

DEPARTMENT OF JUSTICE**Notice of Filing of Environmental Response Trust Agreement Under the Resource Conservation and Recovery Act**

On February 17, 2016, an Environmental Response Trust Agreement (“Agreement”) was filed with the District Court of the U.S. Virgin Islands, Bankruptcy Division—St. Croix, Virgin Islands, in the bankruptcy proceeding entitled *In re HOVENSA L.L.C.*, No. 1–15–10003–MFW (Docket No. 626).

Under the Agreement, an Environmental Response Trust is being created to implement environmental remediation at the refinery formerly owned by Hovensa L.L.C. (“Hovensa”) in St. Croix, U.S. Virgin Islands, and also to take title to certain property previously owned by Hovensa located at the refinery. The Environmental Response Trust will have access to approximately \$72 million to perform the environmental actions. The Court has appointed Project Navigator, Ltd., to act as the Environmental Response Trustee. Under the Agreement, the United States, on behalf of the United States Environmental Protection Agency, has provided a covenant not to sue to the Environmental Response Trust Parties (as that term is defined in the Environmental Response Trust Agreement), pursuant to Sections 3008(a) and 7003 of Resource Conservation and Recovery Act (“RCRA”), 42 U.S.C. 6928(a) and 6973, and sections 106 and 107 of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9606 and 9607, for corrective actions, permit obligations, response actions or response costs related to the former Hovensa refinery.

Pursuant to Section 7003(d) of RCRA, 42 U.S.C. 6973(d), the United States is taking public comment on the covenant not to sue provided by the United States to the Environmental Response Trust Parties in the Agreement. The publication of this notice opens a period for public comment on the covenant not to sue provided by the United States to the Environmental Response Trust Parties in the Agreement. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *In re HOVENSA L.L.C.*, D.J. Ref. No. 90–5–2–1–08229/2. All comments must be submitted so that they are received no later than midnight (Eastern Time) March 1, 2016. Comments may be submitted either by email or by mail:

<i>To submit comments:</i>	<i>Send them to:</i>
By email	<i>pubcomment-ees.enrd@usdoj.gov.</i>
By mail	Assistant Attorney General U.S. DOJ—ENRD P.O. Box 7611 Washington, DC 20044–7611.

Under section 7003(d) of RCRA, a commenter may request an opportunity for a public meeting in the affected area.

During the public comment period, the Agreement may be examined and downloaded at this Justice Department Web site: <http://www.justice.gov/enrd/consent-decrees>. We will provide a paper copy of the Agreement upon written request and payment of reproduction costs. Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044–7611.

Please enclose a check or money order for \$13.00 (25 cents per page reproduction cost) payable to the United States Treasury.

Robert E. Maher Jr.,

Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE 4410–15–P

DEPARTMENT OF LABOR**Employment and Training Administration****Comment Request for Information Collection for H–1B Technical Skills Training (H–1B) and the H–1B Jobs and Innovation Accelerator Challenge (JIAC) Grant Programs, Extension With Revisions**

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The Department of Labor (Department), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 [44 U.S.C. 3506(c)(2)(A)] (PRA). The PRA helps ensure that respondents can provide requested data in the desired format with minimal reporting burden (time and financial resources), collection instruments are clearly understood, and the impact of collection

requirements on respondents can be properly assessed.

Currently, ETA is soliciting comments concerning the collection of data about H–1B Technical Skills Training (TST), H–1B Jobs and Innovation Accelerator Challenge (JA), and H–1B Ready To Work (RTW) grant programs. Data collection for these grant programs is currently approved under OMB Control No. 1205–0507, expiration March 31, 2016.

If an extension with revisions of this information collection is approved, this data collection will only be applicable for the H–1B TST, JA, and RTW grantees. All future H–1B grantees will not report in accordance with this data collection, and instead will report in accordance with the information collection for WIOA reporting requirements, as applicable.

DATES: Submit written comments to the office listed in the addresses section below on or before April 25, 2016.

ADDRESSES: Send written comments to Ayreen Cadwallader, Division of Strategic Investments, Room C–4518, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210. Telephone number: 202–693–3311 (this is not a toll-free number). Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 1–877–889–5627 (TTY/TDD). Email: dsi@dol.gov. To obtain a copy of the proposed information collection request (ICR), please contact the person listed above.

FOR FURTHER INFORMATION CONTACT: Megan Baird. dsi@dol.gov.

SUPPLEMENTARY INFORMATION:**I. Background**

In applying for the H–1B TST, JA, and RTW grant programs, grantees agreed to submit participant-level data and quarterly aggregate reports for individuals who receive services through these programs and their partnerships with business-related nonprofit organizations, education and training providers, including community colleges and other community-based organizations, entities involved in administering the workforce investment system established under Title I of WIA, and economic development agencies, among others. The reports include aggregate data on demographic characteristics, types of services received, placements, outcomes, and follow-up status. Specifically, they summarize data on

employment and training services, placement services, and other services essential to successful unsubsidized employment through H-1B programs.

This document requests approval for an extension with revisions of an existing information collection currently approved under OMB Control No. 1205-0507, expiration March 31, 2016. The request will support efforts to meet the (1) reporting, (2) recordkeeping, and (3) program evaluation requirements of the grant programs through an ETA-provided, Web-based Management Information System (MIS), called the HUB Reporting System. The HUB system already exists and is currently in use by the H-1B TST, JA, and RTW grantees.

Grantees will report on a number of leading indicators that serve as predictors of success. These include participant support services necessary to support training and employment activities, attainment of degrees or certificates, placement into post-secondary education or vocational training, on-the-job training (OJT), classroom occupational training, contextualized learning, distance learning, apprenticeships, customized training, including incumbent worker training, and placement into unsubsidized jobs. These measures are also necessary for effective program management and conveying full and accurate information on the performance of these grant programs to policymakers and stakeholders.

This information collection maintains a reporting and record-keeping system for a minimum level of information collection that is necessary to comply with Equal Opportunity requirements, to hold grantees appropriately

accountable for the Federal funds they receive, and to allow the Department to fulfill its oversight and management responsibilities.

The information collection for program evaluation includes setting up a Participant Tracking System (PTS) through the MIS to collect baseline information similar to the quarterly reports but at the individual participant level. The baseline data covered by this clearance will enable the evaluation to describe the characteristics of study participants at the time they are randomly assigned to a treatment or control group, ensure that random assignment was conducted properly, create subgroups for the analysis, provide contact information to locate individuals for follow-up surveys, and improve the precision of the impact estimates. Such data will be collected on the basis that the evaluation will consist of an experimental design employing random assignment of participants into treatment and control groups. A Web-based PTS will execute the random assignment procedures and compile baseline data on study sample members. This PTS will assure that participant data will be in a consistent format across sites.

A rigorous program evaluation also requires clear and specific documentation of the services provided to treatment group members in each of the grantee sites and the services available to control group members. This qualitative information will enable the evaluation to describe the program design and operations in each site, interpret the impact analysis results, and identify lessons learned for purposes of program replication. The process study site visits will include

semi-structured interviews and focus group discussions with various program stakeholders.

II. Review Focus

The Department is particularly interested in comments which:

- evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

Type of Review: Extension with revisions.

Title: H-1B Technical Skills Training (H-1B) and the H-1B Jobs and Innovation Accelerator Challenge (JIAC) grant programs.

OMB Number: 1205-0507.

Affected Public: Existing H-1B TST, JA and RTW grantees, and participants served through these programs.

Estimated Total Annual Respondents: 25,230.

Form/Activity	Total number of respondents	Number of responses per respondent	Total annual response	Average time per response (hours)	Total annual burden hours
Participant Data Collection (including baseline data for evaluation).	25,000 participants	Continual	25,000	2.66	66,500
Quarterly Narrative Progress Report.	85 Grantees	12 (4 times per year)	340	10	3400
Quarterly Performance Report	85 Grantees	12 (4 times per year)	340	10	3400
Site Visit Data Collection	60 total staff	three (once per year)	60	1 hour	60
Totals	25,230	25,740	73,360

Estimated Total Annual Responses: 25,740.

Estimated Total Annual Burden Hours: 73,360.

Total Estimated Annual Other Costs Burden: There are no annual costs, as ETA will be responsible for the annual maintenance costs for the HUB

Reporting System, a free, Web-based data collection and reporting system.

We will summarize and/or include in the request for OMB approval of the ICR, the comments received in response

to this comment request; they will also become a matter of public record.

Portia Wu,

Assistant Secretary for Employment and Training, Labor.
