SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–76990; File No. SR–ISE–2016–04]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Schedule of Fees

January 28, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on January 19, 2016 the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission the proposed rule change, as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to amend the Schedule of Fees to rename its Payment for Order Flow program. The text of the proposed rule change is available on the Exchange’s Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange administers a payment for order flow (“PFOF”) program that helps Market Makers³ establish PFOF arrangements with Electronic Access Members (“EAMs”) in exchange for those EAMs routing some or all of their order flow to the Market Maker. This PFOF program is funded through a fee of \$0.70 per contract,⁴ which is paid by ISE Market Makers for each regular Priority Customer⁵ contract executed in Non-Select Symbols.⁶ The Exchange now proposes to rename the PFOF fee to “marketing fee” to keep the name of this program consistent with usage on other options markets that have adopted this terminology. The Exchange is not proposing any substantive changes to this program.

³ The term “Market Makers” refers to “Competitive Market Makers” and “Primary Market Makers” collectively. See Rule 100(a)(25).

⁴ The fee is waived in FX Options, Flash Orders, and for Complex Orders in all symbols. The PFOF fee is rebated proportionately to the members that paid the fee such that on a monthly basis the PFOF fund balance administered by a Primary Market Maker for a Group of options established under Rule 802(b) does not exceed \$100,000 and the PFOF fund balance administered by a preferred Competitive Market Maker for such a Group does not exceed \$100,000. A preferred Competitive Market Maker that elects not to administer a fund will not be charged the PFOF fee.

The Exchange assesses an administrative fee of 0.45% on the total amount of the funds collected each month.

⁵ A “Priority Customer” is a person or entity that is not a broker/dealer in securities, and does not place more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s), as defined in Rule 100(a)(37A).

⁶ “Non-Select Symbols” are options overlying all symbols excluding Select Symbols. The Schedule of Fees currently states that PFOF is applicable to “Non-Penny Pilot Symbols,” which is an outdated term. The Exchange therefore proposes to update the Schedule of Fees to refer instead to “Non-Select Symbols.”

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁷ In particular, the proposal is consistent with Section 6(b)(5) of the Act,⁸ because it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed rule change makes a non-substantive change to the name of the PFOF program operated by the Exchange. The Exchange believes that this change will be beneficial for members and investors who already use this term with respect to trading on other options markets that have already adopted this terminology. The Exchange further notes that the marketing fee program will continue to operate exactly as it does today.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁹ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is a non-substantive name change and is therefore not designed to have any competitive impact.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has

become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹² normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹³ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The proposed rule change modifies the name of the PFOF program operated by the Exchange in a manner that is consistent with terminology used on other options markets.¹⁴ Because the proposal does not raise any new or novel issues and only involves a non-material change in terminology, the Commission believes the waiver of the operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

January 28, 2016.

The proposed rule change was published for comment in the **Federal Register** on November 2, 2015.³ The Commission received no comment letters on the proposed rule change. II. Description of the Proposed Rule Change

The Exchange proposes to delete Rule 410B, which sets forth certain regulatory reporting requirements for member or member organizations effecting off-Exchange transactions in Exchange listed securities that are not reported to the Consolidated Tape, and to make conforming amendments to Rule 476A to delete a reference to Rule 410B. The Exchange represents that Rule 410B is no longer necessary in light of changes in trade reporting and regulatory requirements that have been put in place since the Exchange adopted Rule 410B.
