Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.
 Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant

to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for electronic review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. PJM Interconnection, LLC; Supplemental Notice of Technical Conference

As announced in a Notice issued on January 13, 2016, the Federal Energy Regulatory Commission (Commission) will hold a technical conference on Thursday, February 4, 2016. The technical conference will focus on whether PJM Interconnection, LLC's (PJM) existing Auction Revenue Rights (ARR) and Financial Transmission Rights (FTR) tariff provisions are unjust and unreasonable and whether PJM's proposed revisions to its tariff addressing these matters are just and reasonable. The technical conference will commence at 9:30 a.m. and conclude at 5:00 p.m. and be held at the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. This technical conference is free of charge and open to the public. The technical conference will be led by Commission staff, and Commission members may be in attendance and participate.

The agenda and a list of participants/speakers for this technical conference are attached. A schedule for post-technical comments will be established at the technical conference.

Those who plan to attend the technical conference are encouraged to complete the registration form located at: <https://www.ferc.gov/whats-new/registration/02-04-16-form.asp>. There is no registration deadline.

The technical conference will be transcribed. Transcripts of the technical conference will be available for a fee

from Ace-Federal Reporters, Inc.¹ Additionally, there will be a free webcast of the technical conference. The webcast will allow persons to listen to the technical conference but not participate. Anyone with Internet access who wants to listen to the technical conference can do so by navigating to the Calendar of Events at www.ferc.gov, locating the technical conference in the Calendar, and clicking on the webcast link. The Capitol Connection provides technical support for the webcast and offers the option of listening to the meeting via phone-bridge for a fee.²

Transcontinental Gas Pipe Line Company, LLC; Supplemental Notice of Intent for the Proposed Dalton Expansion Project, Request for Comments on Environmental Issues Related to New Route Modifications Under Consideration

You are receiving this letter because the staff of the Federal Energy Regulatory Commission (FERC or Commission) is evaluating route modifications to Transcontinental Gas Pipe Line Company, LLC's (Transco) proposed Dalton Expansion Project (Project). The general location of the Project is shown in appendix 1.¹ Since the filing of its March 19, 2015 application, Transco provided two supplemental filings (July 15, 2015 and September 30, 2015) that identified several modifications to its proposed pipeline route. These modifications were incorporated based on the results of ongoing field surveys and to address comments from agencies and other stakeholders. The majority of the landowners potentially affected by these modifications have received notification of the Commission's review of the Project. However, some of the modifications would affect new landowners; therefore, the Commission is issuing this supplemental notice (Notice) to provide these new landowners an opportunity to comment on the Project. You can access detailed mapping of the modifications to the
