BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2015-7492; Airspace Docket No. 15-AGL-27]

Amendment of Class E Airspace; Rapid City, SD

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the legal description of the Class E airspace area at Rapid City Regional Airport, Rapid City, SD, eliminating the Notice to Airmen (NOTAM) part-time status of the Class E surface area airspace, and Class E airspace designated as an extension, at the airport. This is an administrative change to coincide with the FAA's aeronautical database.

DATES: Effective 0901 UTC, March 31, 2016. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.9Z, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 29591; telephone: 202-267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Rapid City Regional Airport, Rapid City, SD.

History

In a review of the airspace, the FAA found the airspace for Rapid City Regional Airport, Rapid City, SD, as published in FAA Order 7400.9Z, Airspace Designations and Reporting Points, does not require part time status. This is an administrative change removing the part time NOTAM information from the legal description for the airport.

Class E airspace designations are published in paragraph 6002 and 6004 of FAA Order 7400.9Z dated August 6, 2015, and effective September 15, 2015, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Z, Airspace Designations and Reporting Points, dated August 6, 2015, and effective September 15, 2015. FAA Order 7400.9Z is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.9Z lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends Title 14, Code of Federal Regulations (14 CFR) part 71 by

eliminating the NOTAM information that reads, "This Class E airspace is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory." from the regulatory text of Class E surface area airspace, and Class E airspace designated as an extension to Class D, at Rapid City Regional Airport, Rapid City, SD.

This is an administrative change amending the description for Rapid City Regional Airport to be in concert with the FAA's aeronautical database, and does not affect the boundaries, or operating requirements of the airspace; therefore, notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Z, Airspace Designations and Reporting Points, dated August 6, 2015, effective September 15, 2015, is amended as follows:

BILLING CODE 4910–13–P

DEPARTMENT OF STATE

22 CFR Part 41

[Public Notice: 9428]

RIN 1400–AD17

Visas: Documentation of Nonimmigrants Under the Immigration and Nationality Act, as Amended

AGENCY: Department of State.

ACTION: Interim final rule.

SUMMARY: As a result of this rule, a passport and a visa will be required of a British, French, or Netherlands national, or of a national of Antigua, Barbados, Grenada, Jamaica, or Trinidad and Tobago, who has residence in British, French, or Netherlands territory located in the adjacent islands of the Caribbean area, or has residence in Antigua, Barbados, Grenada, Jamaica, or Trinidad and Tobago, if the alien is proceeding to the United States as an agricultural worker. In light of past experience, and to promote consistency of treatment across H–2A agricultural workers, prudent border management requires these temporary workers to obtain a visa along with most other H–2A agricultural workers.

The previous rule allowing temporary workers from these countries to enter the United States without a visa presented a vulnerability. Temporary workers from these countries now require H–2A visas to enter the United States.

DATES: This rule is effective February 19, 2016. *Comment period:* The Department will accept comments until April 4, 2016.

ADDRESSES:

- Interested parties may submit comments at any time by any of the following methods:

- Mail:* U.S. Department of State, Visa Services, Legislation and Regulations Division, 600 19th Street NW., Room 12–526B, Washington, DC 20006 ATTN: Paul-Anthony L. Magadia.

SUPPLEMENTARY INFORMATION:

Why is the Department promulgating this rule?

The Department of State (the Department) is amending the previous rule to alleviate fraud and security concerns that have developed subsequent to that rule's publication. The previous rule, 22 CFR 41.2(e)(1), allowed nationals of certain Caribbean countries, as well as nationals of certain other countries who have residence in such countries' territories in the Caribbean, to enter the United States as temporary agricultural workers without visas. The amended rule requires that temporary workers from these countries obtain H–2A visas to enter the United States.

What is the current rule?

Currently, British, French, and Netherlands nationals and nationals of Antigua, Barbados, Grenada, Jamaica, and Trinidad and Tobago, who have their residence in British, French, or Netherlands territory located in the adjacent islands of the Caribbean area or in Antigua, Barbados, Grenada, Jamaica, or Trinidad and Tobago, are not required to obtain visas before traveling to the United States as H–2A agricultural workers.

What will prospective H–2A agricultural workers be required to do?

The amended rule requires these prospective H–2A agricultural workers to obtain a visa prior to traveling to the United States. Any spouses or children of these workers also will have to obtain a visa. To obtain a visa, these nonimmigrant aliens will have to be in possession of a valid passport, submit a visa application to and appear for an interview at a U.S. embassy or consulate, and undergo the Department's visa screening process.

Will the amended rule ensure that prospective H–2A agricultural workers are properly screened prior to their arrival in the United States?

Requiring these prospective H–2A agricultural workers to obtain visas will ensure that they are sufficiently screened prior to arrival in the United States. This will lessen the possibility that persons who pose security risks to the United States and other potential immigration violators may improperly gain admission to the United States. At the same time, requiring that these applicants appear before consular officers will provide greater opportunities to prescreen for potential employment fraud and will promote compliance with Department of Homeland Security (DHS) and Department of Labor (DOL) H–2A rules.
