The Child Annuitant's School Certification form is submitted to the child for completion and returned to this agency. The child will certify as to his or her intent for future enrollment and a school official must certify on the past or present school enrollment of the child. By not obtaining school certification, overpayment of annuities to children would exist. This information may be collected from some schools which are non-profit institutions such as religious institutions. If information is not received after the end of each school enrollment, over disbursements of an annuity would be made to a child who elected not to continue further training or study.
