We are soliciting public comments to permit the Department to:

- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.

*Abstract of proposed collection:* The primary purpose for soliciting this information is to validate an identity claim for a U.S. Passport Book or Passport Card in the narrow category of cases in which the evidence presented by an applicant is insufficient to establish identity. The information may also be used in adjudicating applications for other travel documents and services, and in connection with law enforcement, fraud prevention, border security, counterterrorism, litigation activities, and administrative purposes.

*Methodology:* The Supplemental Questionnaire to Determine Identity for a U.S. Passport is intended to verify the respondent's identity for purposes of determining eligibility for a U.S. passport. This form is used to supplement an existing passport application and solicits information relating to the respondent's employment and residences that is needed to corroborate an applicant's identity claim prior to passport issuance.

*Additional information:* The Privacy Act statement has been amended to clarify that an applicant's failure to provide his or her Social Security number may result in the denial of an application, consistent with Section 32101 of the Fixing America's Surface Transportation Act (Pub. L. 114-94) which authorizes the Department to deny U.S. passport applications when

the applicant failed to include his or her Social Security number.

Dated: March 4, 2016.

Norfolk Southern Railway Company (NSR), pursuant to a trackage rights agreement dated February 11, 2016, has agreed to grant Chicago Central & Pacific Railroad Company, Grand Trunk Western Railroad Company, Illinois Central Railroad Company, and Wisconsin Central Ltd. (collectively, CN Roads) overhead trackage rights in Chicago, Cook County, Ill., as follows: (1) Over NSR's portion of rail line known as the CREATE Western Avenue Corridor, between milepost UW 0.0 (CP 518) and milepost UW 5.3 (Ogden Junction), a distance of approximately 5.3 miles; and (2) over a portion of NSR's CREATE project WA7 track (when constructed), between Brighton Park and 21st Street, including that portion of track that connects to BNSF Railway Company's Chillicothe Subdivision.<sup>1</sup>
