigns a television station to a channel in the 600 MHz Band. See *Broadcast Incentive Auction Scheduled to Begin March 29, 2016; Procedures for Competitive Bidding in Auction 1000, Including Initial Clearing Target Determination, Qualifying to Bid, and Bidding in Auctions 1001 (Reverse) and 1002 (Forward)*, 80 FR 61918, Oct. 14, 2014.
