SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76993; File No. SR-CBOE-2016-004]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Options Regulatory Fee

January 28, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 14, 2016, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") proposes to amend the Options Regulatory Fee. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to increase the Options Regulatory Fee ("ORF") from \$.0064 to \$.0081 per contract in order to help ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, meets the Exchange's total regulatory costs. The proposed fee change would be operative on February 1, 2016.

The ORF is assessed by the Exchange to each Trading Permit Holder for all options transactions executed or cleared by the Trading Permit Holder that are cleared by The Options Clearing Corporation ("OCC") in the customer range (*i.e.*, transactions that clear in a customer account at OCC) regardless of the exchange on which the transaction occurs.³ In other words, the Exchange imposes the ORF on all customer-range transactions executed by a Trading Permit Holder, even if the transactions do not take place on the Exchange. The ORF also is charged for transactions that are not executed by a Trading Permit Holder but are ultimately cleared by a Trading Permit Holder. In the case where a Trading Permit Holder executes a transaction and a different Trading Permit Holder clears the transaction, the ORF is assessed to the Trading Permit Holder who executed the transaction. In the case where a non-Trading Permit Holder executes a transaction and a Trading Permit Holder clears the transaction, the ORF is assessed to the Trading Permit Holder who clears the transaction. The ORF is collected indirectly from Trading Permit Holders through their clearing firms by OCC on behalf of the Exchange.

The ORF is designed to recover a material portion of the costs to the Exchange of the supervision and regulation of Trading Permit Holder customer options business, including performing routine surveillances, investigations, examinations, financial monitoring, as well as policy, rulemaking, interpretive and enforcement activities. The Exchange believes that revenue generated from the ORF, when combined with all of the Exchange's other regulatory fees and fines, will cover a material portion, but not all, of the Exchange's regulatory costs. The Exchange notes that its regulatory responsibilities with respect to Trading Permit Holder compliance

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The ORF also applies to customer-range transactions executed during Extended Trading Hours.

¹⁰ 17 CFR 200.30-3(a)(12).

with options sales practice rules have largely been allocated to FINRA under a 17d-2 agreement.⁴ The ORF is not designed to cover the cost of that options sales practice regulation.

The Exchange will continue to monitor the amount of revenue collected from the ORF to ensure that it, in combination with its other regulatory fees and fines, does not exceed the Exchange's total regulatory costs. The Exchange monitors its regulatory costs and revenues at a minimum on a semi-annual basis. If the Exchange determines regulatory revenues exceed or are insufficient to cover a material portion of its regulatory costs, the Exchange will adjust the ORF by submitting a fee change filing to the Commission. The Exchange notifies Trading Permit Holders of adjustments to the ORF via regulatory circular. The Exchange endeavors to provide Trading Permit Holders with such notice at least 30 calendar days prior to the effective date of the change.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁵ Specifically, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,⁶ which provides that Exchange rules may provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes the proposed fee change is reasonable because it would help ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, does not exceed the Exchange's total regulatory costs. Moreover, the Exchange believes the ORF ensures fairness by assessing higher fees to those Trading Permit Holders that require more Exchange regulatory services based on the amount of customer options business they conduct. Regulating customer trading activity is

much more labor intensive and requires greater expenditure of human and technical resources than regulating non-customer trading activity, which tends to be more automated and less labor-intensive. As a result, the costs associated with administering the customer component of the Exchange's overall regulatory program are materially higher than the costs associated with administering the non-customer component (e.g., Trading Permit Holder proprietary transactions) of its regulatory program.⁸ The Exchange believes the proposed fee change is equitable and not unfairly discriminatory in that it is charged to all Trading Permit Holders on all their transactions that clear in the customer range at the OCC.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, because it applies to all Trading Permit Holders. The proposed ORF is comparable to fees charged by other options exchanges for the same or similar service. The Exchange believes any burden on competition imposed by the proposed rule change is outweighed by the need to help the Exchange adequately fund its regulatory activities to ensure compliance with the Exchange Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and paragraph (f) of Rule 19b-4¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of

the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76992; File No. SR-NYSEMKT-2016-10]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Change Modifying the NYSE Amex Options Fee Schedule To Add an Early Adopter Specialist Credit

January 28, 2016.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on January 20, 2016, NYSE MKT LLC (the “Exchange” or “NYSE MKT”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to modify the NYSE Amex Options Fee Schedule (“Fee Schedule”). The Exchange proposes to implement the fee change effective February 1, 2016. The proposed change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below.

The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to implement a monthly credit available to Specialists to promote trading in Binary Return Derivatives (“ByRDs”),⁴ which is a new product that the Exchange anticipates launching in February 2016.

To encourage trading of ByRDs, the Exchange proposes to offer an incentive to Specialists appointed to trade ByRDs.⁵ Specialists that are appointed in ByRDs and eligible for the incentive payment would be known on the Exchange’s Fee Schedule as “Early Adopter Specialists.” Specifically, effective February 1, 2016, the Exchange proposes to offer each “Early Adopter Specialist” a monthly credit of \$335 for each class of ByRDs for which that Specialist is appointed, which the Exchange believes would provide a competitive incentive to Specialists based on market conditions and competing interests for technology.⁶ The Exchange believes the proposed incentive payment would further the Exchange’s goal of introducing new products to the marketplace by encouraging Specialists to make a market for these products.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,⁸ in particular,

⁴ See Securities Exchange Act Release No. 56251 (August 14, 2007), 72 FR 46523 (August 20, 2007) (SR-Amex-2004-27) (Order approving listing of Fixed Return Options (“FROs”)); see also Securities Exchange Act Release No. 71957 (April 16, 2014), 79 FR 22563 (April 22, 2014) (SR-NYSEMKT-2014-06) (Order approving name change from FROs to Binary Return Derivatives (ByRDs) and re-launch of these products, with certain modification, and amending Obvious Errors rules to include ByRDs). ByRDs are European-style option contracts on individual stocks, exchange-traded funds and Index-Linked Securities that have a fixed return in cash based on a set strike price; satisfy specified listing criteria; and may only be exercised at expiration pursuant to the Rules of the Options Clearing Corporation. See, e.g., NYSE MKT Rule 900ByRDs.

⁵ Each Specialist must be registered with the Exchange as a Market Maker and is thus subject to the quoting requirements imposed on Market Makers. See, e.g., Rules 920NY, 925.1NY(b) and 927NY.

⁶ See proposed Section I.H. of the Fee Schedule, which was previously Reserved.

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(4) and (5).

because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that the proposed monthly credit is reasonable, equitable and not unfairly discriminatory for the following reasons. First, the proposed credit would generate additional order flow to the Exchange by creating incentives to quote and trade ByRDs options, which would benefit all market participants even those not eligible to receive the credit. The Exchange believes it is appropriate to offer the credit to Specialists (and not to other types of Market Makers) as the Specialists are subject to heightened continuous quoting obligations, which exceed those imposed on other Market Makers.⁹ The Exchange believes the proposed credit would recognize the contributions of each Early Adopter Specialist to the trading environment on the Exchange and is designed to attract Specialists willing to seek appointments in and, thus provide continuous quotes in, ByRDs options, which increase in the availability of ByRDs options would benefit all market participants.

In addition, the Exchange has evaluated the market conditions, including the technology needs of Specialists appointed to options on ByRDs and believes the proposed monthly credit of \$335 is reasonable, equitable and not unfairly discriminatory.¹⁰ The Exchange notes that offering market participants incentives to trade in certain newly offered products is not new of novel.¹¹

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹² the Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed incentive is pro-competitive as it would further the Exchange’s goal of

⁹ See *supra* n. 5.

¹⁰ In determining the \$335 fee, the Exchange considered factors such as systems upgrades and additional data feeds that may be necessary to act as a Specialist in ByRDs.
