section 188 and 29 CFR part 38 (WIA/ WIOA sections 185(d)(1) and (a–o)).
WIA/WIOA section 189 requires the Secretary to prepare and submit to Congress an annual report regarding the programs and activities carried out under title I of WIA/WIOA. The report must include:
• A summary of the achievements, failures, and problems of the programs and activities in meeting the objectives of WIA/WIOA title I;
• A summary of major findings from research, evaluations, pilot projects, and experiments conducted under WIA/ WIOA title I in the fiscal year prior to the submission of the report;
• Recommendations for modifications in the programs and activities based on analysis of such findings; and
• Such other recommendations for legislative or administrative action as the Secretary determines to be appropriate.

II. Review Focus

The Department is particularly interested in comments which:
• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
• Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
• Enhance the quality, utility, and clarity of the information to be collected; and
• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

Type of Review: extension with minor revisions.

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request; Education and Human Resources Program Monitoring Clearance

AGENCY: National Science Foundation.

ACTION: Notice.

SUMMARY: Under the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3506(c)(2)(A)), and as part of its continuing effort to reduce paperwork and respondent burden, the National Science Foundation invites the general public and other Federal agencies to take this opportunity to comment on this information collection. This is the second notice for public comment; the first was published in the Federal Register at 80 FR 69701 and no comments were received. NSF is forwarding the proposed submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice. The full submission may be found at: http://www.reginfo.gov/public/do/PRAMain.

DATES: Comments regarding these information collections are best assured of having their full effect if received by OMB within 30 days of publication in the Federal Register.

ADDRESSES: Written comments regarding the information collection and requests for copies of the proposed information collection request should be addressed to Suzanne Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Blvd., Rm. 295, Arlington, VA 22230, or by email to splimpto@nsf.gov. Copies of the submission may be obtained by calling (703) 292–7556.

For Additional Information: Contact Suzanne Plimpton, the NSF Reports Clearance Officer, phone (703) 292–7556, or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

SUPPLEMENTARY INFORMATION:

Title of Collection: Education and Human Resources Program Monitoring Clearance.

OMB Approval Number: 3145–0226.

Type of Request: Intent to seek approval to renew an information collection.

Abstract: The National Science Foundation (NSF) requests establishment of program accountability data collections that describe and track the impact of NSF funding that focuses on the Nation’s science, technology, engineering, and mathematics (STEM) education and STEM workforce. NSF funds grants, contracts, and cooperative agreements to colleges, universities, and other eligible institutions, and provides graduate research fellowships to individuals in all parts of the United States and internationally.

The Directorate for Education and Human Resources (EHR), a unit within NSF, promotes rigor and vitality within the Nation’s STEM education enterprise to further the development of the 21st century’s STEM workforce and public scientific literacy. EHR does this through diverse projects and programs that support research, extension, outreach, and hands-on activities that service STEM learning and research at all institutional (e.g., pre-school through postdoctoral) levels in formal and informal settings; and individuals of all ages (birth and beyond). EHR also focuses on broadening participation in STEM learning and careers among
