AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that hydrofluorocarbon blends and components thereof (HFCs) from the People's Republic of China (PRC) are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in section 733 of the Tariff Act of 1930, as amended (the Act). The period of investigation (POI) is October 1, 2014, through March 31, 2015. The estimated margins of sales at LTFV are shown in the "Preliminary Determination" section of this notice. The final determination will be issued 135 days after publication of this preliminary determination in the **Federal Register**. Interested parties are invited to comment on this preliminary determination.

DATES: *Effective date:* February 1, 2016.

Scope of the Investigation

The products covered by this investigation are HFCs. For a full description of the scope of this investigation, *see* the "Scope of the Investigation," in Appendix I of this notice.

Scope Comments

Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. We have addressed some comments raised by interested parties but intend to address the rest of the comments at a later point in the investigation. For discussion of those comments, *see* the Preliminary Decision Memorandum.

Methodology

The Department conducted this investigation in accordance with section 731 of the Act. We calculated export prices in accordance with section 772 of the Act. Because the PRC is a non-market economy within the meaning of section 771(18) of the Act, normal value (NV) was calculated in accordance with section 773(c) of the Act.

Preliminary Affirmative Determination of Critical Circumstances, in Part

On November 30, 2015, the petitioner timely filed an amendment to the petition, pursuant to section 733(e)(1) of the Act and 19 CFR 351.206(c)(2)(i), alleging that critical circumstances exist with respect to imports of the merchandise under consideration.³ We

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, the Department will instruct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of HFCs from the PRC, as described in Appendix I of this notice, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Section 733(e)(2) of the Act provides that, given an affirmative determination of critical circumstances, any suspension of liquidation shall apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the later of (a) the date which is 90 days before the date on which the suspension of liquidation was first ordered, or (b) the date on which notice of initiation of the investigation was published. We preliminarily find that critical circumstances exist for imports of HFCs from the PRC produced or exported by the T.T. International Co., Ltd. and the PRC-wide entity. Accordingly, for T.T. International Co., Ltd. and the PRC-wide entity, in accordance with section 733(e)(2)(A) of the Act, the suspension of liquidation shall apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the publication of this notice.

Pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit⁹ equal to the weighted-average amount by which NV exceeds U.S. price, as indicated in the chart above, as follows: (1) The cash deposit rate for the exporter/producer combinations listed in the table above will be the rate the Department determines in this preliminary determination; (2) for all combinations of PRC exporters/producers of merchandise under consideration that have not received their own separate rate above, the cash-deposit rate will be

the cash deposit rate established for the PRC-wide entity; and (3) for all non-PRC exporters of merchandise under consideration which have not received their own separate rate above, the cash-deposit rate will be the cash deposit rate applicable to the PRC exporter/producer combination that supplied that non-PRC exporter.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. 19 CFR 351.210(e)(2) requires that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

Respondents Dongyue and T.T. International requested that, in the event of an affirmative preliminary determination in this investigation, the Department postpone its final determination by 60 days (*i.e.*, to 135 days after publication of the preliminary determination), and agreed to extend the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR 351.210(e)(2), from a four-month period to a period not to exceed six months.¹⁰ In addition, the petitioners¹¹ also requested that, in the event of a negative preliminary determination, the Department postpone its final determination to 135 days after the date of publication of the preliminary determination.¹²

¹⁰ See letters from Dongyue and T.T. International, respectively, entitled, "Request for Postponement of Final Determination: Antidumping Duty Investigation on Hydrofluorocarbon Blends and Components Thereof from the People's Republic of China," dated January 13, 2016, and "Hydrofluorocarbon Blends and Components Thereof from the People's Republic of China: Request to Postpone Final Determination," dated January 14, 2016.

¹¹ The petitioners in this proceeding are American HFC Coalition and District Lodge 154 of the International Association of Machinists and Aerospace Workers.

¹² See letter from the petitioners entitled, "Hydrofluorocarbon Blends and Components Thereof from the People's Republic of China: Petitioner's Request for Extension of the Antidumping Investigation Final Determination," dated January 13, 2016.

In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) our preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, we are postponing the final determination until no later than 135 days after the publication of this notice in the **Federal Register** and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, we will issue our final determination no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.¹³

International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we are notifying the ITC of our affirmative preliminary determination of sales at LTFV. Section 735(b)(2) of the Act requires the ITC to make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of HFCs, or sales (or the likelihood of sales) for importation, of the merchandise under consideration before the later of 120 days after the date of this preliminary determination or 45 days after our final determination. Because we are postponing the deadline for our final determination to 135 days from the date of publication of this preliminary determination, as discussed above, the ITC will make its final determination no later than 45 days after our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: January 21, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.
