Internal Revenue Service (IRS)

OMB Number: 1545–2261.

Type of Review: Revision of a currently approved collection.

Title: Consumer Tipping Survey.

Abstract: The IRS is charged with collecting revenue legally owed to the federal government. One important category of income comes in the form of tips. Previous empirical research has shown income from tips to be significantly underreported, limiting the IRS's ability to collect the proper amount of tax revenue. The IRS believes a new study of consumer tipping practices is needed in order to better understand current tip reporting behavior so tax administrators and policy makers can make the tax system fairer and more efficient. The main goal for this survey effort is to generate statistically valid estimates of tipped income in a variety of services for which no such estimates exist, in addition to providing information on other correlates of tipped income and behavior including, but not limited to, regional or seasonal fluctuations in tipped income.

Estimated Total Annual Burden Hours: 11,144.

OMB Number: 1545–1548.

Type of Review: Reinstatement without change of a previously approved collection.

Title: Rev. Proc. 2013–30, Uniform Late S Corporation Election Revenue Procedure.

Abstract: The information will help the IRS determine whether a taxpayer has met the requirements of the Rev Proc and whether a taxpayer has reasonable cause for failing to make a timely election. The collection is required to make a late election pursuant to this Rev Proc. This information will be used to determine whether the eligibility requirements for obtaining relief have been met. Modifies and supersedes and makes obsolete Rev. Proc.'s 2003–43, 2004–48, and 2007–62.

Estimated Total Annual Burden Hours: 50,000.

Treasury PRA Clearance Officer.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 1505–NEW.

Title: Collection of Data From Property and Casualty Insurers for a Report on the Effectiveness of the Terrorism Risk Insurance Program.

Abstract: This information collection is made necessary by the provisions of the Terrorism Risk Insurance Program Reauthorization Act of 2015 (Pub. L. 114–1, 129 Stat. 3). Title I of the Terrorism Risk Insurance Act of 2002 (Pub. L. 107–297, 116 Stat. 2322) (the Act) establishes a temporary federal program of shared public and private compensation for insured commercial

property and casualty losses resulting from an act of terrorism. The Act authorizes Treasury to administer and implement the Terrorism Risk Insurance Program (Program), including the issuance of regulations and procedures. The Program provides a federal backstop for insured losses from an act of terrorism. Although the Program was originally set to expire on December 31, 2005, it has now been extended and amended on three occasions; most recently, 2015 Reauthorization Act extended the Program through December 31, 2020. Section 111 of the 2015 Reauthorization Act provides that the Secretary of the Treasury, commencing in the calendar year beginning on January 1, 2016, shall require insurers participating in the Program to submit information regarding insurance coverage for terrorism losses in order to analyze the effectiveness of the Program. Section 111(h)(2) of the 2015 Reauthorization Act requires the Secretary to submit a report by June 30, 2016 to Committees of the House of Representatives and of the Senate on the overall effectiveness of the Program, among other things. Proposed rules addressing data collection are now pending OMB review. Treasury sought emergency clearance and review for the 2016 data collection only, as the normal public review and comment processes will not permit the collection of data under the proposed rules in time for Treasury to complete a June 30, 2016 Report to Congress. Treasury intends to make the initial request voluntary on the part of participating insurers. Each entity that meets the Act's definition of insurer

(based upon existing information, over 2000 individual firms, within approximately 800 separate insurance groups) must participate in the Program.

Type of Review: New collection.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 300.

Estimated Total Annual Burden Hours: 10,000.

Request for Comment: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. Comments may become a matter of public record. The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
