BILLING CODE 4810-AL-P

DEPARTMENT OF VETERANS AFFAIRS**West Los Angeles VA Medical Center; Draft Master Plan**

AGENCY: Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: This **Federal Register** Notice announces publication of the Draft Master Plan for the West Los Angeles (WLA) Department of Veterans Affairs (VA) campus (hereinafter referred to as the "Draft Master Plan"). This notice also responds to public comments received in response to the Preliminary Draft Master Plan that VA published on October 22, 2015.

SUPPLEMENTARY INFORMATION:**Introduction**

On October 22, 2015, the Department of Veterans Affairs (VA) published a notice in the **Federal Register** (80 FR 64061), seeking public comments for 45 days ending on Monday December 7, 2015, on the Preliminary Draft Final Master Plan for the Greater Los Angeles (GLA) VA Medical Center. As indicated in the **Federal Register** announcement, the campus consists of approximately 388 acres in the heart of Los Angeles. It has approximately 104 buildings, 39 of which are historic, 12 which are in need of seismic improvements, and a number of which are currently vacant or closed.

A key purpose for VA to solicit the public comments was to inform the Department's ongoing process to revitalize the campus and make it more Veteran focused (particularly for homeless, severely disabled, aging, and female Veterans); help end Veterans homelessness in greater Los Angeles, in coordination with key stakeholders (including former plaintiffs in the *Valentini v. McDonald* lawsuit, pertinent federal, state, and local authorities, legislators, Veteran Service

Organizations, Veterans, local community partners, outside experts, and philanthropic entities); receive input to determine ways to make the campus more of a welcoming and thriving environment for Veterans and their families, whether living on or off campus, as they engage with one another on a peer-to-peer level, and receive the healthcare, benefits, and other services that they earned for serving our country; improve the processes and procedures regarding the review, execution, and administration of third-party land use agreements on campus, to ensure that those agreements that are not Veteran focused and not central to VA's mission and operations are as appropriate, modified, or terminated in support of VA's ongoing campus revitalization efforts.

We are pleased to advise that as a result of this public process, VA received a record number of comments: 1,002. They contained invaluable feedback on a range of issues pertinent to the campus, notably regarding: the enhancement of arts, entertainment, and recreation facilities and opportunities; ways to improve campus circulation, parking, security, and transportation; ideas for improving campus integration with the surrounding community; suggestions for increased and expanded clinical care including therapeutic and holistic approaches; housing and campus restoration; ways to improve and address third-party when you see agreements on campus; ways to improve benefits and memorial services on campus, as well as other amenities such as childcare services, legal counseling services, financial management services, and parking; operational issues including improvements to the organizational and leadership structures for the campus, to maximize the potential and desire to better connect Veterans to the campus and give them more opportunities to provide true insight and feedback; emphasis on improving transparency and accountability regarding the spectrum of healthcare, benefits, memorial service, and third-party activities throughout the campus; options to improve access, reintegration, employment, counseling, family well-being, and other services for Veterans on the campus and within the surrounding community.

VA has received numerous letters of support for legislation that Senator Dianne Feinstein and Congressman Ted Lieu have introduced in Congress to support VA's plan to revitalize the campus. The bill is known as S. 2013 and HR 3484, and is titled the "Los Angeles Homeless Veterans Act of 2015." The legislation would enable VA
