

Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3874.

SUPPLEMENTARY INFORMATION:

Background

On December 22, 2015, the Department of Commerce (the Department) published the preliminary rescission of the new shipper review of the antidumping duty (AD) order on tapered roller bearings and parts thereof, finished and unfinished (TRBs), from the People's Republic of China (PRC) for Zhejiang Changxing CTL Auto Parts Manufacturing Co., Ltd. (Changxing).¹ We invited parties to comments on our *Preliminary Rescission Notice*; however, no interested party submitted comments. Therefore, we made no changes to our analysis for purposes of this final rescission, and we are rescinding the new shipper review of the AD order on TRBs from the PRC with respect to Changxing.

Scope of the Order

Imports covered by the order are shipments of tapered roller bearings and parts thereof, finished and unfinished, from the PRC; flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without spindles, whether or not for automotive use. These products are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) item numbers 8482.20.00, 8482.91.00.50, 8482.99.15, 8482.99.45, 8483.20.40, 8483.20.80, 8483.30.80, 8483.90.20, 8483.90.30, 8483.90.80, 8708.70.6060, 8708.99.2300, 8708.99.4850, 8708.99.6890, 8708.99.8115, and 8708.99.8180. Although the HTSUS item numbers are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Rescission of Review

As discussed in the *Preliminary Rescission Notice*, Changxing failed to respond to the Department's request for additional information regarding possible entries of subject merchandise that predated the applicable period of review (POR).² In the absence of any

comments on this issue, we continue to find on the basis of adverse facts available, pursuant to section 776(a) and (b) of the Tariff Act of 1930, as amended (the Act), that Changxing had additional entries of subject merchandise prior to the POR (June 1, 2014, through May 31, 2015) that were not reported to the Department at the time of Changxing's request for a new shipper review. Based on the foregoing, we find that Changxing does not meet the minimum requirements for a new shipper review under 19 CFR 351.214(b)(2)(iv)(C) in that Changxing's request did not contain documentation establishing the date of its first sale to an unaffiliated customer in the United States. Because we find that Changxing's request for a new shipper review did not satisfy the regulatory requirements for initiation of a new shipper review, we are rescinding the new shipper review of the AD order on TRBs from the PRC with respect to Changxing.

Assessment Rates

Because we are rescinding the new shipper review of Changxing, we are not making a determination as to whether Changxing qualifies for a separate rate. Therefore, Changxing remains part of the PRC entity and any entries covered by this new shipper review will be assessed at the PRC-wide rate.

Cash Deposit Requirements

Effective upon publication of the final rescission of the new shipper review of Changxing, the Department will instruct U.S. Customs and Border Protection to discontinue the option of posting a bond or security in lieu of a cash deposit for entries of subject merchandise from Changxing.³ Because we did not calculate a dumping margin for Changxing or grant Changxing a separate rate in this new shipper review, we find that Changxing continues to be part of the PRC-wide entity. The cash deposit rate for the PRC-wide entity is 92.84 percent. These cash deposit requirements shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that

reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

In accordance with 19 CFR 351.305(a)(3), this notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

This new shipper review and notice are in accordance with sections 751(a)(2)(B) and 777(i) of the Act and 19 CFR 351.214(f)(3).

Dated: February 8, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Proposed Information Collection; Comment Request; National Institute of Standards and Technology (NIST), Generic Clearance for Community Resilience Data Collections

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before April 18, 2016.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

¹ See *Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Preliminary Rescission of Antidumping Duty New Shipper Review*; 2014-2015, 80 FR 79561 (December 22, 2015) (*Preliminary Rescission Notice*).

² *Id.*, at 79561.

³ See section 751(a)(2)(B)(iii) of the Act; see also 19 CFR 351.214(e).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Jennifer Helgeson, Economist, NIST, 100 Bureau Drive, MS 8603, Gaithersburg, MD 20899-1710, telephone 301-975-6133, or via email to jennifer.helgeson@nist.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

Through acts such as the National Construction Safety Team Act (NCSTA) and the NIST Organic Act, among others, as well as the President's Climate Action Plan (2013),^a NIST conducts research and develops guidance and other related tools to promote and enhance the safety and well-being of people in the face of a hazard event. With this in mind, NIST proposes to conduct a number of data collection efforts within the topic areas of disaster and failure studies and community resilience and sustainability. This includes studies of specific disaster events (e.g., wildfire, urban fire, structure collapse, hurricane, earthquake, tornado, and flood events), assessments of community resilience and sustainability, and evaluations of the usability and utility of NIST guidance or other products. For example, one study may assess user perceptions and applications of the NIST "Community Resilience Planning Guide for Buildings and Infrastructure Systems" as well as adherence to building and fire codes and standards in community resilience planning. Another example may include the study of disaster impacts to community members due to a large-scale wildfire event. These data collection efforts may be either qualitative or quantitative in nature, or may consist of mixed methods. Additionally, data may be collected via a variety of means, including but not limited to electronic or social media, direct or indirect observation (i.e., in person, video and audio collections), interviews, questionnaires, and focus groups. NIST will limit its inquiries to data collections that solicit strictly voluntary opinions or responses. The results of the data collected will be used to decrease

^aThe President's Climate Action Plan (2013) is available at: <https://www.whitehouse.gov/sites/default/files/image/president27sclimateactionplan.pdf>. On page 13, it is explicitly noted that "the National Institute of Standards and Technology will convene a panel on disaster-resilience standards to develop a comprehensive, community-based resilience framework and provide guidelines for consistently safe buildings and infrastructure—products that can inform the development of private-sector standards and codes."

negative impacts of disasters on society, and, in turn, increase community resilience within the U.S. communities. Steps will be taken to ensure anonymity of respondents in each activity covered by this request.

II. Method of Collection

NIST will collect this information by electronic means when possible, as well as by mail, fax, telephone, technical discussions, and in-person interviews. NIST may also utilize observational techniques to collect this information.

III. Data

OMB Control Number: New collection.

Form Number(s): None.

Type of Review: Regular submission.

Affected Public: Individuals or households; first responders; businesses or other for-profit organizations; not-for-profit institutions; State, local or tribal government; Federal government; Standards-making bodies; Universities.

Estimated Number of Respondents: 5,000.

Estimated Time per Response: Varied, dependent upon the data collection method used. The possible response time to complete a questionnaire may be 15 minutes or 2 hours to participate in an interview.

Estimated Total Annual Burden Hours: 5,625 (1,250 to 10,000).

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, and whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Sheleen Dumas,

Departmental PRA Lead, Office of the Chief Information Officer.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Hydrographic Services Review Panel Meeting**

AGENCY: National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of open public meeting.

SUMMARY: The Hydrographic Services Review Panel (HSRP) will hold a meeting that will be open to the public. Information about the HSRP and the full meeting agenda will be posted at http://www.nauticalcharts.noaa.gov/ocs/hsrp/meetings_galveston2016.htm.

DATE AND TIME: The meeting will be held on March 15, 2016, 9:00 a.m. to 3:00 p.m. CDT; March 16, 2016, 9:00 a.m. to 4:00 p.m.; and March 17, 2016, 8:00 a.m. to 5:00 p.m. Times are subject to change.

Location: Galveston, Texas. For updates on the exact location, check http://www.nauticalcharts.noaa.gov/ocs/hsrp/meetings_galveston2016.htm.

FOR FURTHER INFORMATION CONTACT:

Lynne Mersfelder-Lewis, HSRP program manager, National Ocean Service, Office of Coast Survey, NOAA (N/NSD), 1315 East-West Highway, Silver Spring, Maryland 20910; telephone: 301-713-2750 ext. 166; email: lynne.mersfelder@noaa.gov.

SUPPLEMENTARY INFORMATION: The meeting is open to the public, and public seating will be available on a first-come, first-served basis. The times of onsite public comment periods, scheduled for each day, will be included in the draft and final agendas. Each individual or group making verbal comments will be limited to a total time of five (5) minutes. Comments will be recorded. Individuals who would like to submit written statements should email or fax their comments to Lynne.Mersfelder@noaa.gov by March 4, 2016.

The HSRP will provide webinar and teleconference capability for the public sessions. Pre-registration is required by March 14, 2016. For instructions, go to http://www.nauticalcharts.noaa.gov/ocs/hsrp/meetings_galveston2016.htm.

The Hydrographic Services Review Panel (HSRP) is a Federal Advisory Committee established to advise the Under Secretary of Commerce for Oceans and Atmosphere, the NOAA Administrator, on matters related to the responsibilities and authorities set forth in section 303 of the Hydrographic Services Improvement Act of 1998, as amended, and such other appropriate
