[Docket No. APHIS-2015-0103]

General Conference Committee of the National Poultry Improvement Plan; Solicitation for Membership

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of solicitation for membership.

SUMMARY: We are giving notice that the Secretary of Agriculture is soliciting nominations for the election of regional membership, a member-at-large, and alternates to the General Conference Committee of the National Poultry Improvement Plan.

DATES: Consideration will be given to nominations received on or before June 15, 2016.

ADDRESSES: Completed nomination forms should be mailed, faxed, or emailed to the person listed under **FOR FURTHER INFORMATION CONTACT.**

FOR FURTHER INFORMATION CONTACT: Dr. Denise L. Brinson, Senior Coordinator, National Poultry Improvement Plan, VS, APHIS, 1506 Klondike Road, Suite 101, Conyers, GA 30094-5173; phone (770) 922-3496; fax (770) 922-3498; email denise.l.brinson@aphis.usda.gov.

SUPPLEMENTARY INFORMATION: The General Conference Committee (the Committee) of the National Poultry Improvement Plan (NPIP) is the Secretary's Advisory Committee on poultry health. The Committee serves as a forum for the study of problems relating to poultry health and as necessary makes specific recommendations to the Secretary concerning ways the U.S. Department of Agriculture may assist the industry in

addressing these problems. The Committee assists the Department in planning, organizing, and conducting the Biennial Conference of the NPIP. The Committee recommends whether new proposals should be considered by the delegates to the Biennial Conference.

The Committee consists of an elected member-at-large who is a NPIP participant and an elected member (and alternate) from each of six regions. Terms will expire for three of the current regional members of the Committee as well as the member-at-large in July 2016. We are soliciting nominations from interested organizations and individuals to replace the member-at-large and members on the Committee from the South Atlantic region (Delaware, District of Columbia, Florida, Georgia, Maryland, North Carolina, Puerto Rico, South Carolina, Virginia, and West Virginia), the West North Central region (Iowa, Kansas, Minnesota, Missouri, Nebraska, North Dakota, and South Dakota), and the South Central region (Alabama, Arkansas, Kentucky, Louisiana, Mississippi, Oklahoma, Tennessee, and Texas).

Selection of members and their alternates is determined by a majority vote of the NPIP delegates from the respective region. The voting will be by secret ballot of official delegates from the respective region, and the results will be recorded. The member-at-large will be elected by all official delegates. There must be at least two nominees for each position. To ensure the recommendations of the Committee have taken into account the needs of the diverse groups served by the Department, at least one nominee from each of the three regions must have a demonstrated ability to represent underrepresented groups (minorities, women, persons with disabilities, and persons with limited English proficiency). All members serve for 4 years, subject to the continuation of the Committee by the Secretary of Agriculture.

Nominees wishing to be considered for election must complete Form AD-

755. Nomination forms may be obtained from the person listed under **FOR FURTHER INFORMATION CONTACT.**

Done in Washington, DC, this 24th day of February 2016.

Kevin Shea,
Administrator, Animal and Plant Health Inspection Service.

SUPPLEMENTARY INFORMATION:

Title: WIC Program Regulations.

Form Number: N/A.

OMB Number: 0584-0043.

Expiration Date: April 30, 2017.

Type of Request: Revision of a currently approved collection.

Abstract: The Special Supplemental Nutrition Program for Women, Infants and Children (WIC) provides low-income pregnant, breastfeeding, and postpartum women, infants, and children up to age five with nutritious supplemental foods. The program also provides nutrition education including breastfeeding promotion and support, and referrals to health and social services. The WIC Program is administered by the USDA Food and Nutrition Service (FNS). FNS provides grant funding and issues regulations which are utilized by WIC State agencies to operate the WIC Program and distribute benefits through local WIC clinics. The program operates throughout the 50 States, in the District of Columbia, Guam, Puerto Rico, American Samoa, Commonwealth of the Northern Mariana Islands, the Virgin Islands, and in 34 Indian Tribal Organizations. The Healthy Hunger-Free Kids Act of 2010 (hereinafter referred to as the HHFKA) (Pub. L. 111-296) requires all WIC State agencies to

convert to an Electronic Benefit Transfer (EBT) benefit delivery method by October 1, 2020. A Proposed Rule regarding WIC EBT-related provisions from the HHFKA was published on February 28, 2013 (**Federal Register** February 28, 2013 at 79 FR 13549). The WIC EBT-related provisions of the HHFKA and other EBT implementation requirements included in this final rule are: (1) A definition of EBT; (2) a mandate that all WIC State agencies implement an EBT delivery method by October 1, 2020; (3) system management and reporting requirements; (4) revisions to current provisions that prohibit imposition of costs on vendors; (5) a requirement for the Secretary of Agriculture to establish minimum lane equipage standards; (6) a requirement for the Secretary of Agriculture to establish technical standards and operating rules; and (7) a requirement that State agencies use the National Universal Product Code (NUPC) database.

While a conforming amendment has added two additional State Plan requirements in addition to the requirement for an annual EBT status update, the Department considers these to be minimal reporting burden. The annual status report replaces existing updates required for benefit delivery methods using paper food instruments. The two conforming amendments clarify content for EBT delivery replacing the existing paper food instrument or other food delivery content.

The final rule at 7 CFR 246.12(y) requires each State agency to have an active EBT project within 90 days of the effective date of the regulation and, if they have not yet begun EBT planning, to submit their EBT Planning Advanced Planning Document (PAPD) for FNS approval. Under OMB Control Number 0584-0043, it is estimated that 15 APDs would be submitted each year. As a result, the current estimate of 15 submissions per year is unchanged. The existing recordkeeping and reporting requirements related to APD documents, which were approved under OMB Control Number 0584-0043, will not change as a result of this rule.

WIC State agencies are required to authorize eligible foods on their WIC food list by federal regulations at 7 CFR part 246.10. Under these regulations, State agencies must review food products for eligibility in accordance with Federal regulations and State agency policies. State agencies are not required to authorize all food products eligible under federal regulations, but generally select foods based on factors such as cost, availability and
