

being initiated and is expected to be available in August 2016 on the Forest Web site at: <http://www.fs.usda.gov/land/custergallatin/landmanagement>.

Following completion of the assessment, the Forest will initiate procedures pursuant to the National Environmental Policy Act (NEPA) to prepare and evaluate a revised forest plan.

ADDRESSES: Written correspondence can be sent to Custer Gallatin National Forest, P.O. Box 130, Bozeman, MT 59771, or sent via email to cgplanrevision@fs.fed.us. All correspondence, including names and addresses when provided, are placed in the record and are available for public inspection and copying.

FOR FURTHER INFORMATION CONTACT: Virginia Kelly, Forest Plan Revision Team Leader at 406-587-6704. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8:00 a.m. and 8:00 p.m. (Eastern time), Monday through Friday.

More information on the planning process can also be found on the Custer Gallatin National Forest Planning Web site at <http://www.fs.usda.gov/land/custergallatin/landmanagement>.

SUPPLEMENTARY INFORMATION: The National Forest Management Act (NFMA) of 1976 requires that every National Forest System (NFS) unit develop a land management plan (LMP). On April 9, 2012, the Forest Service finalized its land management planning rule (2012 Planning Rule, 36 CFR part 291), which describes requirements for the planning process and the content of the land management plans. Forest plans describe the strategic direction for management of forest resources for ten to fifteen years, and are adaptive and amendable as conditions change over time. Pursuant to the 2012 Forest Planning Rule (36 CFR part 219), the planning process encompasses three-stages: assessment, plan revision, and monitoring. The first stage of the planning process involves assessing social, economic, and ecological conditions of the planning area, which

is documented in an assessment report. This notice announces the start of the initial stage of the planning process, which is the development of the assessment report.

The second stage, formal plan revision, involves the development of our Forest Plan in conjunction with the preparation of an Environmental Impact Statement under the NEPA. Once the plan revision is completed, it will be subject to the objection procedures of 36 CFR part 219, subpart B, before it can be approved. The third stage of the planning process is the monitoring and evaluation of the revised plan, which is ongoing over the life of the revised plan.

The assessment rapidly evaluates existing information about relevant ecological, economic, cultural and social conditions, trends, and sustainability and their relationship to land management plans within the context of the broader landscape. This information builds a common understanding prior to entering formal plan revision. The development of the assessment will include public engagement.

With this notice, the Custer Gallatin National Forest invites other governments, non-governmental parties, and the public to contribute in assessment development. The intent of public engagement during development of the assessment is to identify as much relevant information as possible to inform the upcoming plan revision process. We encourage contributors to share material about existing conditions, trends, and perceptions of social, economic, and ecological systems relevant to the planning process. The assessment also supports the development of relationships with key stakeholders that will be used throughout the plan revision process.

As public meetings, other opportunities for public engagement, and public review and comment opportunities are identified to assist with the development of the forest plan revision, public announcements will be made, notifications will be posted on the Forest's Web site at <http://www.fs.usda.gov/main/custergallatin/> and information will be sent out to the

Forest's mailing list. If anyone is interested in being on the Forest's mailing list to receive these notifications, please contact Virginia Kelly at the address identified above, or by sending an email cgplanrevision@fs.fed.us.

Responsible Official

The responsible official for the revision of the land management plan for the Custer Gallatin National Forest is Mary Erickson, Forest Supervisor, Custer Gallatin National Forest.

Dated: January 29, 2016.

Mary Erickson,

Forest Supervisor.

Office of the Secretary

Estimates of the Voting Age Population for 2015

AGENCY: Office of the Secretary, Commerce.

ACTION: General Notice Announcing Population Estimates.

SUMMARY: This notice announces the voting age population estimates as of July 1, 2015, for each state and the District of Columbia. We are providing this notice in accordance with the 1976 amendment to the Federal Election Campaign Act, Title 52, United States Code, Section 30116(e).

FOR FURTHER INFORMATION CONTACT: Karen Humes, Chief, Population Division, U.S. Census Bureau, Room HQ-5H174, Washington, DC 20233, at 301-763-2071.

SUPPLEMENTARY INFORMATION: Under the requirements of the 1976 amendment to the Federal Election Campaign Act, Title 52, United States Code, Section 30116(e), I hereby give notice that the estimates of the voting age population for July 1, 2015, for each state and the District of Columbia are as shown in the following table.

ESTIMATES OF THE POPULATION OF VOTING AGE FOR EACH STATE AND THE DISTRICT OF COLUMBIA: JULY 1, 2015

Area	Population 18 and over	Area	Population 18 and over
United States	247,773,709		
Alabama	3,755,483	Missouri	4,692,196
Alaska	552,166	Montana	806,529
Arizona	5,205,215	Nebraska	1,425,853
Arkansas	2,272,904	Nevada	2,221,681
California	30,023,902	New Hampshire	1,066,610
Colorado	4,199,509	New Jersey	6,959,192

ESTIMATES OF THE POPULATION OF VOTING AGE FOR EACH STATE AND THE DISTRICT OF COLUMBIA: JULY 1, 2015—

Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe From the People's Republic of China: Final Results of Expedited First Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) finds that revocation of the countervailing duty (CVD) order on seamless carbon and alloy steel standard, line and pressure pipe (seamless pipe) from the People's Republic of China (PRC) would likely lead to the continuation or recurrence of a countervailable subsidy at the levels indicated in the Final Results of Review section of this notice.

DATES: *Effective date:* February 4, 2016.

FOR FURTHER INFORMATION CONTACT: Peter Zukowski, Office I, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of

Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0189.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2015, the Department initiated the first sunset review of the *CVD Order*¹ on seamless pipe from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² TMK IPSCO, United States Steel Corporation (U.S. Steel) and Vallourec Star, L.P. (Vallourec) (collectively, the petitioners) filed timely notices of intent to participate on October 13, 2015, and October 15, 2015, in accordance with 19 CFR 351.218(d)(1).³ Each of these companies claimed interested party status under section 771(9)(C) of the Act, as U.S. producers of the domestic like product.

The Department received an adequate substantive response collectively from the domestic industry within the 30-day deadline specified in 19 CFR

¹ See *Certain Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe From the People's Republic of China: Amended Final Affirmative Countervailing Duty Determination and Countervailing Duty Order*, 75 FR 69050 (November 10, 2010) (*CVD Order*).

² See *Initiation of Five-Year "Sunset" Reviews*, 80 FR 59133 (October 1, 2015).

³ See Letters to the Department, "Seamless Carbon and Alloy Steel Standard, Line and Pressure Pipe from China, First Sunset Review," dated October 13, 2015 (filed by TMK IPSCO and Vallourec) and "Notice of Intent to Participate in First Five-Year Review of the Countervailing Duty Order on Seamless Carbon and Alloy Steel Standard, Line and Pressure Pipe from the People's Republic of China," dated October 14, 2015 (filed by US Steel).

351.218(d)(3)(i).⁴ The Department did not receive a substantive response from the Government of the PRC or any respondent interested party to the proceeding. Because the Department received no response from the respondent interested parties, the Department conducted an expedited review of this CVD order, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2).

Scope of the Order

The scope of this order consists of certain seamless carbon and alloy steel (other than stainless steel) pipes and redraw hollows, less than or equal to 16 inches (406.4 mm) in outside diameter, regardless of wall-thickness, manufacturing process (*e.g.*, hot-finished or cold-drawn), end finish (*e.g.*, plain end, beveled end, upset end, threaded, or threaded and coupled), or surface finish (*e.g.*, bare, lacquered or coated). Redraw hollows are any unfinished carbon or alloy steel (other than stainless steel) pipe or "hollow profiles" suitable for cold finishing operations, such as cold drawing, to meet the American Society for Testing and Materials ("ASTM") or American Petroleum Institute ("API") specifications referenced below, or comparable specifications. Specifically included within the scope are seamless carbon and alloy steel (other than

⁴ See Letter to the Department, "Seamless Carbon and Alloy Steel Standard, Line and Pressure Pipe from China, First Sunset Review: Substantive Response to Notice of Initiation," dated November 2, 2015.
