draft guidance and those comments were considered as the guidance was finalized. The guidance announced in this notice finalizes the draft guidance dated March 2015.

II. Significance of Guidance

This level 1 guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The guidance represents the current thinking of FDA on ensuring safety of animal feed maintained and fed on-farm. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

III. Paperwork Reduction Act of 1995

FDA concludes that there are no collections of information under the Paperwork Reduction Act of 1995.

IV. Electronic Access

Persons with access to the Internet may obtain the guidance at either http://www.fda.gov/AnimalVetinary/GuidanceComplianceEnforcement/GuidanceforIndustry/default.htm or http://www.regulations.gov.

Dated: March 2, 2016.

Leslie Kux,
Associate Commissioner for Policy.

SUPPLEMENTARY INFORMATION:

I. Background

FDA and DIA will sponsor an open public discussion between industry, academia, contract research organizations, regulatory scientists, and other parties on topics related to the innovative statistical methodologies and quantitative approaches used by sponsors to provide evidence for the approval of new therapies.

The forum will provide a unique opportunity for all of the relevant stakeholders to collaboratively describe the issues and discuss appropriate solutions. It is important that all of the stakeholders examine their roles in making the necessary changes and improvements in the framework used to develop evidence for the regulatory decisions and work to foster a mutual understanding of relevant scientific issues and challenges.

The conference will benefit FDA by enhancing communication with the broader statistical community.

The goals of the program are as follows:

• Explore and implement innovative statistical solutions to important issues associated with the quantitative evidence needed for the regulatory review of therapeutic drugs and biologics

II. Registration and Accommodations

A. Registration

There is a registration fee to attend this meeting. The registration fee is to help defray the costs of the event, including meeting facilities, program materials, refreshments, staff time and administrative overhead, and costs involved in getting speakers to the events; and will not result in any profits.
