SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-77286; File No. SR-Phlx-2016-31]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Access Services Fees Under Chapter VIII of the Pricing Schedule

March 3, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

(“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 23, 2016, NASDAQ OMX PHLX LLC (“Exchange”) ³ filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange’s Access Services fees under Chapter VIII of the Exchange’s Pricing Schedule to: (i) Assess a \$25/port/month Disaster Recovery Port fee for Disaster Recovery Ports used with FIX Trading Ports, OUCH, RASH, and DROP ports; and (ii) assess a \$100/port/month fee for Trading Ports used in Test Mode.

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the Exchange’s Access Services fees under Chapter VIII of the Exchange’s Pricing Schedule to: (i) Assess a \$25/port/month Disaster Recovery Port fee for Disaster Recovery Ports used with FIX Trading Ports,

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The Exchange notes that it has legally changed its name to NASDAQ PHLX LLC with the state of Delaware, and is in the process of amending its Form 1 and changing its rules to reflect the new name.

OUCH, RASH, and DROP ports; and (ii) assess a \$100/port/month fee for Trading Ports used in Test Mode.

First Change

The Exchange is in the process of transitioning its Disaster Recovery (“DR”) functionality for the U.S. equities and options markets from Ashburn, VA to its new Chicago, IL data center. The Exchange has invested and installed new equipment in the Chicago data center for client connectivity and for the infrastructure of Exchange systems. The Exchange chose Chicago as the location of its new DR data center as many other exchanges are using this same location for a disaster recovery or a primary location and, as a result, many of our market participants have a presence or connection at this location, thus making it easier and less expensive for many market participants to connect to the Exchange for DR.

Under Chapter VIII of the Exchange’s Pricing Schedule, member firms may subscribe to DR ports, which provide backup connectivity in the event of a failure or disaster rendering their primary connectivity at Carteret, NJ subscribed to under Chapter VIII of the Exchange’s Pricing Schedule unavailable. To date, the Exchange has transitioned FIX Trading Ports, OUCH, RASH, and DROP Ports to the Chicago center from Ashburn. Currently, the Exchange does not assess a fee for any DR ports.

The Exchange has incurred an initial cost associated with moving DR ports to the Chicago center, including the purchase of upgraded hardware and physical space to house the DR ports, which is more expensive than the Ashburn location. The Exchange also incurs ongoing costs in maintaining the DR ports, including costs incurred maintaining servers and their physical location, monitoring order activity, and other support, which is collectively more expensive in Chicago than Ashburn. Accordingly, the Exchange is proposing to assess a fee of \$25 per port, per month for DR Ports used with FIX Trading Ports, OUCH, RASH, and DROP Ports.

Second Change

Under Chapter VIII of the Exchange’s Pricing Schedule, Member firms may subscribe to Trading Ports used in Test Mode, which are trading ports available in primary market location in Carteret, NJ, that are exclusively used for testing purposes, at no cost. These ports may not be used for trading in securities in the System, but rather allow a member firm to test their systems prior to connecting to the live trading
