A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment. SUPPLEMENTARY INFORMATION:

I. Background

Section 857 of the Carl Levin and Howard P. 'Buck' McKeon National Defense Authorization Act for Fiscal Year 2015 (Pub. L. 113-291) amended 10 U.S.C. 2324(e)(1) to disallow costs incurred by a contractor in connection with a Congressional investigation or inquiry into an issue that is the subject matter of a proceeding resulting in a disposition as described in 10 U.S.C. 2324(k)(2).

While Section 857 only applies to contracts with the DoD, NASA, and the Coast Guard, for the purpose of promoting consistency in the accounting systems of Federal contractors, it was decided to apply the section's requirements to all agencies subject to the FAR.

Additionally, conforming language on unallowable costs is proposed for FAR 31.603-16, as well as for 31.603-15 (to update language associated with Whistleblower complaints).

II. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is a significant regulatory action and, therefore, was subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

III. Regulatory Flexibility Act

DoD, GSA and NASA do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility

Act, 5 U.S.C. 601, *et seq.*, because the rule merely disallows the costs incurred in the extremely rare instances when a contractor incurs costs in connection with a congressional investigation or inquiry into an issue regarding a criminal, civil, or administrative proceeding relating to a violation of, or failure to comply with, a Federal or State statute or regulation. However, an initial regulatory flexibility analysis (IRFA) has been prepared consistent with 5 U.S.C. 603. The analysis is summarized as follows:

The proposed rule will be manifested as a cost principle to which only select small businesses are subject. An analysis of contracts awarded during Fiscal Year 2014 revealed that fewer than 200 small businesses were performing contracts subject to FAR 31. Given the small segment of the small business population that could be impacted by the rule, in concert with the low likelihood of the conditions being met, the impact on small businesses is insignificant.

The Regulatory Secretariat Division has submitted a copy of the IRFA to the Chief Counsel for Advocacy of the Small Business Administration. A copy of the IRFA may be obtained from the Regulatory Secretariat Division. DoD, GSA and NASA invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities. DoD, GSA, and NASA will also consider comments from small entities concerning the existing regulations in subparts affected by the rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAR Case 2015-016), in correspondence.

C. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. chapter 35.
