

for the establishment and maintenance of area wide management programs for Huanglongbing and its vector. The Expert Group also reviewed and integrated comments from country consultation on the template for identifying new and emerging quarantine pests as well as on its application to Citrus leprosis virus. It also revised the treatment protocols for TP 01 (2009), Thermoherapy, and TP 02 (2009), Shoot-tip micro-grafting.

3. Electronic Certification: The Electronic Certification Expert Group continued to provide input to the IPPC Steering Group, especially to help address mechanisms of exchange, security, and secure transmission of data and the standardization of data.

4. Forestry: The Forestry area consisted of four Expert Groups: The Forestry Systems Expert Group finalized a specification for a possible standard on the potential use of systems approaches to manage pest risks associated with the movement of wood, based on country comments. The ISPM 15 Expert Group began preparations for a multi-region conference on ISPM 15 implementation, following the recommendation that came out of the NAPPO-Asia Pacific Plant Protection Commission workshop. The Asian Gypsy Moth (AGM) Expert Group revised RSPM 33 (2009), "Guidelines for regulating the movement of ships and cargo from areas infested with the Asian gypsy moth." In November 2015, the AGM Expert Group also organized a training workshop for further development and implementation of an Asian gypsy moth program based on RSPM 33. Finally, the Lymantriids Expert Group continued on the development of a Science and Technology paper on the risks associated with Lymantriids of potential concern to the NAPPO region, identifying potential species and pathways of concern.

5. Fruit: The Fruit Expert Group working on trapping protocols for pests of fruit reviewed and integrated comments from country consultation on the Annex to RSPM 17 (2010), "Guidelines for development of, and efficacy verification for, lures and traps for arthropod pests of fruits." The document was approved and accepted as a new Surveillance Protocol (SP 02): Trapping Protocols for Pests of Fruit Entering into NAPPO Member Countries.

6. Grain: The Grain Expert Group reviewed and integrated comments from country consultation of RSPM 13 (2009), "Guidelines to establish, maintain and verify Karnal Bunt pest free areas in North America."

7. Phytosanitary Alert System: The Phytosanitary Alert System (PAS) Expert Group continued to manage the NAPPO pest reporting system and continued to review the unofficial pest alert product offered by the Phytosanitary Alert System.

8. Plants for Planting: An Expert Group on Plum Pox worked on the revision of RSPM 18 (2004), "Guidelines for phytosanitary action following detection of plum pox virus."

9. Potato: The Potato Expert Group was tasked with revising the pest list for RSPM 3 (2011), "Guidelines for movement of potatoes into a NAPPO member country." They were also asked to review RSPM 3 to align it with ISPM 33 (2010), "Pest free potato (*Solanum* spp.) micropropagative material and minitubers for international trade," and discuss any adjustments required by NAPPO member countries.

10. Seed: The Seed Expert Group discussed the development of annexes to RSPM 36 (2013), "Phytosanitary guidelines for the movement of seed into a NAPPO member country," to include treatments for seed borne and seed transmissible pests and to harmonize countries' import/export phytosanitary requirements. They also organized a workshop in July 2015 on needs assessment of regulatory support of the North American seed industry.

The PPQ Assistant Deputy Administrator, as the official U.S. delegate to NAPPO, participates in the adoption of these regional plant health standards, including the work described above, once they are completed and ready for such consideration.

The information in this notice contains all the information available to us on NAPPO standards under development or consideration. For updates on meeting times and for information on the expert groups that may become available following publication of this notice, go to the NAPPO Web site on the Internet at <http://www.nappo.org> or contact Ms. Patricia Abad (see **FOR FURTHER INFORMATION CONTACT** above). Information on official U.S. participation in NAPPO activities, including U.S. positions on standards being considered, may also be obtained from Ms. Abad. Those wishing to provide comments on any of the topics being addressed in the NAPPO work program may do so at any time by responding to this notice (see **ADDRESSES** above) or by transmitting comments through Ms. Abad.

Done in Washington, DC, this 7th day of March 2016.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

Submission for OMB Review; Comment Request

March 7, 2016.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; (4) ways to minimize the burden of the collection of

information on those who are to respond, including through the use of appropriate automated, electronic, mechanical or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by April 11, 2016 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW., Washington, DC 20503. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Agricultural Statistics Service

Title: Cold Storage.

OMB Control Number: 0535-0001.

Summary of Collection: The primary objective of the National Agricultural Statistics Service (NASS) is to prepare and issue State and national estimates of crop and livestock production, value and disposition. The monthly Cold Storage Survey provides information on national supplies of food in refrigerated storage facilities. A biennial survey of refrigerated warehouses is also conducted to provide a benchmark of the capacity available for refrigerated storage of the nation's food supply. The data will be collected under the authority of 7 U.S.C. 2204(a). This statute specifies "The Secretary of Agriculture shall procure and preserve all information concerning agriculture which he can obtain . . . by the collection of statistics . . . and shall distribute them among agriculturists."

Need and Use of the Information: USDA agencies such as the World Agricultural Outlook Board, Economic Research Service, and Agricultural Marketing Service use this information from the Cold Storage report in setting and administering government commodity programs and in supply and demand analysis. Included in the report are stocks of pork bellies, frozen orange

juice concentrate, butter, and cheese which are traded on the Chicago Board of Trade. The timing and frequency of the surveys have evolved to meet the needs of producers, facilities, agribusinesses, and government agencies.

Description of Respondents: Business or other for-profit.

Number of Respondents: 1,378.

Frequency of Responses: Reporting: Monthly; Biennially.

Total Burden Hours: 3,965.

Charlene Parker,

Departmental Information Collection Clearance Officer.
