SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

Extension:

Rules 6a-1 and 6a-2, Form 1. SEC File No. 270-0017, OMB Control No. 3235-0017.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 6a-1 (17 CFR 240.6a-1), Rule 6a-2 (17 CFR 240.6a-2), and Form 1 (17 CFR 249.1) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act" or Act").

The Exchange Act sets forth a regulatory scheme for national securities exchanges. Rule 6a-1 under the Act generally requires an applicant for initial registration as a national securities exchange to file an application with the Commission on

¹ Notice of United States Postal Service of Change in Prices Pursuant to Amendment to Priority Mail Express Contract 19, February 5, 2016 (Notice).

Form 1. An exchange that seeks an exemption from registration based on limited trading volume also must apply for such exemption on Form 1. Rule 6a-2 under the Act requires registered and exempt exchanges: (1) To amend the Form 1 if there are any material changes to the information provided in the initial Form 1; and (2) to submit periodic updates of certain information provided in the initial Form 1, whether such information has changed or not. The information required pursuant to Rules 6a-1 and 6a-2 is necessary to enable the Commission to maintain accurate files regarding the exchange and to exercise its statutory oversight functions. Without the information submitted pursuant to Rule 6a-1 on Form 1, the Commission would not be able to determine whether the respondent has met the criteria for registration (or an exemption from registration) set forth in Section 6 of the Exchange Act. The amendments and periodic updates of information submitted pursuant to Rule 6a-2 are necessary to assist the Commission in determining whether a national securities exchange or exempt exchange is continuing to operate in compliance with the Exchange Act.

Initial filings on Form 1 by new exchanges are made on a one-time basis. The Commission estimates that it will receive approximately one initial Form 1 filing per year and that each respondent would incur an average burden of 880 hours to file an initial Form 1 at an average internal labor cost per response of approximately \$302,694. Therefore, the Commission estimates that the annual burden for all respondents to file the initial Form 1 would be 880 hours (one response/respondent \times one respondents \times 880 hours/response) and an internal compliance cost of \$302,694 (one response/respondent \times one respondents \times \$302,694/response).

There currently are 18 entities registered as national securities exchanges. The Commission estimates that each registered or exempt exchange files nine amendments or periodic updates to Form 1 per year, incurring an average burden of 25 hours to comply with Rule 6a-2. The SEC estimates that the average internal labor cost for a national securities exchange per response would be approximately \$9,445. The Commission estimates that the annual burden for all respondents to file amendments and periodic updates to the Form 1 pursuant to Rule 6a-2 is 4,050 hours (18 respondents \times 25 hours/response \times nine responses/respondent per year) and an internal compliance cost of \$1,530,090 (18 respondents \times

\$9,445/response \times nine responses/respondent per year).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

The public may view background documentation for this information collection at the following Web site, www.reginfo.gov. Comments should be directed to: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503, or by sending an email to: [Shagufta Ahmed@omb.eop.gov](mailto:Shagufta.Ahmed@omb.eop.gov); and (ii) Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549, or by sending an email to: PRA_Mailbox@sec.gov. Comments must be submitted to OMB within 30 days of this notice.

Dated: February 8, 2016.

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-77077; File No. SR-NASDAQ-2016-014]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Retroactively Apply Recently-Reduced Port Fees

February 8, 2016

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹, and Rule 19b-4 thereunder,² notice is hereby given that on January 29, 2016, The NASDAQ Stock Market LLC (“Nasdaq”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR [sic] § 240.19b-4.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to retroactively apply recently-reduced port fees charged to members and non-members for ports used to enter orders into Nasdaq systems, in connection with the use of the FIX, RASH, and OUCH trading protocols under Nasdaq Rules 7015(b) and (g) beginning January 4, 2016.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to apply recently-reduced port fees charged to members and non-members for ports used to enter orders into Nasdaq systems, in connection with the use of the FIX, RASH, and OUCH trading protocols under Nasdaq Rules 7015(b) and (g) during the period from January 4, 2016 to January 19, 2016.

Effective January 4, 2016, Nasdaq increased fees for FIX Ports under Rule 7015(b) and for RASH and OUCH Ports under Rule 7015(g) from \$550 per port, per month to \$575 per port, per month.³ Nasdaq increased the fees to offset costs associated with upgrading these ports with new field-programmable gate array (“FPGA”) technology, which is a hardware-delivery mechanism that provides improved performance in terms of predictability.⁴ Nasdaq implemented the new FPGA hardware

³ See SR-NASDAQ-2016-001, which was withdrawn by Nasdaq on January 19, 2016 (available at <http://nasdaq.cchwallstreet.com/NASDAQ/pdf/nasdaq-filings/2016/SR-NASDAQ-2016-001.pdf>).

⁴ FPGA hardware is able to process more data packets during peak market conditions without the introduction of variable queuing latency, which improves the predictability of telecommunications ports over non-FPGA hardware and thereby adds value to the user.
