Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: B4UFLY Smartphone App

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The FAA’s B4UFLY smartphone app will provide situational awareness of flight restrictions—including locations of airports, restricted airspace, special use airspaces, and temporary flight restrictions—based on a user’s current or planned flight location.

DATES: Written comments should be submitted by March 7, 2016.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Title: B4UFLY Smartphone App.

Form Numbers: There are no forms associated with this collection.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on November 24, 2015 (80 FR 73265). Public Law 112-95, Section 336 requires model aircraft operators to notify the airport operator and air traffic control tower (if one is located at the airport) prior to operating within 5 miles of an airport. The FAA's B4UFLY smartphone app will provide situational awareness of flight restrictions—including locations of airports, restricted airspace, special use airspaces, and temporary flight restrictions—based on a user's current or planned flight location. In order to maintain NAS safety in proximity to airports, air traffic control personnel would need certain basic information about a UAS operator's intended flight in order to assess whether the UAS may disrupt or endanger manned air traffic.

Respondents: Approximately 1000 beta testers.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: Approximately 2 minutes.

Estimated Total Annual Burden: 1,485 hours.

Issued in Washington, DC, on January 27, 2016.
