**Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From the Republic of Turkey: Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Department) preliminarily determines that heavy walled rectangular welded carbon steel pipes and tubes (HWR pipes and tubes) from the Republic of Turkey (Turkey) are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in section 733(b) of the Tariff Act of 1930, as amended (the Act). The period of investigation (POI) is July 1, 2014, through June 30, 2015. The estimated weighted-average dumping margins of sales at LTFV are shown in the “Preliminary Determination” section of this notice. Interested parties are invited to comment on this preliminary determination.

**DATES:** *Effective Date:* March 1, 2016.

**SUPPLEMENTARY INFORMATION:****Background**

The Department initiated this investigation on August 10, 2015.<sup>1</sup> For a complete description of the events that followed the initiation of this investigation, see the memorandum that is dated concurrently with this determination and hereby adopted by this notice.<sup>2</sup> The Preliminary Decision Memorandum is a public document and

is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

**Scope of the Investigation**

The product covered by this investigation is HWR pipes and tubes from Turkey. For a full description of the scope of this investigation, see the “Scope of the Investigation,” in Appendix I of this notice. No party filed comments on the scope of this investigation.

**Methodology**

The Department is conducting this investigation in accordance with section 731 of the Act. There are two mandatory respondents participating in this investigation, MMZ Boru Profil Uretim Sanayi Ve Tic. A.S. (MMZ) and Ozdemir Boru Profil San. Ve Tic. Ltd. Sti. (Ozdemir). Export price for these companies is calculated in accordance with section 772 of the Act. Normal value (NV) is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.

**All-Others Rate**

Consistent with sections 733(d)(1)(A)(ii) and 735(c)(5) of the Act, the Department also calculated an estimated all-others rate. Section 735(c)(5)(A) of the Act provides that the estimated all-others rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act.

In this investigation, we preliminarily found a *de minimis* margin for Ozdemir. Therefore, the only rate that is not *de minimis* (or based entirely on facts otherwise available) is the rate calculated for MMZ. Consequently, the rate calculated for MMZ is also assigned as the all-others rate.

**Preliminary Determination<sup>3</sup>**

The Department preliminarily determines that the following weighted-average dumping margins exist:

Exporter/Manufacturer	Weighted-average dumping margin (percent)
MMZ Boru Profil Uretim Sanayi Ve Tic. A.S. ....	14.48
Ozdemir Boru Profil San. Ve Tic. Ltd. Sti. ....	0.00
All Others .....	14.48

**Suspension of Liquidation**

In accordance with section 733(d)(2) of the Act, we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of subject merchandise from Turkey, as described in Appendix I of this notice, for all companies other than Ozdemir, which are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. We are not directing CBP to suspend liquidation of Ozdemir’s entries because Ozdemir’s preliminary estimated weighted-average dumping margin is *de minimis*.

Pursuant to section 733(d) of the Act and 19 CFR 351.205(d), we will instruct CBP to require cash deposits equal to the weighted-average amount by which the NV exceeds U.S. price, as indicated in the chart above, adjusted where appropriate for export subsidies found in the preliminary determination of the companion countervailing duty investigation. Consistent with our longstanding practice, where the product under investigation is also subject to a concurrent countervailing duty investigation, we instruct CBP to require a cash deposit equal to the amount by which the NV exceeds the U.S. price, less the amount of the countervailing duty determined to constitute an export subsidy.<sup>4</sup>

<sup>3</sup> As explained in the memorandum from the Acting Assistant Secretary for Enforcement & Compliance, the Department has exercised its discretion to toll all administrative deadlines due to the recent closure of the Federal Government. See Memorandum to the Record from Ron Lorentzen, Acting A/S for Enforcement & Compliance, regarding “Tolling of Administrative Deadlines As a Result of the Government Closure During Snowstorm Jonas,” dated January 27, 2016. All deadlines in this segment of the proceeding have been extended by four business days. The revised deadline for the preliminary determination of this investigation is now February 22, 2016.

<sup>4</sup> See, e.g., *Welded Line Pipe From the Republic of Turkey: Final Determination of Sales at Less Than Fair Value*, 80 FR 61362 (October 13, 2015) and *Notice of Final Determination of Sales at Less Than Fair Value and Negative Critical*

Therefore, for cash deposit purposes, we are subtracting from the applicable cash deposit rate the portion of the countervailing duty rates attributable to the export subsidies found in the preliminary countervailing duty determination. Accordingly, the export subsidy offsets are as follows: 0.46 percent for Ozdemir and 0.24 percent for all others.<sup>5</sup> After this adjustment, the resulting cash deposit rates will be 0.00 percent for Ozdemir and 14.24 percent for all others. There were no export subsidies found for MMZ in the countervailing duty investigation.

Further, pursuant to section 733(d) of the Act and 19 CFR 351.205(d), we will instruct CBP to require cash deposits equal to the above-noted rates, as follows: (1) The rate for the mandatory respondents listed above will be the respondent-specific rates we determined in this preliminary determination; (2) if the exporter is not a mandatory respondent identified above, but the producer is, the rate will be the specific rate established for the producer of the subject merchandise; and (3) the rate for all other producers or exporters will be the all-others rate, adjusted as appropriate for export subsidies. These suspension of liquidation instructions will remain in effect until further notice.

#### Disclosure

We will disclose the calculations performed to interested parties in this proceeding within five days of the announcement of this preliminary determination in accordance with 19 CFR 351.224(b).

#### Verification

As provided in section 782(i) of the Act, we intend to verify information relied upon in making our final determination.

#### Public Comment

Interested parties are invited to comment on this preliminary determination. Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding, and rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.<sup>6</sup>

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

#### Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. 19 CFR 351.210(e)(2) requires that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

Respondents MMZ and Ozdemir requested that, in the event of an affirmative preliminary determination in this investigation, the Department postpone its final determination by 60 days (*i.e.*, to 135 days after publication of the preliminary determination), and agreed to extend the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR 351.210(e)(2), from a four-month period

to a period not to exceed six months.<sup>7</sup> In addition, the petitioners<sup>8</sup> also requested that, in the event of a negative preliminary determination, the Department postpone its final determination to 135 days after the date of publication of the preliminary determination.<sup>9</sup>

In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) our preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; (3) the requesting exporters have each requested extension of provisional measures to a period not more than six months; and (4) no compelling reasons for denial exist, we are postponing the final determination until no later than 135 days after the publication of this notice in the **Federal Register** and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, we will issue our final determination no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.<sup>10</sup>

#### International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we will notify the ITC of our affirmative preliminary determination of sales at LTFV. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).
