You may contact the Records Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: Citizen Corps was launched as a Presidential Initiative, Executive Order 13254, in 2002 with a mission to harness the power of every individual through education, training, and volunteer service to make communities safer, stronger, and better prepared for the threats of terrorism, crime, public health issues, and disasters of all kinds. Citizen Corps is FEMA's grassroots strategy to strengthen collaboration between government and community leaders from all sectors to engage the full community in preparedness, planning, mitigation, response, and recovery. The Community Emergency Response Team Program offers training that prepares people to help themselves, their families and their neighbors in the event of a disaster in their community.

FEMA's Individual and Community Preparedness Division, which administers Citizen Corps and the Community Emergency Response Team program nationally, would like to revise its online information collection process

and forms by which local, tribal and territorial Councils' and Community Emergency Response Teams submit profiles via the national Web site. The Citizen Corps Council registration form will allow FEMA and State personnel to ensure that prospective Councils/ CERT's have the support of the appropriate government officials in their area, ensure a dedicated coordinator is assigned to the Council, and will provide an efficient way to track the effectiveness of the nationwide network of Councils and CERT's. Approved registration of a Council or Community Emergency Response Team program allows them to be recognized as official entities; become eligible for Homeland Security grant funding; allows for the coordination of preparedness and emergency management activities among other groups associated with Citizen Corps; promote their local Councils to the public and become a part of the Citizen Corps national directory of Councils; and receive important updates and messages from the national office. The Citizen Corps Council and Community Emergency Response Team registries support the mission of FEMA's Individual and Community Preparedness Division and Citizen Corps, to help achieve greater community resiliency nationwide. This continuing registration process will allow the Individual and Community Preparedness Division to collect information that is more usable and provide a more efficient way to track the effectiveness of the nationwide network of Councils and CERT's.
