Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to the U.S. Air Force Conducting Maritime Weapon Systems Evaluation Program Operational Testing Within the Eglin Gulf Test and Training Range

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of an incidental harassment authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA) implementing regulations, NMFS, we, hereby give notice that we have issued an Incidental Harassment Authorization (Authorization) to the U.S. Air Force, Eglin Air Force Base (Eglin AFB), to take two species of marine mammals, the Atlantic bottlenose dolphin (*Tursiops truncatus*) and Atlantic spotted dolphin (*Stenella frontalis*), by harassment, incidental to a Maritime Weapon Systems Evaluation Program (Maritime WSEP) within the

Eglin Gulf Test and Training Range in the Gulf of Mexico from February 4, 2016 through February 3, 2017. Eglin AFB's activities are military readiness activities per the MMPA, as amended by the National Defense Authorization Act (NDAA) for Fiscal Year 2004.

DATES: Effective February 4, 2016, through February 3, 2017.

ADDRESSES: An electronic copy of the final Authorization, Eglin AFB's application and their final Environmental Assessment (EA) titled, "Maritime Weapons System Evaluation Program are available by writing to Jolie Harrison, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910; by telephoning the contacts listed here, or by visiting the internet at: <http://www.nmfs.noaa.gov/pr/permits/incidental/military.htm>.

FOR FURTHER INFORMATION CONTACT: Jeannine Cody, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals of a species or population stock, by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if, after NMFS provides a notice of a proposed authorization to the public for review and comment: (1) NMFS makes certain findings; and (2) the taking is limited to harassment.

An Authorization for incidental takings for marine mammals shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring, and reporting of such taking are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as "an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival."

The National Defense Authorization Act of 2004 (NDAA; Pub. L. 108-136) removed the "small numbers" and

"specified geographical region" limitations indicated earlier and amended the definition of harassment as it applies to a "military readiness activity" to read as follows (Section 3(18)(B) of the MMPA): (i) Any act that injures or has the significant potential to injure a marine mammal or marine mammal stock in the wild [Level A Harassment]; or (ii) any act that disturbs or is likely to disturb a marine mammal or marine mammal stock in the wild by causing disruption of natural behavioral patterns, including, but not limited to, migration, surfacing, nursing, breeding, feeding, or sheltering, to a point where such behavioral patterns are abandoned or significantly altered [Level B Harassment].

Summary of Request

On February 5, 2015, we issued an Authorization to Eglin AFB to take marine mammals, by harassment, incidental to a Maritime Weapon Systems Evaluation Program (Maritime WSEP) within the Eglin Gulf Test and Training Range (EGTTR) in the Gulf of Mexico from February through April 2015 (see 80 FR 17394, April 1, 2015). Eglin AFB conducted the Maritime WSEP training activities between February 9-12, and March 16-19, 2015. However, due to unavailability of some of the live munitions, Eglin AFB released only 1.05 percent of the munitions proposed for the 2015 military readiness activities. On May 28, 2015, we received a renewal request for an Authorization from Eglin AFB to complete the missions authorized in 2015. Following the initial application submission, Eglin AFB submitted a revised version of the renewal request on December 3, 2015. We considered the revised renewal request as adequate and complete on December 10, 2015 and published a notice of proposed Authorization on December 23, 2015 (80 FR 79843). The notice afforded the public a 30-day comment period on the proposed MMPA Authorization.

Eglin AFB proposes to conduct Maritime WSEP missions within the EGTTR airspace over the Gulf of Mexico, specifically within Warning Area 151 (W-151). The proposed Maritime WSEP training activities would occur February through April (spring) in the daytime; however, the activities could occur between February 2016 and February 2017.

Eglin AFB proposes to use multiple types of live munitions (*e.g.*, gunnery rounds, rockets, missiles, and bombs) against small boat targets in the EGTTR. These activities qualify as a military readiness activities under the MMPA and NDAA.
